BUSINESS OF COMMITTEE

Business of Committee

Chairman: We have a quorum and are now in public session. Apologies have been received from Deputies Crowe, Harty, Brendan Ryan and Rabbitte. For the purpose of the broadcasting services, I draw members' attention to the necessity to switch off mobile phones or put them in safe, aeroplane or flight mode. It is not sufficient simply to put them in silent mode.

Today we will consider three new EU draft legislative proposals as outlined on the agenda, one of which is listed for further consideration. I propose we go into private session for deliberations. Is that agreed? Agreed.

The committee went into private session at 2.35 p.m. and resumed in public session at 3.05 p.m.

Scrutiny of EU Legislative Proposals

Chairman: There were four proposals before the committee for decision today, ranging from Schengen border controls to tax disclosure issues. I remind Deputies that any decision made today on subsidiarity aspects of these proposals will not prohibit Oireachtas committees from scrutinising any of these proposals in detail in the future.

Therefore, in respect of COM (2016) 194 regarding the Schengen entry-exit system, on the basis that there are no apparent subsidiarity concerns, it is proposed this proposal does not warrant further scrutiny by this committee at this time. Is that agreed? Agreed.

As for COM (2016) 196 regarding the Schengen entry-exit system, on the basis that there were no apparent subsidiarity concerns, it is proposed this proposal does not warrant further scrutiny by this committee at this time. However, it is suggested that this proposal be scrutinised further by relevant sectoral committees, when established. Is that agreed? Agreed.

On COM (2016) 202 regarding the European Financial Reporting Advisory Group, it is proposed this proposal does not warrant further scrutiny by this committee on the basis there were no subsidiarity concerns. Is that agreed? Agreed.

On the final item, COM (2016) 198 regarding the disclosure of income tax information by certain undertakings and branches, the proposal is this committee will invite officials from the Department of Jobs, Enterprise and Innovation to appear before it to further brief members on the results of the Department's public consultation, as well as to answer certain questions the committee has and will submit to the Department. On the basis of that briefing, this committee will decide its next action on that item. Is that agreed? Agreed.

I thank everyone for their attendance and propose we meet again next Wednesday, 8 June 2016.

The select committee adjourned at 3.10 p.m. until 2.30 p.m. on Wednesday, 8 June 2016.
