Dear Ms Sweeney,

It gives me great pleasure, to provide your organisation with funding towards your animal welfare activities for the coming year.

I am pleased to confirm that I have approved a payment of €931,750 to your excellent organisation. The payment will be made with immediate effect.

This funding award is evidence of the Government's continued support and commitment in the area of animal welfare and a recognition of the important role played by charities in safeguarding animals and is part of a total grant allocation of almost €6 million.

This funding is awarded in recognition of the large number of animals being rehomed together with the need for continuance of education and sharing of knowledge to improve animal welfare. I ask that you continue to ensure that members of the public in your area are aware of your services and that you continue to place a positive emphasis on sharing knowledge and education about animal welfare.

Your organisation has committed to the Terms and Conditions for recipients of the Animal Welfare Grant Funding Scheme and it is important that you adhere to these conditions. Again, I remind you that your organisation may be subject to inspection/audit by my officials over the coming year.

I take this opportunity to thank you, your staff and volunteers for your work and dedication in supporting animal welfare. I hope this funding assists in sustaining your efforts over the coming year and wish you a successful year to come

Yours sincerely,

A handwritten signature in black ink, reading 'Charlie McConalogue'. The signature is fluid and cursive, with the first letters of the first and last names being capitalized and prominent.

Charlie McConalogue, T.D.,
Minister for Agriculture, Food and the Marine
