**Query:** Full detail of individuals in RTÉ who are in receipt of a car allowance, and confirmation as to whether car allowances are vouched

**Response:**

Car allowances form part of some employee remuneration.

They have existed since at least the 1980s.

In 2005 in order to bring more coherence and simplicity to management allowances they were consolidated and called “car allowances”. This is a non pensionable allowance.

61 people are in receipt of a car allowance as at 31/12/2022. Paid each payroll fortnightly / monthly and are unvouched.

As RTÉ must respect the rights of individuals, the below table identifies the number of staff who are in receipt of an allowance within the corresponding range.
