(iii) which has not been registered under section 10 of the Act of 1996 before that commencement.

(4) No enduring power of attorney shall be created under the Act of 1996 from the commencement of this section and any instrument purporting to create such a power shall, to the extent that it so purports, be void.

Characteristics of enduring power

52. (1) A power of attorney is an enduring power of attorney within the meaning of this Part—

(a) if the instrument creating the power contains a statement by the donor to the effect that the donor intends the power to be effective at any subsequent time when the donor lacks or shortly may lack—

(i) capacity to look after his or her personal welfare,

(ii) capacity to manage his or her property and affairs, or

(iii) both capacity to look after his or her personal welfare and capacity to manage his or her property and affairs,

and

(b) the enduring power is in compliance with the provisions of this section and regulations made under this section.

(2) An enduring power of attorney created under this Part may relate to the donor’s personal welfare or property and affairs, or both, and the instrument creating the power may appoint one or more than one person to be an attorney as respects the donor’s personal welfare or property and affairs or specified matters in relation to his
or her personal welfare or property and affairs.

(3) The Minister shall make regulations as respects enduring powers of attorney, including—

(a) prescribing the form of an enduring power of attorney,

(d) the keeping of accounts by the attorney in relation to the management and disposal of the donor’s property,

(e) the remuneration (if any) to be paid to the attorney,

(f) the giving by the donor of notice of the execution of the power to specified persons or classes of persons,

(g) the attestation of the signatures of the donor and the attorney,

(h) specific provision for cases where more than one attorney is appointed,

(i) prescribing the form of an application under section 57(1) for the registration of an enduring power of attorney and the information to be included in the form, and

(j) prescribing the forms of notices required to be given in compliance with the provisions of Schedule 1 and the information to be included in such notices or a class of such notices.

(4) Regulations made under subsection (3) may include a requirement that the enduring power of attorney contain a statement—

(a) by the donor, that the donor has read the information as to the effect of creating the power of attorney or that such information has been read to the donor,

(b) by a legal practitioner (or a member of some other specified class of persons) that, after interviewing the donor and making any necessary enquiries, the legal practitioner (or such member)—

   (i) is satisfied that the donor understood the effect of creating the power, and

   (ii) has no reason to believe that the document is being executed by the donor as a result of fraud or undue pressure,

(c) by a registered medical practitioner, that in his or her opinion at the time the document was executed, the donor had the capacity, with the assistance of such explanations as may have been given to the donor, to understand the effect of creating the power, and

(d) by the attorney, that he or she understands and undertakes to act in accordance with the functions of an attorney, including—

   (i) the duty to act in accordance with the guiding principles,
(ii) the duty to act in the interests of the donor,

(iii) the duty to account fully for any of the property of the donor that comes into
the hands of the attorney or within the control of the attorney,

(iv) the requirements relating to the registration of the power, and

(v) the obligation to make reports to the Director in compliance with section 60(4).

(5) The donor of the enduring power may, in the instrument creating the power, appoint
one or more specified persons, being persons who are not disqualified, to act as
attorney if an attorney appointed by the power dies or is unable or declines to act, or
is disqualified from acting as an attorney.

(6) Subject to subsection (8), a power of attorney is not an enduring power of attorney
unless, when executing the instrument creating it, the attorney—

(a) is either—

(i) an individual who has attained the age of 18 years who—

(I) is not a person who has been convicted of an offence in relation to the
person or property of the donor or the person or property of a child of
the donor,

(II) is not a person against whom a safety or barring order has been made in
relation to the donor or a child of the donor,

within the meaning of Chapter 4 of Part 14 of the Act of 2014 by virtue
of that Chapter,

or

and

(b) is not the owner, or the registered provider, of a nursing home (whether or not it
is a nursing home registered under the Health Act 2007), a mental health facility,
or a residential facility for persons with disabilities, in which the donor resides,
or a person residing with, or an employee of or an agent of, such owner or
registered provider, as the case may be, unless the attorney is a spouse or civil
partner, parent, child or sibling of the donor.

(7) Subject to subsection (8), where subsequent to the appointment of an attorney for a
person under an enduring power of attorney—

(a) if the attorney is an individual—
(i) the attorney is convicted of an offence in relation to the person or property of the donor or the person or property of a child of the donor,

(ii) a safety or barring order is made against the attorney in relation to the donor or a child of the donor,

(iii) the attorney becomes an undischarged bankrupt or subject to a debt settlement arrangement or personal insolvency arrangement which is current or is convicted of an offence involving fraud or dishonesty,

(iv) the attorney becomes a person in respect of whom a declaration has been made under section 150 of the Act of 1990, or

(v) the attorney becomes a person who is the subject of a disqualification order by virtue of Part VII of the Act of 1990,

(b) if the attorney is a corporation, the attorney ceases to be a trust corporation (within the meaning of section 30 of the Act of 1965), or

the enduring power of attorney concerned is invalidated, to the extent that it relates to the appointment of that attorney, with effect from the day on which the attorney falls within any of paragraphs (a) to (c).

(8) Subsections (6)(a)(i)(III), (IV) and (V) and (7)(a)(iii), (iv) and (v) shall not apply to an enduring power of attorney which authorises, or to the extent that it authorises, an attorney for a relevant person to make relevant decisions on the personal welfare of the relevant person.

(9) A power of attorney which gives the attorney a right to appoint a substitute or successor is not an enduring power of attorney.

(10) An enduring power shall, unless it provides otherwise, be invalidated to the extent that it relates to an attorney who is the spouse of the donor and subsequently—

(a) the marriage is annulled or dissolved either—

(i) under the law of the State, or

(ii) under the law of another state and is, by reason of that annulment or dissolution, not or no longer a subsisting valid marriage under the law of the State,

(b) either a decree of judicial separation is granted to either spouse by a court in the State or any decree is so granted by a court outside the State and is recognised in the State as having like effect,

(c) a written agreement to separate is entered into between the spouses, or

(d) subject to section 2(2), the spouses separate and cease to cohabit for a continuous period of 12 months.

(13) (a) An enduring power which has been registered shall not cease to be in force on the exercise by the court of any of its powers under Part 5 in respect of the donor concerned.
(b) An enduring power which has not been registered shall be invalidated on the exercise by the court of any of its powers under section 35(2) in respect of the donor concerned.

(14) No disclaimer, whether by deed or otherwise, of an enduring power which has not been registered shall be valid until the attorney gives notice of it to the donor.

(15) The invalidation of all or part of an enduring power of attorney under subsection (7), (10), (11) or (12) shall not of itself affect a relevant decision made by the attorney concerned for the donor prior to the occurrence of the event which caused such invalidation.

CHAPTER 2

Scope of authority of enduring power and coming into operation of enduring power, etc.

Scope of authority of attorneys under enduring power — personal welfare decisions

53. (1) An enduring power may confer authority on an attorney for a donor to make any decisions about the donor’s personal welfare or specified matters concerning the donor’s personal welfare.

(2) A personal welfare decision—

(a) shall not extend to making decisions on healthcare in respect of a donor in circumstances other than those where the donor lacks or shortly may lack capacity, and
(b) extends to giving or refusing treatment by a person providing healthcare for the donor other than refusing life-sustaining treatment.

(3) Subject to subsection (4), the authority to make personal welfare decisions is subject to any conditions or restrictions contained in the instrument.

(4) An enduring power of attorney does not authorise an attorney for a donor to do an act that is intended to restrain the donor unless there are exceptional emergency circumstances and—
(a) the donor lacks capacity in relation to the matter in question or the attorney reasonably believes that the donor lacks such capacity,

(b) the attorney reasonably believes that it is necessary to do the act in order to prevent an imminent risk of serious harm to the donor or to another person, and

(c) the act is a proportionate response to the likelihood of the harm referred to in paragraph (b) and to the seriousness of such harm.

(5) For the purposes of this section, an attorney for a donor restrains the donor if he or she—

(a) uses, or indicates an intention to use, force to secure the doing of an act which the donor resists,

(b) intentionally restricts the donor’s liberty of voluntary movement or behaviour, whether or not the donor resists,

(c) administers a medication, which is not necessary for a medically identified condition, with the intention of controlling or modifying the relevant person’s behaviour or ensuring that he or she is compliant or not capable of resistance, or

(d) authorises another person to do any of the things referred to in paragraphs (a) to (c).

(6) An attorney for a donor who restrains the donor pursuant to this section shall cease the restraint immediately upon the restraint no longer being necessary in order to prevent an imminent risk of serious harm to the donor or to another person.

(7) Subsections (4) to (6) shall not be construed to prejudice the generality of section 69 of the Mental Health Act 2001 or of rules made under that section.

Scope of authority of attorneys under enduring power — property and affairs of donor

54. (1) An enduring power may confer general authority (as described in subsection (2)) on an attorney for a donor to act on the donor’s behalf in relation to all or a specified part of the property and affairs of the donor or may confer on the attorney general authority to do on the donor’s behalf specified things or make decisions on specified matters in relation to the donor’s property and affairs and the authority may, in either case, be conferred subject to conditions and restrictions.

(2) Where an instrument is expressed to confer general authority on an attorney for a donor, it operates to confer, subject to the restriction imposed by subsection (4) and to any conditions or restrictions contained in the instrument, authority to do on behalf of the donor anything which the donor can lawfully do by attorney.

(3) Subject to any conditions or restrictions contained in the instrument, an attorney for a donor under an enduring power, whether general or limited, may act under the power for the attorney’s benefit or that of other persons to the following extent but no further:

(a) may act in relation to himself or herself or in relation to any other person if the donor might be expected to provide for his or her or that person’s needs respectively; and

(b) may do whatever the donor might be expected to do to meet those needs.
(4) Without prejudice to subsection (3) but subject to any conditions or restrictions contained in the instrument, an attorney for a donor under an enduring power, whether general or limited, may, if specific provision to that effect is made in the instrument, dispose of the property of the donor by way of gift to the following extent but no further:

(a) gifts to other persons (including the attorney) who are related to or connected to the donor, and which gifts are—

(i) of a seasonal nature or made on customary occasions,

(ii) made to such other person on the occasion of the birth of a child to such other person,

(iii) made to such other person on the occasion of the marriage of such other person,

(iv) made to such other person on the occasion of the registration of a civil partnership in respect of which such other person is a civil partner, or

(v) made to such other person on the occasion of the anniversary of his or her birth, marriage or civil partnership;

and

(b) gifts to any charity to which the donor made or might reasonably be expected to make gifts,

provided that the value of the gift is reasonable having regard to all the circumstances and in particular the extent of the donor’s assets.

Coming into operation and survival of enduring power

55. (1) Subject to subsection (2) and section 57, where a person creates an enduring power of attorney, the power shall not come into operation until it has been registered.

(2) Where an attorney for a donor has made an application for registration of the instrument, then, until the application has been determined, the attorney may take action under the power—

(a) to maintain the donor or prevent loss to the donor’s assets,

(b) to the extent permitted by the enduring power and section 52, make a relevant decision on the personal welfare of the donor which cannot reasonably be deferred until the application has been determined, or

(c) to maintain the attorney or other persons in so far as that is permitted by section 54(3).

(3) Where an attorney for a donor purports to act pursuant to subsection (2), then, in favour of a person who deals with the attorney without knowledge that the attorney is acting otherwise than in accordance with that subsection, the transaction between them shall be as valid as if the attorney were acting in accordance with the enduring power and subsection (2).
Functions of High Court prior to registration

56. Where the High Court has reason to believe that the donor of an enduring power may lack or shortly may lack capacity and the High Court is of the opinion that it is necessary, before the instrument creating the enduring power is registered, to exercise any power which would become exercisable under section 61 on its registration, the High Court may, on application to it by any interested party, exercise that power under this section and may do so whether or not the attorney concerned for the donor has made an application to the Director for the registration of the instrument.

Application for registration

57. (1) Where an attorney for a donor under an enduring power (including an enduring power created under Part II of the Act of 1996 but not registered under section 10 of that Act before the commencement of section 51) has reason to believe that the donor lacks or shortly may lack capacity, the attorney shall, as soon as is practicable, make an application, in compliance with regulations made under section 52(3), to the Director for the registration of the instrument creating the enduring power.

(2) Before making the application the attorney shall comply with the provisions as to notice set out in Schedule 1.

(3) The attorney may, before making the application, apply to the High Court for its determination of any question as to the validity of the power.

(4) A certificate to the effect that the donor lacks or shortly may lack—

   (a) capacity to look after his or her personal welfare,

   (b) capacity to manage his or her property and affairs, or

   (c) both capacity to look after his or her personal welfare and capacity to manage his or her property and affairs,

and purporting to be signed by a registered medical practitioner (or other healthcare professional whom the High Court considers suitable to assess a person’s capacity) may be accepted as evidence of the matters contained in that certificate.

(5) A person who, in or in connection with an application for registration, makes a statement or gives a certificate which he or she knows to be false in a material particular commits an offence and shall be liable—

   (a) on summary conviction, to a class A fine or imprisonment for a term not exceeding 6 months, or both, and

   (b) on conviction on indictment, to a fine not exceeding €15,000 or imprisonment for a term not exceeding 2 years, or both.

Registration of enduring power

58. (1) On an application for registration being made in accordance with section 57, the
Director shall, unless subsection (2) applies, register the instrument to which the application relates.

(2) Where in the case of an application for registration of an enduring power—

(a) a valid notice of objection to the registration pursuant to subsection (3) from a person to whom the attorney has given notice pursuant to paragraph 2(1) of Schedule 1 is received by the Director before the expiry of the period of 5 weeks beginning on the day on which that notice was given,

(b) it appears from the application that there is no one to whom notice has been given under paragraph 2 of Schedule 1, or

(c) there is reason to believe that appropriate enquiries might disclose evidence on which the Director could be satisfied that one of the grounds of objection set out in subsection (3) was established,

the Director shall neither register the instrument nor refuse the application until he or she has made or caused to be made such enquiries (if any) as he or she thinks appropriate in the circumstances of the case.

(3) For the purposes of this Part, a notice of objection to the registration of an instrument is valid if the objection is made on one or more than one of the following grounds:

(a) that the power purported to have been created by the instrument was not valid;

(b) that the power created by the instrument is no longer a valid and subsisting power;

(c) that the donor does not lack or will not shortly lack capacity;

(d) that, having regard to all the circumstances, the attorney is unsuitable to be the donor’s attorney;

(e) that fraud or undue pressure was used to induce the donor to create the power.

(4) Subject to section 63, where the Director receives a valid objection under this section or is satisfied following the making of enquiries under subsection (2) that there are valid grounds for the making of an objection to the registration of the power, the Director shall apply to the High Court for a determination as to whether the instrument should be registered.

(5) The High Court, in determining an application under subsection (4), may direct that an instrument purporting to create an enduring power of attorney be registered as an enduring power of attorney notwithstanding that it is not in compliance with section 52 or regulations made under that section where the High Court is satisfied that—

(a) the donor intended the power to be effective during any period when the donor lacks capacity,

(b) that the power was not executed as a result of fraud or undue pressure,

(c) that the attorney is suitable to be the attorney of the donor, and

(d) that it is desirable in the interests of justice that the instrument be registered.
Effect and proof of registration

59. (1) The effect of the registration of an instrument is that—

(a) no revocation of the power by the donor shall be valid unless the High Court confirms the revocation under section 61(6),

(b) no disclaimer of the power shall be valid except on notice to the donor and with the consent of the High Court, and

(c) the donor may not extend or restrict the scope of the authority conferred by the instrument and no consent or instruction given by the donor after registration shall, in the case of a consent, confer any right and in the case of an instruction, impose or confer any obligation or right on or create any liability of the attorney or other persons having notice of the consent or instruction.

(2) Subsection (1) shall apply for so long as the instrument is registered whether or not the donor lacks capacity for the time being.

(3) On the registration of an enduring power, the Director shall supply an attested copy of the enduring power to the donor and any persons who were given notice under paragraph 2 of Schedule 1 of the application for registration.

(4) A document purporting to be a copy, attested by the Director, of an instrument that has been registered shall be evidence of the contents of the instrument and of the fact that it has been registered.

(5) Subsection (4) is without prejudice to any other method of proof authorised by law.

Register of enduring powers of attorney and reports following registration

60. (1) The Director shall establish and maintain a register of enduring powers of attorney that have been registered.

(2) Members of the public may inspect the register free of charge during normal office hours.

(3) The Director may issue an attested copy of a registered enduring power of attorney to a person who on application satisfies the Director that the applicant has a good and sufficient reason to be issued with such copy.

(4) (a) An attorney under an enduring power of attorney that has been registered shall at least once every 12 months prepare and submit to the Director a report as to the performance of his or her functions as such attorney.

(b) Every such report submitted to the Director shall be in such form as may be determined by rules of court and shall in particular include details of all expenses and remuneration paid or reimbursed to the attorney concerned for the donor concerned.
Chapter 4

Functions of High Court as respects enduring power of attorney and revocation of that power

Functions of court as respects registered enduring power of attorney

61. (1) Where an instrument has been registered, the High Court shall, on application to it by the donor, the attorney, the Director or any other interested party, have the functions specified in subsections (2) to (6).

(2) The High Court may—

(d) give any consent or authorisation to act which the attorney would have to obtain from a donor with capacity,

(f) where appropriate, relieve the attorney wholly or partly from any liability incurred or which may have been incurred on account of a breach of duty as an attorney.

(3) Where the High Court gives directions under subsection (2)(b), imposes a requirement under subsection (2)(c), gives consent or an authorisation under subsection (2)(d) or an authorisation under subsection (2)(e), it shall cause the Director to be notified of such directions, the imposition of such requirement, or the giving of such consent or authorisation, as the case may be, and the Director shall monitor the giving of effect by the attorney to such direction, requirement, or the terms of such consent or authorisation, as the case requires.

(4) (a) The High Court shall, on application for that purpose made to it, confirm the revocation of the power if satisfied that the donor has done whatever is necessary in law to effect an express revocation of the power and was capable of revoking the power of attorney at the time of the purported revocation.
(b) An application to which paragraph (a) refers shall be made on notice to the attorney.

(5) The High Court may direct the Director to cancel the registration of an instrument in any of the following circumstances:

(a) where the High Court confirms the revocation of the power under subsection (6) or consents to a disclaimer under section 59(1)(b);

(b) on being satisfied that the donor has, and is likely to continue to have, capacity;

(c) on being satisfied that the power has ceased to be in force by reason of the death or adjudication in bankruptcy of the donor or by virtue of—

(i) the death or lack of capacity of the attorney, or

(ii) section 52(7), (10), (11) or (12);

(d) on being satisfied that the power was not a valid and subsisting enduring power when registration was effected;

(e) on being satisfied that, having regard to all the circumstances, the attorney is unsuitable to be the attorney for the donor;

(f) on being satisfied that fraud or undue pressure was used to induce the donor to create the power;

(g) on being satisfied that there is any other good and sufficient reason to do so.

(6) Where the High Court directs the cancellation of the registration of an instrument pursuant to subsection (5)(e) or (f), it shall by order revoke the power created by the instrument.

(7) Where the High Court directs the cancellation of the registration of an instrument under subsection (5) (other than paragraph (b)), the instrument shall be delivered up to the Director to be cancelled unless the High Court otherwise directs.

Revocation of enduring power of attorney

62. (1) A revocation of a registered enduring power may be made by the donor at any time if the donor has capacity to do so.

(2) The Minister may by regulations make provision concerning the revocation of enduring powers of attorney, including—

(a) prescribing the form of the revocation of an enduring power,

(b) prescribing procedures and requirements relating to the execution of the revocation of an enduring power,

(c) prescribing information to be included in or annexed to the document purporting to effect the revocation in order to enable the person revoking the enduring power to have adequate information as to the effect of revoking the enduring power,

(d) the inclusion in the document of the following statements:

(i) a statement by the donor, that he or she has read the information referred to in paragraph (c) as to the effect of revoking the power or that such
information has been read to him or her;

(ii) a statement by a legal practitioner (or a member of another specified class of persons) that, after interviewing the donor and making any necessary enquiries, the legal practitioner (or such member)—

(I) is satisfied that the donor understood the effect of revoking the power, and

(II) has no reason to believe that the document is being executed by the donor as a result of fraud or undue pressure;

(iii) a statement by a registered medical practitioner (or other healthcare professional whom the High Court considers suitable to assess a person’s capacity) that, in his or her opinion at the time the revocation was executed by the donor, the donor had the capacity, with the assistance of such explanations as may have been given to the donor, to understand the effect of revoking the power,

(e) the attestation of the signature of the donor, and

(f) the giving by the donor to specified persons of notice of the execution of the revocation.

CHAPTER 5

Miscellaneous

Protection of attorney and third person where registered power invalid

63. (1) Subsections (2) and (3) shall apply where an instrument which did not create a valid enduring power has been registered, whether or not the registration has been cancelled at the time of the act or transaction in question.

(2) An attorney who acts pursuant to an enduring power which is not or no longer a valid power shall not thereby incur any liability (either to the donor or to any other person) unless at the time of acting the attorney knows—

(a) that the instrument did not create a valid enduring power,

(b) that an event has occurred which, if the instrument has created a valid enduring power, would have invalidated the power or caused it to cease to be in force, or

(c) that the registration of the instrument has been cancelled.

(3) Any transaction between the attorney and another person shall, in favour of that person, be as valid as if the power had then been in existence, unless at the time of the transaction that person has knowledge of any of the matters referred to in subsection (2).

(4) Where the interest of a purchaser depends on whether a transaction between the attorney and another person was valid by virtue of subsection (3), it shall be presumed in favour of the purchaser, unless the contrary is shown, that the transaction was valid if—

(a) the transaction between that person and the attorney was completed within 12
months of the date on which the instrument was registered, or
(b) that person makes a statutory declaration before or within 3 months after the completion of the purchase or transaction, that he or she had no reason at the time of the transaction to doubt that the attorney had authority to dispose of or deal in the property which was the subject of the transaction.

(5) For the purposes of section 18 of the Act of 1996 in its application to an enduring power, the revocation of which by the donor is, by virtue of section 59(1)(a), invalid unless and until confirmed by the High Court under section 61(6), the following applies:

(a) knowledge of the confirmation of the revocation by the High Court constitutes knowledge of the revocation of the power, and
(b) knowledge of the unconfirmed revocation does not constitute knowledge of the revocation of the power.

(6) In this section “purchaser” has the meaning assigned to it by section 18 of the Act of 1996.

Joint and several attorneys

64. (1) An instrument which appoints more than one person to be an attorney under an enduring power of attorney may specify—

(a) that the attorneys are appointed to act jointly, or
(b) that the attorneys are appointed to act jointly and severally,

and, in default of the power so specifying, the attorneys shall be deemed to have been appointed to act jointly.

(2) This Act, in its application to joint attorneys, applies to them collectively as it applies to a single attorney but subject to subsection (3) and Schedule 2.

(3) Where 2 or more persons are appointed (or are deemed to have been appointed) to act jointly as attorneys, then, in the case of the death, lack of capacity or disqualification of any one or more of them, the remaining attorney or attorneys may continue to act, whether solely or jointly, as the case may be, unless the instrument creating the enduring power expressly provides to the contrary.

(4) This Act, in its application to joint and several attorneys, applies with the modifications specified in subsections (5) to (8).

(5) A failure, as respects any other attorney, to act in accordance with the provisions of section 52 and regulations made thereunder shall prevent the instrument applying in that attorney’s case without affecting its efficacy as respects the other attorney or attorneys.

(6) Where one or more but not both or all the attorneys makes or joins in making an application for registration of the instrument—

(a) an attorney who is not an applicant as well as one who is may act in accordance with section 55(2) pending the determination of the application,
(b) notice of the application shall also be given under Schedule 1 to the other
(c) objection may validly be taken to the registration on a ground relating to the attorney who is not an applicant as well as to one who is an applicant.

(7) The Director shall not refuse to register an instrument because a ground of objection referred to in section 58(3) to an attorney or a power referred to in the instrument is established if the objection referred to in that section is not made or established as respects another attorney appointed under the instrument, but shall register the instrument and make an application to the High Court under section 58(4) in respect of the objection as if the words “the registration of the instrument should be cancelled under section 61(5)” were substituted for the words “the instrument should be registered” appearing in section 58(4).

(8) The High Court shall not direct the cancellation of the registration of an instrument pursuant to section 61(5)(c), (e) or (f) where those provisions do not apply to another attorney or attorneys and, in such case, the Director shall alter the registration in accordance with the order of the High Court.

Purpose of this Part

66. (1) The purpose of this Part is to—

(a) enable persons to be treated according to their will and preferences, and

(b) provide healthcare professionals with information about persons in relation to their treatment choices.

(2) A relevant person who has attained the age of 18 years and who has capacity is entitled to refuse treatment for any reason (including a reason based on his or her religious beliefs) notwithstanding that the refusal—

(a) appears to be an unwise decision,

(b) appears not to be based on sound medical principles, or

(c) may result in his or her death.

Making of advance healthcare directives, etc.

67. (1) A person who has attained the age of 18 years and who has capacity may make an advance healthcare directive.

(2) A refusal of treatment set out in an advance healthcare directive shall be complied with if the following 3 conditions are met:

(a) at the time in question the directive-maker lacks capacity to give consent to the treatment;

(b) the treatment to be refused is clearly identified in the directive;

(c) the circumstances in which the refusal of treatment is intended to apply are clearly identified in the directive.

(3) (a) A request for a specific treatment set out in an advance healthcare directive is not legally binding but shall be taken into consideration during any decision-making process which relates to treatment for the directive-maker if that specific
treatment is relevant to the medical condition for which the directive-maker may require treatment.

(b) Where a request for a specific treatment set out in an advance healthcare directive is not complied with in a decision-making process referred to in paragraph (a), the healthcare professional concerned, involved in that decision-making process, shall—

(i) record the reasons for not complying with the request in the directive-maker’s healthcare record, and

(ii) give a copy of those reasons as so recorded to the person’s designated healthcare representative (if any) as soon as is practicable after they have been recorded but, in any case, not later than 7 working days after they have been recorded.

(4) An advance healthcare directive shall be in writing.

(5) (a) An advance healthcare directive shall contain the following:

(i) the name, date of birth and contact details of the directive-maker;

(ii) subject to paragraph (b), the signature of the directive-maker, and the date that the directive-maker signed the directive;

(iii) the name, date of birth and contact details of the designated healthcare representative (if any);

(iv) the signature of the designated healthcare representative (if any) and the date that the representative signed the directive;

(v) the signatures of the 2 witnesses in accordance with subsection (6).

(b) An advance healthcare directive may be signed on behalf of the directive-maker by a person who has attained the age of 18 years and who is not one of the witnesses referred to in subsection (6)(a) if—

(i) the directive-maker is unable to sign the directive,

(ii) the directive-maker is present and directs that the directive be signed on his or her behalf by that person, and

(iii) the signature of the person is witnessed in accordance with subsection (6).

(6) (a) The directive-maker, or the person signing on his or her behalf in accordance with subsection (5), and the designated healthcare representative (if any) shall sign the advance healthcare directive in the presence of each other (where applicable) and in the presence of 2 witnesses—

(i) each of whom has attained the age of 18 years, and

(ii) of whom at least one is not an immediate family member of the directive-maker.

(b) Each of the witnesses referred to in paragraph (a) shall witness the signature of the directive-maker (or the person signing on his or her behalf) and the signature of the designated healthcare representative (if any) by applying his or her own signature to the advance healthcare directive.
A directive-maker who has capacity may revoke his or her advance healthcare directive in writing.

Subject to paragraph (c), a directive-maker who has capacity may, in writing, alter his or her advance healthcare directive.

An alteration referred to in paragraph (b) of an advance healthcare directive is of no effect unless it is signed and witnessed in accordance with subsections (5) and (6) as if the alteration itself were an advance healthcare directive.

An advance healthcare directive made outside the State but which substantially complies with the requirements of this Part applicable to an advance healthcare directive shall have the same force and effect in the State as if it were made in the State.

The Minister may, for the guidance of persons wishing to make advance healthcare directives, specify forms of such directives, not inconsistent with this Part, that such persons may use or adapt in making their respective advance healthcare directives.

The Minister’s power under subsection (9) may be exercised in such a way as to specify forms of advance healthcare directives to provide for particular circumstances or particular cases, as the Minister thinks appropriate.

The Minister may publish any forms of advance healthcare directives that he or she has specified under subsection (9) in such manner that he or she thinks appropriate, including by the use of a website on the internet.

The Minister may make regulations as respects advance healthcare directives, including regulations relating to—

(a) requiring the directive-maker to give notice of the making of an advance healthcare directive—

(i) to the Director, and

(ii) to other specified persons, and whether or not by reference to persons who, under this Act, are required to be notified of an application made under this Act,

and

(b) requiring the Director to establish and maintain a register of advance healthcare directives so notified to him or her.

In this section, “immediate family member” means—

(a) a spouse, civil partner, or cohabitant,
(b) a child, step-child, son-in-law or daughter-in-law,
(c) a parent, step-parent, mother-in-law or father-in-law,
(d) a brother, sister, step-brother, step-sister, brother-in-law or sister-in-law,
(e) a grandparent or grandchild,
(f) an aunt or uncle, or
(g) a nephew or niece of the relevant person.
Validity and applicability of advance healthcare directive

68. (1) An advance healthcare directive is not valid if the directive-maker—

(a) did not make the directive voluntarily, or

(b) while he or she had capacity to do so, has done anything clearly inconsistent with the relevant decisions outlined in the directive.

(2) An advance healthcare directive is not applicable if—

(a) at the time in question the directive-maker still has capacity to give or refuse consent to the treatment in question,

(b) the treatment in question is not materially the same as the specific treatment set out in the directive that is requested or refused, or

(c) at the time in question the circumstances set out in the directive as to when the specific treatment is to be requested or refused, as the case may be, are absent or not materially the same.

(3) An advance healthcare directive is not applicable to life-sustaining treatment unless this is substantiated by a statement in the directive by the directive-maker to the effect that the directive is to apply to that treatment even if his or her life is at risk.

(4) (a) An advance healthcare directive is not applicable to the administration of basic care to the directive-maker.

(b) In paragraph (a) “basic care” includes (but is not limited to) warmth, shelter, oral nutrition, oral hydration and hygiene measures but does not include artificial nutrition or artificial hydration.

(5) Where an ambiguity arises as to the validity or applicability of an advance healthcare directive—

(a) the healthcare professional concerned shall, in an effort to resolve the ambiguity—

(i) consult with the directive-maker’s designated healthcare representative (if any) or, if there is no designated healthcare representative, the directive-maker’s family and friends, and

(ii) seek the opinion of a second healthcare professional,

and

(b) if, after the healthcare professional has complied with paragraph (a), the ambiguity still has not been resolved, the healthcare professional shall resolve the ambiguity in favour of the preservation of the directive-maker’s life.

(6) (a) Where a directive-maker lacks capacity and is pregnant, but her advance healthcare directive does not specifically state whether or not she intended a specific refusal of treatment set out in the directive to apply if she were pregnant, and it is considered by the healthcare professional concerned that complying with the refusal of treatment would have a deleterious effect on the unborn, there shall be a presumption that treatment shall be provided or continued.

(b) Where a directive-maker lacks capacity and is pregnant and her advance
healthcare directive sets out a specific refusal of treatment that is to apply even if
she were pregnant, and it is considered by the healthcare professional concerned
that the refusal of treatment would have a deleterious effect on the unborn, an
application shall be made to the High Court to determine whether or not the
refusal of treatment should apply.

(c) In determining an application under paragraph (b), the High Court shall have
regard to the following:

(i) the potential impact of the refusal of treatment on the unborn;

(ii) if the treatment that is refused were given to the directive-maker, the
invasiveness and duration of the treatment and the risk of harm to the
directive-maker;

(iii) any other matter which the High Court considers relevant to the application.

(7) (a) Subject to subsections (1) to (6) and paragraph (b), an advance healthcare
directive shall be complied with unless, at the time when it is proposed to treat
the directive-maker, his or her treatment is regulated by Part 4 of the Mental
Health Act 2001 or he or she is the subject of a conditional discharge order under
section 13A (inserted by section 8 of the Criminal Law (Insanity) Act 2010) of
the Criminal Law (Insanity) Act 2006.

(b) Notwithstanding paragraph (a), where a refusal of treatment set out in an
advance healthcare directive by a directive-maker relates to the treatment of a
physical illness not related to the amelioration of a mental disorder of the
directive-maker, the refusal shall be complied with.

Effect of advance healthcare directive

69. (1) A specific refusal of treatment set out in an advance healthcare directive is as
effective as if made contemporaneously by the directive-maker when he or she had
capacity to make that decision.

(2) (a) Nothing in this Part shall be construed as imposing any civil or criminal liability
on a healthcare professional who has complied, or purportedly complied, with a
specific refusal of treatment set out in an advance healthcare directive and who,
at the time in question, had reasonable grounds to believe, and did believe, that
the refusal was valid and applicable.

(b) Nothing in this Part shall be construed as imposing any civil or criminal liability
on a healthcare professional who has not complied with a specific refusal of
treatment set out in an advance healthcare directive who, at the time in question,
had reasonable grounds to believe, and did believe, that the refusal was not valid
or applicable, or both.

(3) Nothing in this Part shall be construed as imposing any civil or criminal liability on a
healthcare professional who has, at the time in question, not acted in compliance with
an advance healthcare directive if—

(a) he or she had, at that time, no grounds to believe that the directive existed, or

(b) if he or she had, at that time, grounds to believe that the directive existed but—
(i) had no immediate access to the directive or its contents, and
(ii) the urgency of the medical condition of the directive-maker was such that the healthcare professional could not reasonably delay taking appropriate medical action until he or she did have such access.

(4) Nothing in this Part shall be construed as affecting any civil or criminal liability of a person that might otherwise arise under the common law or an enactment (other than this Act) as a result of a failure to comply with a valid and applicable advance healthcare directive.

(5) Nothing in this Part shall to be taken to affect—

(a) the law relating to murder or manslaughter, or
(b) the operation of section 2 of the Criminal Law (Suicide) Act 1993.

Designated healthcare representative

70. (1) (a) Subject to subsection (2), a directive-maker may designate, in his or her advance healthcare directive, a named individual to exercise the relevant powers.

(b) If the designated individual agrees to exercise the relevant powers, he or she shall sign the advance healthcare directive to confirm his or her willingness to do so in accordance with the known will and preferences of the directive-maker as determined by reference to the directive.

(2) Subject to subsection (3), an individual shall not be designated in an advance healthcare directive to exercise the relevant powers if—

(a) the individual has not attained the age of 18 years,
(b) the individual has been convicted of an offence in relation to the person or property of the directive-maker or the person or property of a child of the directive-maker,
(c) a safety or barring order has been made against the individual in relation to the directive-maker or a child of the directive-maker,
(d) the individual is the owner, or the registered provider, of a nursing home (whether or not it is a nursing home registered under the Health Act 2007), a mental health facility, or a residential facility for persons with disabilities, in which the directive-maker resides, or a person residing with, or an employee or agent of, such owner or registered provider, as the case may be, unless the individual is a spouse, civil partner, cohabitant, parent, child or sibling of the directive-maker, or
(e) the individual provides personal care or healthcare services to the directive-maker for compensation unless the individual is—

(i) a spouse, civil partner, cohabitant, parent, child or sibling of the directive-maker, or
(ii) the primary carer of the directive-maker.

(3) Where, subsequent to the designation in an advance healthcare directive of an individual to exercise the relevant powers—
(a) the individual is convicted of an offence in relation to the person or property of the directive-maker or the person or property of a child of the directive-maker,

(b) a safety or barring order is made against the individual in relation to the directive-maker or a child of the directive-maker,

(c) the individual becomes the owner, or the registered provider, of a nursing home (whether or not it is a nursing home registered under the Health Act 2007), a mental health facility, or residential facility for persons with disabilities, in which the directive-maker resides, or a person residing with, or an employee or agent of, such owner or registered provider, as the case may be, where the individual is not a spouse, civil partner, cohabitant, parent, child or sibling of the directive-maker, or

(d) the individual provides personal care or healthcare services to the directive-maker for compensation where the individual is not—

(i) a spouse, civil partner, cohabitant, parent, child or sibling of the directive-maker, or

(ii) the primary carer of the directive-maker,

the directive shall be invalidated, to the extent that it relates to that individual exercising the relevant powers, with effect from the day on which the individual falls within any of paragraphs (a) to (d).

(4) A designated healthcare representative acts as the agent of the directive-maker when he or she exercises the relevant powers.

(5) An advance healthcare directive shall, unless it provides otherwise, be invalidated to the extent that it relates to a designated healthcare representative who is the spouse of the directive-maker and subsequently—

(a) the marriage is annulled or dissolved either—

(i) under the law of the State, or

(ii) under the law of another state and is, by reason of that annulment or dissolution, not or no longer a subsisting valid marriage under the law of the State,

(b) either a decree of judicial separation is granted to either spouse by a court in the State or any decree is so granted by a court outside the State and is recognised in the State as having like effect,

(c) a written agreement to separate is entered into between the spouses, or

(d) subject to section 2(2), the spouses separate and cease to cohabit for a continuous period of 12 months.

(6) An advance healthcare directive shall, unless it provides otherwise, be invalidated to the extent that it relates to a designated healthcare representative who is the civil partner of the directive-maker and subsequently—

(a) the civil partnership is dissolved,

(b) a written agreement to separate is entered into between the civil partners, or
subject to section 2(2), the civil partners separate and cease to cohabit for a continuous period of 12 months.

(7) Subject to section 2(2), an advance healthcare directive shall, unless it provides otherwise, be invalidated to the extent that it relates to a designated healthcare representative who is the cohabitant of the directive-maker and subsequently the cohabitants separate and cease to cohabit for a continuous period of 12 months.

(8) The invalidation of part of an advance healthcare directive under subsections (3), (5), (6) or (7) shall not of itself affect a relevant decision made prior to the occurrence of the event which caused such invalidation.

Functions and scope of authority of designated healthcare representatives

71. (1) (a) A designated healthcare representative has, by virtue of this paragraph, the power to ensure that the terms of the advance healthcare directive are complied with.

(b) A directive-maker may, in his or her advance healthcare directive, confer on his or her designated healthcare representative one or both of the following powers:

(i) the power to advise and interpret what the directive-maker’s will and preferences are regarding treatment as determined by the representative by reference to the relevant advance healthcare directive;

(ii) the power to consent to or refuse treatment, up to and including life-sustaining treatment, based on the known will and preferences of the directive-maker as determined by the representative by reference to the relevant advance healthcare directive.

(2) Nothing in this Part shall be construed as imposing any civil or criminal liability on a designated healthcare representative who, in exercising his or her relevant powers, acted in good faith and in accordance with what, at the time in question, he or she reasonably believed to be the will and preferences of the relevant directive-maker by reference to the relevant advance healthcare directive.

(3) A designated healthcare representative shall—

(a) as soon as is practicable after making a relevant decision but, in any case, not later than 7 working days after making the decision, make and keep a record in writing of the decision, and

(b) produce that record for inspection at the request of—

(i) the directive-maker if he or she has regained capacity, or

(ii) the Director.

(4) (a) The Director shall receive and consider complaints and allegations in relation to the way in which a designated healthcare representative is exercising his or her relevant powers.

(b) The Director shall review any complaint referred to in paragraph (a) and, if satisfied that the complaint has substance, shall conduct an investigation into the matter.

(c) The Director may, following the completion of an investigation under paragraph
(b), decide to, as appropriate—

(i) take no further action, or

(ii) make an application to the court.

(5) The court may determine an application under subsection (4)(c) by—

(a) if it is satisfied that the designated healthcare representative has behaved, is behaving or is proposing to behave in a manner outside the scope of his or her relevant powers, making an order invalidating the advance healthcare directive to the extent that it relates to the representative exercising those powers with effect from the date, or the occurrence of the event, specified in the order for the purpose, or

(b) if it is not so satisfied, declining to make any such order.

(6) (a) A designated healthcare representative may only exercise the relevant powers when and for so long as the directive-maker lacks capacity.

(b) A designated healthcare representative shall not delegate any of the relevant powers and, accordingly, any instrument purporting to effect such a delegation is void.

(7) A directive-maker may designate, in his or her advance healthcare directive, a named individual to be the directive-maker’s alternate designated healthcare representative if the original designated healthcare representative dies, or is unable (whether by reason of lack of capacity or otherwise) or declines to act, provided that the named individual is qualified to act as such under section 70 at the time concerned, and, accordingly, the other provisions of this Part shall, with all necessary modifications, be construed to take account of any such advance healthcare directive.

Role of courts

72. (1) On an application (being an application that does not involve considerations relating to life-sustaining treatment) made to it by any interested party, the court may make a declaration as to whether—

(a) an advance healthcare directive is valid,

(b) an advance healthcare directive is applicable, or

(c) a designated healthcare representative is acting in accordance with the relevant powers.

(2) On an application (being an application that involves considerations relating to life-sustaining treatment) made to it by any interested party, the High Court may make a declaration as to whether—

(a) an advance healthcare directive is valid,

(b) an advance healthcare directive is applicable, or

(c) a designated healthcare representative is acting in accordance with the relevant powers.

(3) Whilst awaiting a decision of the High Court relating to an application under
subsection (2), nothing in the advance healthcare directive concerned shall be construed to prevent a person from—

(a) providing life-sustaining treatment to the directive-maker, or

(b) doing any act which he or she reasonably believes to be necessary to prevent—

(i) a serious deterioration in the health of the directive-maker, or

(ii) if the directive-maker is a pregnant woman, a deleterious effect on the unborn.

Offences in relation to advance healthcare directives
73. (1) A person who uses fraud, coercion or undue influence to force another person to make, alter or revoke an advance healthcare directive shall be guilty of an offence and shall be liable—

(a) on summary conviction, to a class A fine or imprisonment for a term not exceeding 12 months, or both, or

(b) on conviction on indictment, to a fine not exceeding €50,000 or imprisonment for a term not exceeding 5 years, or both.

(2) A person who knowingly creates, falsifies or alters, or purports to revoke, an advance healthcare directive on behalf of another person without that other person’s consent in writing when the other person has the capacity to do so shall be guilty of an offence and shall be liable—

(a) on summary conviction, to a class A fine or imprisonment for a term not exceeding 12 months, or both, or

(b) on conviction on indictment, to a fine not exceeding €50,000 or imprisonment for a term not exceeding 5 years, or both.

(3) The reference in subsection (1) to coercion or undue influence includes any case where a person’s access to, or continued stay in, a nursing home (whether or not it is a nursing home registered under the Health Act 2007), a mental health facility, or a residential facility for persons with disabilities, is contingent (whether in whole or in part) on the person having to, or being led to believe that he or she has to, make, alter or revoke an advance healthcare directive.

(1) In exercising their jurisdiction under the provisions of Chapter II, the authorities of the Contracting States shall apply their own law.

(2) However, in so far as the protection of the person or the property of the adult requires, they may exceptionally apply or take into consideration the law of another State with which the situation has a substantial connection.

Article 14

Where a measure taken in one Contracting State is implemented in another Contracting State, the conditions of its implementation are governed by the law of that other State.
Article 15

(1) The existence, extent, modification and extinction of powers of representation granted by an adult, either under an agreement or by a unilateral act, to be exercised when such adult is not in a position to protect his or her interests, are governed by the law of the State of the adult’s habitual residence at the time of the agreement or act, unless one of the laws mentioned in paragraph 2 has been designated expressly in writing.

(2) The States whose laws may be designated are—
   a) a State of which the adult is a national;
   b) the State of a former habitual residence of the adult;
   c) a State in which property of the adult is located, with respect to that property.

(3) The manner of exercise of such powers of representation is governed by the law of the State in which they are exercised.

Article 16

Where powers of representation referred to in Article 15 are not exercised in a manner sufficient to guarantee the protection of the person or property of the adult, they may be withdrawn or modified by measures taken by an authority having jurisdiction under the Convention. Where such powers of representation are withdrawn or modified, the law referred to in Article 15 should be taken into consideration to the extent possible.

Article 17

(1) The validity of a transaction entered into between a third party and another person who would be entitled to act as the adult’s representative under the law of the State where the transaction was concluded cannot be contested, and the third party cannot be held liable, on the sole ground that the other person was not entitled to act as the adult’s representative under the law designated by the provisions of this Chapter, unless the third party knew or should have known that such capacity was governed by the latter law.

(2) The preceding paragraph applies only if the transaction was entered into between persons present on the territory of the same State.

Article 18

The provisions of this Chapter apply even if the law designated by them is the law of a non-Contracting State.

Article 19

In this Chapter the term ‘law’ means the law in force in a State other than its choice of law rules.

Article 20

This Chapter does not prevent the application of those provisions of the law of the State in which the adult is to be protected where the application of such provisions is mandatory whatever law would otherwise be applicable.
The application of the law designated by the provisions of this Chapter can be refused only if this application would be manifestly contrary to public policy.

CHAPTER IV — RECOGNITION AND ENFORCEMENT

Article 22

(1) The measures taken by the authorities of a Contracting State shall be recognised by operation of law in all other Contracting States.

(2) Recognition may however be refused—

a) if the measure was taken by an authority whose jurisdiction was not based on, or was not in accordance with, one of the grounds provided for by the provisions of Chapter II;

b) if the measure was taken, except in a case of urgency, in the context of a judicial or administrative proceeding, without the adult having been provided the opportunity to be heard, in violation of fundamental principles of procedure of the requested State;

c) if such recognition is manifestly contrary to public policy of the requested State, or conflicts with a provision of the law of that State which is mandatory whatever law would otherwise be applicable;

d) if the measure is incompatible with a later measure taken in a non-Contracting State which would have had jurisdiction under Articles 5 to 9, where this later measure fulfils the requirements for recognition in the requested State;

e) if the procedure provided in Article 33 has not been complied with.

Article 23

Without prejudice to Article 22, paragraph 1, any interested person may request from the competent authorities of a Contracting State that they decide on the recognition or non-recognition of a measure taken in another Contracting State. The procedure is governed by the law of the requested State.

Article 24

The authority of the requested State is bound by the findings of fact on which the authority of the State where the measure was taken based its jurisdiction.

Article 25

(1) If measures taken in one Contracting State and enforceable there require enforcement in another Contracting State, they shall, upon request by an interested party, be declared enforceable or registered for the purpose of enforcement in that other State according to the procedure provided in the law of the latter State.

(2) Each Contracting State shall apply to the declaration of enforceability or registration a simple and rapid procedure.

(3) The declaration of enforceability or registration may be refused only for one of the reasons set out in Article 22, paragraph 2.

Article 26
Without prejudice to such review as is necessary in the application of the preceding Articles, there shall be no review of the merits of the measure taken.

Article 27

Measures taken in one Contracting State and declared enforceable, or registered for the purpose of enforcement, in another Contracting State shall be enforced in the latter State as if they had been taken by the authorities of that State. Enforcement takes place in accordance with the law of the requested State to the extent provided by such law.

CHAPTER V — CO-OPERATION

Article 28

(1) A Contracting State shall designate a Central Authority to discharge the duties which are imposed by the Convention on such authorities.

(2) Federal States, States with more than one system of law or States having autonomous territorial units shall be free to appoint more than one Central Authority and to specify the territorial or personal extent of their functions. Where a State has appointed more than one Central Authority, it shall designate the Central Authority to which any communication may be addressed for transmission to the appropriate Central Authority within that State.

Article 29

(1) Central Authorities shall co-operate with each other and promote co-operation amongst the competent authorities in their States to achieve the purposes of the Convention.

(2) They shall, in connection with the application of the Convention, take appropriate steps to provide information as to the laws of, and services available in, their States relating to the protection of adults.

Article 30

The Central Authority of a Contracting State, either directly or through public authorities or other bodies, shall take all appropriate steps to—

a) facilitate communications, by every means, between the competent authorities in situations to which the Convention applies;

b) provide, on the request of a competent authority of another Contracting State, assistance in discovering the whereabouts of an adult where it appears that the adult may be present and in need of protection within the territory of the requested State.

Article 31

The competent authorities of a Contracting State may encourage, either directly or through other bodies, the use of mediation, conciliation or similar means to achieve agreed solutions for the protection of the person or property of the adult in situations to which the Convention applies.

Article 32

(1) Where a measure of protection is contemplated, the competent authorities under the Convention, if the situation of the adult so requires, may request any authority
of another Contracting State which has information relevant to the protection of the adult to communicate such information.

(2) A Contracting State may declare that requests under paragraph 1 shall be communicated to its authorities only through its Central Authority.

(3) The competent authorities of a Contracting State may request the authorities of another Contracting State to assist in the implementation of measures of protection taken under this Convention.

Article 33

(1) If an authority having jurisdiction under Articles 5 to 8 contemplates the placement of the adult in an establishment or other place where protection can be provided, and if such placement is to take place in another Contracting State, it shall first consult with the Central Authority or other competent authority of the latter State. To that effect it shall transmit a report on the adult together with the reasons for the proposed placement.

(2) The decision on the placement may not be made in the requesting State if the Central Authority or other competent authority of the requested State indicates its opposition within a reasonable time.

Article 34

In any case where the adult is exposed to a serious danger, the competent authorities of the Contracting State where measures for the protection of the adult have been taken or are under consideration, if they are informed that the adult’s residence has changed to, or that the adult is present in, another State, shall inform the authorities of that other State about the danger involved and the measures taken or under consideration.

Article 35

An authority shall not request or transmit any information under this Chapter if to do so would, in its opinion, be likely to place the adult’s person or property in danger, or constitute a serious threat to the liberty or life of a member of the adult’s family.

Article 36

(1) Without prejudice to the possibility of imposing reasonable charges for the provision of services, Central Authorities and other public authorities of Contracting States shall bear their own costs in applying the provisions of this Chapter.

(2) Any Contracting State may enter into agreements with one or more other Contracting States concerning the allocation of charges.

Article 37

Any Contracting State may enter into agreements with one or more other Contracting States with a view to improving the application of this Chapter in their mutual relations. The States which have concluded such an agreement shall transmit a copy to the depositary of the Convention.

CHAPTER VI — GENERAL PROVISIONS

Article 38
The authorities of the Contracting State where a measure of protection has been taken or a power of representation confirmed may deliver to the person entrusted with protection of the adult’s person or property, on request, a certificate indicating the capacity in which that person is entitled to act and the powers conferred.

The capacity and powers indicated in the certificate are presumed to be vested in that person as of the date of the certificate, in the absence of proof to the contrary.

Each Contracting State shall designate the authorities competent to draw up the certificate.

Article 39

Personal data gathered or transmitted under the Convention shall be used only for the purposes for which they were gathered or transmitted.

Article 40

The authorities to whom information is transmitted shall ensure its confidentiality, in accordance with the law of their State.

Article 41

All documents forwarded or delivered under this Convention shall be exempt from legalisation or any analogous formality.

Article 42

Each Contracting State may designate the authorities to which requests under Article 8 and Article 33 are to be addressed.

Article 43

(1) The designations referred to in Article 28 and Article 42 shall be communicated to the Permanent Bureau of the Hague Conference on Private International Law not later than the date of the deposit of the instrument of ratification, acceptance or approval of the Convention or of accession thereto. Any modifications thereof shall also be communicated to the Permanent Bureau.

(2) The declaration referred to in Article 32, paragraph 2, shall be made to the depositary of the Convention.

Article 44

A Contracting State in which different systems of law or sets of rules of law apply to the protection of the person or property of the adult shall not be bound to apply the rules of the Convention to conflicts solely between such different systems or sets of rules of law.

Article 45

In relation to a State in which two or more systems of law or sets of rules of law with regard to any matter dealt with in this Convention apply in different territorial units—

a) any reference to habitual residence in that State shall be construed as referring to habitual residence in a territorial unit;

b) any reference to the presence of the adult in that State shall be construed as referring to presence in a territorial unit;
c) any reference to the location of property of the adult in that State shall be construed as referring to location of property of the adult in a territorial unit;

d) any reference to the State of which the adult is a national shall be construed as referring to the territorial unit designated by the law of that State or, in the absence of relevant rules, to the territorial unit with which the adult has the closest connection;

e) any reference to the State whose authorities have been chosen by the adult shall be construed
   —as referring to the territorial unit if the adult has chosen the authorities of this territorial unit;
   —as referring to the territorial unit with which the adult has the closest connection if the adult has chosen the authorities of the State without specifying a particular territorial unit within the State;

f) any reference to the law of a State with which the situation has a substantial connection shall be construed as referring to the law of a territorial unit with which the situation has a substantial connection;

g) any reference to the law or procedure or authority of the State in which a measure has been taken shall be construed as referring to the law or procedure in force in such territorial unit or authority of the territorial unit in which such measure was taken;

h) any reference to the law or procedure or authority of the requested State shall be construed as referring to the law or procedure in force in such territorial unit or authority of the territorial unit in which recognition or enforcement is sought;

i) any reference to the State where a measure of protection is to be implemented shall be construed as referring to the territorial unit where the measure is to be implemented;

j) any reference to bodies or authorities of that State, other than Central Authorities, shall be construed as referring to those authorised to act in the relevant territorial unit.

Article 46

For the purpose of identifying the applicable law under Chapter III, in relation to a State which comprises two or more territorial units each of which has its own system of law or set of rules of law in respect of matters covered by this Convention, the following rules apply—

a) if there are rules in force in such a State identifying which territorial unit’s law is applicable, the law of that unit applies;

b) in the absence of such rules, the law of the relevant territorial unit as defined in Article 45 applies.

Article 47

For the purpose of identifying the applicable law under Chapter III, in relation to a State which has two or more systems of law or sets of rules of law applicable to
different categories of persons in respect of matters covered by this Convention, the following rules apply—

a) if there are rules in force in such a State identifying which among such laws applies, that law applies;

b) in the absence of such rules, the law of the system or the set of rules of law with which the adult has the closest connection applies.

Article 48
In relations between the Contracting States this Convention replaces the Convention concernant l’interdiction et les mesures de protection analogues, signed at The Hague 17 July 1905.

Article 49
(1) The Convention does not affect any other international instrument to which Contracting States are Parties and which contains provisions on matters governed by this Convention, unless a contrary declaration is made by the States Parties to such instrument.

(2) This Convention does not affect the possibility for one or more Contracting States to conclude agreements which contain, in respect of adults habitually resident in any of the States Parties to such agreements, provisions on matters governed by this Convention.

(3) Agreements to be concluded by one or more Contracting States on matters within the scope of this Convention do not affect, in the relationship of such States with other Contracting States, the application of the provisions of this Convention.

(4) The preceding paragraphs also apply to uniform laws based on special ties of a regional or other nature between the States concerned.

Article 50
(1) The Convention shall apply to measures only if they are taken in a State after the Convention has entered into force for that State.

(2) The Convention shall apply to the recognition and enforcement of measures taken after its entry into force as between the State where the measures have been taken and the requested State.

(3) The Convention shall apply from the time of its entry into force in a Contracting State to powers of representation previously granted under conditions corresponding to those set out in Article 15.

Article 51
(1) Any communication sent to the Central Authority or to another authority of a Contracting State shall be in the original language, and shall be accompanied by a translation into the official language or one of the official languages of the other State or, where that is not feasible, a translation into French or English.

(2) However, a Contracting State may, by making a reservation in accordance with Article 56, object to the use of either French or English, but not both.

Article 52
The Secretary General of the Hague Conference on Private International Law shall at regular intervals convoke a Special Commission in order to review the practical operation of the Convention.
