(2) Any person in the service of the Minister who is designated by him for transfer to the Authority shall, on the date of such designation, be transferred to and become, as the case may be, an officer or servant of the Authority and all persons so transferred shall be members of the transferred staff and are in this Act referred to as transferred staff.

(3) (a) Subject to subsection (4), a member of the transferred staff shall not, while in the service of the Authority, receive less remuneration or be subject to less beneficial conditions of service than the remuneration to which he was entitled and the conditions of service to which he was subject in the service from which he has been transferred.

(b) Until such time as a staff scheme applicable to a particular member of the transferred staff and approved by the Minister under section 34 comes into operation, the conditions of service, restrictions, requirements and obligations to which the member was subject before his transfer to the service of the Authority shall continue to apply to him and may be exercised or imposed by the Board or the Director, as the case may be, while he is in the service of the Authority.

(4) The Board may, subject to section 34, redistribute or rearrange the duties to be performed by members of the transferred staff as appropriate to their grade or employment and every such member shall be bound to perform the duties allotted to him in any such redistribution or rearrangement, and no such redistribution or rearrangement shall be taken to be a removal from or abolition of office for the purpose of any scheme or enactment relating to superannuation or compensation for loss of office.

Superannuation of transferred staff.

66.—(1) A member of the transferred staff shall not, while in the service of the Authority, be subject to less favourable conditions in relation to the grant of superannuation allowances (whether by way of lump sum, pension, gratuity or compensation for loss of office) than the conditions which applied to him immediately before his transfer to the service of the Authority.

(2) (a) Every member of the transferred staff who, immediately before the commencement of section 65, was in the service of a committee of agriculture and was required to make contributions to the committee for the purpose of the Act of 1956 shall, until a superannuation scheme applicable to him and approved by the Minister under section 35 comes into operation, pay to the Authority the appropriate contributions under sections 23 and 43 of the Act of 1956, as he would have been liable to pay if he had continued to be an officer or servant of such committee.

(b) The arrangements for the payment to the Authority of contributions under this section shall be as required by sections 23 (2) and 43 (2) of the Act of 1956 and for the purpose of this section "the Authority" shall be substituted for "a local authority" in the said sections 23 (2) and 43 (2).

(c) Section 24 (2) (3) (4) (5) (6) (7) (which relates to the return by a local authority of contributions to pensionable officers) and section 44 (2) (3) (4) (5) (6) (7) (8) (which relates to the return of such contributions to pensionable servants) of the Act of 1956 shall have effect in relation

- to contributions paid to the Authority under this section as if the liabilities imposed on a local authority by those sections were liabilities of the Authority.
- (d) Where contributions are, by virtue of *paragraph (c)*, returned to a member of the transferred staff who, prior to his transfer to the Authority had made contributions for superannuation to a local authority or any other body under section 24 (1) or 44 (1) of the Act of 1956, the Authority shall also return to him or, as the case may be, to his legal personal representative, the total amount of such contributions, and the local authority and the other body (if any) concerned shall recoup to the Authority such sum as may be held by them in respect of the contributions made by the member.
- (e) Contributions returned to a member of the transferred staff under *paragraphs (c) and (d)* may be repaid to the Authority in accordance with such directions and subject to such conditions as the Minister, with the concurrence of the Minister for the Public Service, may specify.
- (3) Where an allowance to which *subsection (1)* relates falls due for payment to or in respect of a member of the transferred staff in the period between the commencement of *section 65* and the coming into operation of a scheme approved by the Minister under *section 35*, the allowance shall be calculated and paid by the Authority in accordance with such superannuation scheme, or such enactments in relation to superannuation, as applied to such member immediately before his transfer to the service of the Authority and, for that purpose, his pensionable service with the Authority shall be aggregated with his previous pensionable service.
- 67.—(1) Where an allowance to which *section 66* relates is paid under this Act to or in respect of any person and in determining the amount thereof any period of service which was not service with the Authority was reckoned, then, subject to *section 68*, a refund shall be made to the Authority in respect of such service—
- (a) in case it was service in the civil service (as defined in the Act of 1956), by the Minister for the Public Service, of such amount as he may determine, and
- (b) in case it was service under a committee of agriculture, by the council of the county which appointed that committee, of such amount as the Minister for the Public Service may determine, after consultation with the Authority and such council.
- (2) Payments made by the Minister for the Public Service under this section shall be made out of moneys provided by the Oireachtas.
- 68.—(1) Where, within the period between the commencement of *section 65* and the coming into operation of a scheme approved by the Minister under *section 35* which is applicable to the officer concerned, an allowance to which *section 66* relates falls for payment to a transferred officer who before his transfer was a pensionable officer of a committee of agriculture and to whom *section 13* of the Act of 1956 is applicable, the Board may decide to add a period of years to the officer's pensionable service as if the Authority were a local authority and, in that event, the allowance shall be calculated and paid by the Authority in relation to the officer's total pensionable service, including any addition thereto that may have been decided on under this subsection.

Refund of superannuation, etc., allowances.

Addition to pensionable service of transferred officers.

(2) Where, under *subsection (1)*, a period of years has been added to the pensionable service of a transferred officer and an allowance to which *section 66* relates is paid by the Authority to the officer, the council of the county which appointed the committee shall, notwithstanding *section 67*, refund to the Authority such proportion of the allowance attributable to the period of years so added as the officer's pensionable local service bears to his total pensionable service (excluding any period added under this section).

Complaints regarding conditions of service, etc.

69.—(1) Where, in the case of a member of the transferred staff to whom a scheme approved by the Minister under *sections 34* or *35* has not been applied, a complaint is made to the Minister either by the member, his legal personal representative or a recognised staff association or trade union acting on his behalf, that either his conditions of service are less beneficial, or the conditions in relation to the grant to him of superannuation allowances (whether by way of pension, lump sum, gratuity or compensation for loss of office), are less favourable than those which applied to him immediately before his transfer to the service of the Authority, the Minister shall arrange to have such complaint heard by a person appointed by him for that purpose. The person so appointed, having heard such representations as may be put forward by or on behalf of the complainant and any representations that may be made on behalf of the Board, shall report on the matter to the Minister.

(2) The Minister, having considered the report of the person appointed under *subsection (1)*, shall determine the complaint and the Minister's determination shall be final and unappealable.
