(4) Where a notice has been served under subsection (3), the Board shall take all such steps as are open to it to ensure that the matter is determined before the date specified in the notice.

(5) The Minister for the Environment, Heritage and Local Government, having consulted the Minister, may by regulations vary the period referred to in subsection (2)(a) either generally or in respect of a particular class or classes of applications for railway orders, where it appears to him or her to be necessary, by virtue of exceptional circumstances, to do so and, for so long as the regulations are in force, this section shall be construed and have effect in accordance therewith.

(6) Where the Minister for the Environment, Heritage and Local Government, having consulted with the Minister, considers it to be necessary or expedient that a certain class or classes of application for a railway order that are of special strategic, economic or social importance to the State be determined as expeditiously as is consistent with proper planning and sustainable development, he or she may give a direction to the Board that priority be given to the determination of applications of the class or classes concerned, and the Board shall comply with such a direction.

(7) The Board shall include in each report made under section 118 of the Planning and Development Act 2000 a statement of the number of matters which the Board has determined within a period referred to in paragraph (a) or (b) of subsection (2) and such other information as to the time taken to determine such matters as the Minister for the Environment, Heritage and Local Government may direct.
