Query: Copy of the Board's self-evaluation papers

Response:

The results of the most recent evaluation were presented to the Board on 19 May 2022.

The previous evaluation was discussed by the Board on 23 March 2018. The gap between the evaluations is explained in the reports to the Board on 19 March 2020 11 February 2022, and is largely due to Board vacancies.

See documents attached, including a copy of the original questionnaires used in the evaluation.
