RE. Quarterly update on Miesian Plaza

12th January 2022

Dear Ms. Cremin,

I wish to inform the Public Accounts Committee that since my previous update on the 26th October a number of discussions have taken place between the Commissioners of Public Works (OPW) and the Landlord in relation to the measurement standard applied as the basis of calculation of the annual rent of Miesian Plaza.

Good progress has been achieved and discussions are now at a critical stage in terms of reaching a solution that is acceptable to both parties.

I will continue to update the Committee as previously agreed.

Yours sincerely,

A handwritten signature in blue ink that reads "Cathleen Morrison".

PP Maurice Buckley,
Chairman.
