Dear Mairéad

I refer to Parliamentary Question 31319/25 for answer where I indicated that additional time would be needed to obtain the requested information, which is set out in the table below.

To ask the Minister for Enterprise; Tourism and Employment if he will provide the list of capital projects for IT services, by his Department or bodies under its aegis, which had contracts valued in excess of €1million that failed to reach completion; the value that was written off, for the years 2022, 2023 and 2024, in tabular form; and if he will make a statement on the matter

The table below contains details of relevant IT services contracts within my Department, Offices and Agencies.

I trust this is of assistance to you.

Yours sincerely,

Response :

Injuries Resolution Board entered into a contract with a supplier (Avanade Ireland Limited) in January 2023 for the provision and implementation and support of a new claims management solution. The contract was terminated in November 2023, as the project was not progressing in line with our requirements. This payment related to services provided for business requirements gathering work completed to date which informed subsequent work in this area under a new contract. There was no amount written off.
