Foreword by the Secretary General

Peter Finnegan
Clerk of the Dáil and
Secretary General

I am pleased to introduce the *Action Plan 2024* for the Houses of the Oireachtas Service (the Service). This is the final of three annual action plans designed to deliver on the vision set out in our *Strategic Plan 2022-2024*, which is:

'A Parliament working effectively for the People.'

The programme of work scheduled in *Action Plan 2024* continues to be shaped by our mission:

'To be an innovative and responsive parliamentary service that proudly supports the Houses of the Oireachtas in effectively discharging their constitutional functions, supports members as parliamentarians and representatives of the People, and promotes an accessible and engaged Parliament.'

This action plan will guide decisions to support the Houses of the Oireachtas, its Committees and the members of the Houses. In identifying the Service's tasks, targets, responsibilities and interdependencies for 2024, the plan builds on the work and achievements of 2023 which will be presented later this year in the second progress report on the implementation of the Strategic Plan 2022-2024 in the Commission's Annual Report.

The five high-level strategic outcomes which the Service continues to work towards, under *Strategic Plan 2022-2024*, and which guide *Action Plan 2024* are:

- 1. An Effective Parliament**
- 2. An Inclusive and Well-Supported Parliamentary Community**
- 3. An Open, Engaged and Sustainable Parliament**
- 4. A Digitally Transformed Parliament**
- 5. Towards a Bilingual Parliament.**

The implementation of *Action Plan 2024* will be underpinned by an ongoing review process and by detailed quarterly reporting on parliamentary and Service activities (see infographic below). This integrated approach, together with the knowledge and experience of our staff, will help us to continue to develop our culture of innovation, inclusivity and responsiveness.

The continuous implementation of our Cyber Security Strategy will help build a resilient parliament. The further development of our Digital Transformation Programme and blended working practices will support organisational effectiveness, and the wellbeing

of our community. We will also take the opportunity in 2024 to examine the responsible use of artificial intelligence (AI) in a parliamentary setting through implementing two small AI pilot use projects.

Our Internal Communications Strategy will help us further enhance how we communicate across the organisation. Our Equality, Diversity and Inclusion Strategy will be an important foundation on how we seek to broaden our Parliamentary Community. Overall, *Action Plan 2024* will help the Service to respond successfully to emerging and ongoing challenges and opportunities.

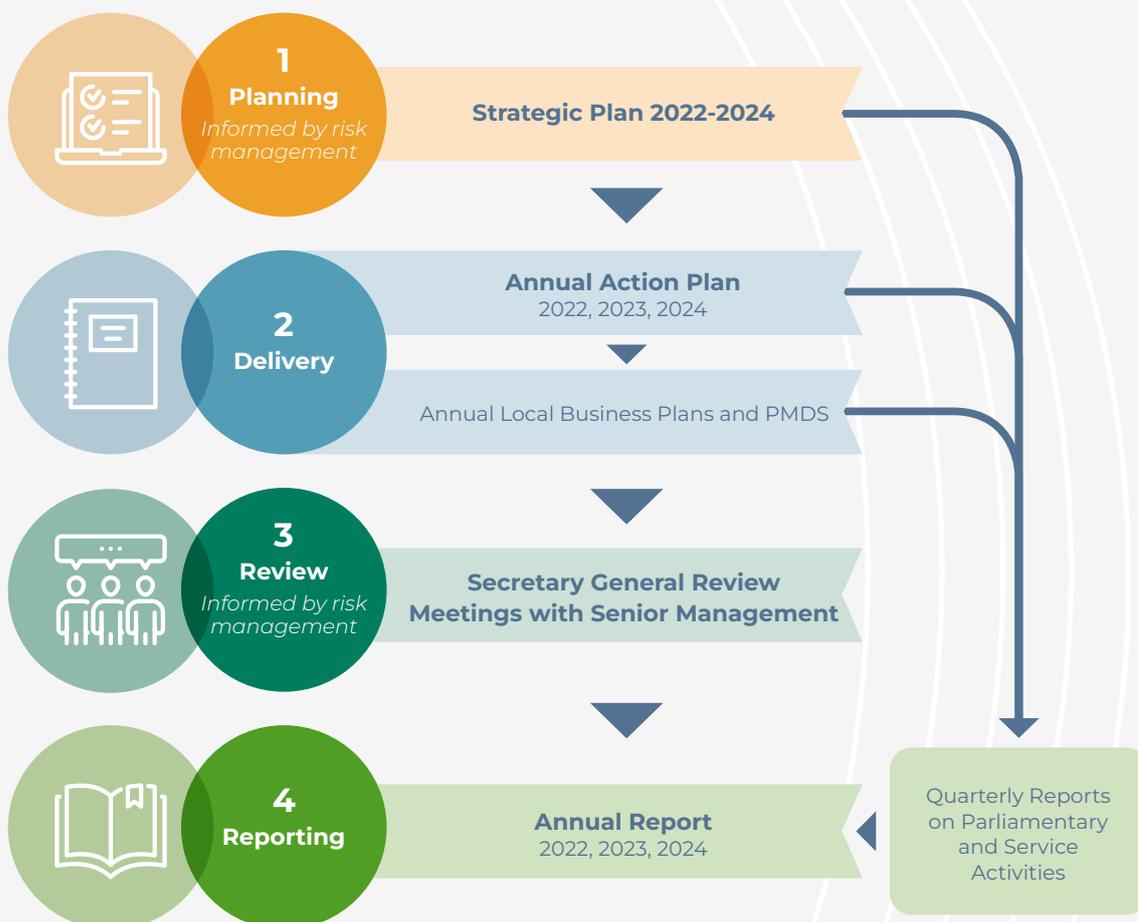

I would like to thank everyone for their work over the past year and efforts in identifying our strategic actions and deliverables for 2024. This action plan is another important step towards achieving our strategic objectives against the backdrop of a rapidly changing operating environment.

I look forward to working with you all on this schedule of activities throughout 2024.

Peter Finnegan

Clerk of the Dáil and Secretary General
