Hi Pat

Further to our queries regarding correcting the record from yesterday's PAC meeting, please find the correction below. You might confirm with me when this has been accepted and notified to Committee members, it's much appreciated –

In the response to Deputy Verona Murphy on a certain project (re: funding status for 2023) –

96 Bed Wexford Ward Block:

This project is included in the Capital Programme for 2023, and funding has been allocated in 2023 to progress the project.

A design team was appointed in September 2022 by HSE, progressing the proposal for a 96-bed medical ward block at Wexford General Hospital to preliminary stage one design. This is expected to be completed and the stage 1 report to be issued in Q1 2023. The HSE is compiling a Strategic Assessment Report (SAR) for this proposal to be submitted to the Department for assessment in line with the Public Spending Code (PSC) requirements.

Kind regards

Hi Pat,

There was information given at the Committee this morning which needs to be amended. I would be grateful if you could let me know the procedure to correct the record.

Many thanks,

Kind regards,
Lisa
