Notes:

- Boards and management of individual public hospitals are responsible for the accuracy and the integrity of patient data submitted to NTPF.
- Work on reporting of this data will inevitably evolve and technical and administrative issues will be addressed as they present.
- Excludes GI Endoscopy.

- No Inpatient Waiting List extract file data is received for the three Dublin Maternity Hospitals, The National Maternity Hospital Holles Street, the Coombe Women & Infant University Hospital and Rotunda Maternity Hospital
- The Children's Health Act 2018 came into effect on 1st January 2019. Under this act, Children's Health Ireland was established and all assets, liabilities and records were transferred from Our Lady's Children's Hospital Crumlin, Temple Street Children's University Hospital and National Childrens Hospital at Tallaght University Hospital to the new body. From 1st January 2019, all NTPF reports will reflect this change and data from the three sites of Children's Health Ireland will be reported as one entity. On the 31st of July 2019 Children's Health Ireland opened a new Paediatric Outpatient Department and Urgent Care Centre at CHI Connolly in Blanchardstown. The waiting lists for this site will be incorporated into the Children's Health Ireland figures.
- Where there are < 5 patients waiting in a particular speciality, we have aggregated the numbers under a 'Small Volume' heading.
