Urology	162	47	20	26	69

Note:

- Boards and management of individual public hospitals are responsible for the accuracy and the integrity of patient data submitted to NTPF.

Data submitted to the NTPF, and accordingly the information in this Report, continues to be impacted by the May 2021 cyber-attack on the Irish Health System.

- Statistical Disclosure Control (SDC) techniques have been applied to the data to preserve confidentiality and mitigate against identification or self-identification of individuals. In cases where there are less than 5 people in any particular cell, we have replaced that value with the average (mean) of all values that are less than 5 across that category. Any decimal values which arise have then been rounded. This may cause some rounding to occur when calculating sub-totals.

Where there are <20 patients waiting in a particular specialty/hospital, we have aggregated the numbers under a 'Small Volume' heading.
