- (2) An exception to *subsection (1)* shall apply only in circumstances of emergency, where such treatment is—
- (a) immediately necessary for the protection of life of the person or that of another person, or
 - (b) necessary for protection from an immediate and serious threat to the health of the person, or that of another person,
- and where no safe and effective alternative treatment is available.
- (3) Where a person is deemed temporarily unable to participate in a capacity assessment due to their mental or physical condition, this shall not be presumed to indicate a lack of capacity and in such cases:
- (a) the reasons why a capacity assessment could not be completed must be clearly recorded in the person’s medical file;
 - (b) a formal capacity assessment shall be conducted as soon as practicable, and in all cases within 24 hours of the administration of treatment;
 - (c) the person shall be supported to participate in the assessment as soon as they are able, in accordance with their rights under the Assisted Decision-Making (Capacity) Act 2015.
- (4) The Mental Health Commission shall establish procedures for independent auditing and review of all instances where treatment is administered without consent and before a capacity assessment is completed and this review shall consider:
- (a) compliance with time limits;
 - (b) documentation of rationale;
 - (c) involvement of independent advocacy where applicable;
