

NO.	COMPANY NAME	COUNTRY OF ORIGIN	MMC MATERIAL TYPE	DATE OF APPLICATION	MMC AGRÉMENT STAGE
1	A	Irish based company	Steel frame system	07-Feb-2023	Stage 2 – Application Assessment
2	B	Irish based company	Steel frame system	14-Feb-2019	Certified
3	C	Irish based company	Steel frame system	23-Jan-2025	Stage 2 – Application Assessment
4	D	Irish based company	Light Guage Steel (LGS)	28-Jun-2018	Certified
5	E	Irish based company	Insulated Concrete Formwork (ICF)	03-Mar-2009	Stage 3 – TAS
6	F	Irish based company	Insulated Concrete Formwork (ICF)	16-Feb-2024	Stage 2 – Application Assessment (Cert. Revision request)
7	G	Irish based company	Light Guage Steel (LGS)	14-May-2020	Stage 4 – Draft certificate stage (Cert. Revision request)
8	H	Irish based company	Light Guage Steel (LGS)	03-Dec-2020	Stage 4 – Draft certificate stage (Cert. Revision request)
9	I	Irish based company	Light Guage Steel (LGS)	04-Jan-2024	Stage 3 – TAS
10	J	Irish based company	Light Guage Steel (LGS)	05-Oct-2017	Certified
11	K	Irish based company	Steel frame	12-Jan-2018	Stage 2 – Application Assessment
12	L	Estonian based company	Timber Frame	10-Apr-2025	Stage 1 – Application (new)
13	M	Irish based company	Insulated Concrete Formwork (ICF)	04-Apr-2008	Certified
14	N	Irish based company	Welded Steel frame system	04-Oct-2024	Stage 2 – Application Assessment (Cert. Revision)

15	O	Polish based company	Steel frame	24-July-2023	Stage 1 – Application (Withdrawn)
16	P	Irish based company	Roofing System	10-Jan-2018	Certified
17	Q	Northern Ireland firm	Steel frame	30-Apr-2024	Stage 1 – Application
18	R	UK based company	Welded Steel frame system	05-Apr-2023	Stage 3 – TAS
19	S	UK based company	Bolted Steel frame system	05-Apr-2023	Stage 3 – TAS
20	T	Irish based company	Insulated Foundation System	13-Dec-2016	Certified (after 5-Year review period)
21	U	USA based company (fabricating in Ireland)	Insulated Concrete Formwork (ICF)	01-Jul-2024	Stage 3 – TAS
22	V	UK based company	Welded Steel frame	12-Dec-2022	Stage 2 – Application Assessment
23	W	Irish based company	Home Extension building system	25-Apr-2023	Stage 1 – Application
24	X	Irish based company	Welded Hot Rolled Steel	22-Mar-2024	Stage 2 – Application Assessment
25	Y	Irish based company	Mass Engineered Timber (MET)	10-Jan-2024	Stage 4 – Draft Certificate stage
26	Z	Polish based company	Welded Steel frame	01-Nov-2023	Stage 4 – Draft Certificate stage
27	A1	Irish based company	Light Gauge Steel (LGS)	04-Jan-2024	Stage 4 – Draft Certificate stage
28	B1	Irish based company	Steel frame	15-Jun-2023	Stage 1 – Application (On Hold)
29	C1	Irish based company	Steel frame	02-Mar-2022	Stage 2 – Application Assessment
30	D1	Northern Ireland firm	Precast Concrete panelised system	22-May-2024	Stage 3 – TAS
31	E1	Polish based company	Welded Steel frame	05-Feb-2024	Stage 3 – TAS

32	F1	Irish based company	Precast Concrete Sandwich panelised system	11-Jan-2024	Stage 5 – Final Review
33	G1	Irish based company	Steel frame system & Timber infill	07-Mar-2024	Stage 2 – Application Assessment
34	H1	Irish based company	Light Gauge Steel (LGS)	13-Mar-2024	Stage 1 – Application
35	I1	Northern Ireland firm	Steel frame system & LGS	30-Apr-2024	Stage 1 – Application (On Hold)
36	J1	Irish based company	Insulated Foundation System	16-Feb-2024	Stage 2 – Application Assessment
37	K1	Northern Ireland firm	Steel frame system & LGS	02-Feb-2024	Stage 3 – TAS
38	L1	Irish based company	Light Gauge Steel (LGS)	29-Apr-2024	Stage 4 – Draft Certificate stage
39	M1	Irish based company	Steel frame building system	09-Sept-2020	Stage 5 – Final Review
40	N1	Poland based company	Perlite Block system	29-Apr-2024	Stage 2 – Application Assessment (On Hold)
41	O1	USA based company (fabricating in Ireland)	Insulated Concrete Formwork (ICF)	02-July-2024	Stage 3 – TAS
42	P1	Irish based company	Steel frame	01-Jul-2020	Stage 2 – Application Assessment
43	Q1	Irish based company	Structural Insulation Building (SIP) system	23-Mar-2022	Stage 3 – TAS
44	R1	Irish based company	Steel frame system & LGS	04-Jun-2024	Stage 3 – TAS
45	S1	Irish based company	Steel Frame system	26-Jun-2024	Stage 1 – Application (On Hold)
46	T1	Slovenian based company	Welded Steel Frame system	27-Jun-2024	Stage 1 – Application (On Hold)

47	U1	Slovenian based company	Mass Engineered Timber (MET)	27-Aug-2024	Stage 2 – Application Assessment
48	V1	Irish based company	Concrete Modular building system	21-Aug-2024	Certified
49	W1	UK based company	Light Gauge Steel (LGS)	16-Oct-2024	Stage 1 – Application (On Hold)
50	X1	Irish based company	Portal Frame system	20-Nov-2024	Stage 1 – Application
51	Y1	Northern Ireland firm	Steel frame structure system	22-Nov-2024	Stage 2 – Application Assessment
52	Z1	Irish based company	Steel frame structure system	27-Nov-2024	Stage 1 – Application
53	A2	Irish & Northern Ireland based firm	Light Gauge Steel (LGS)	27-Nov-2024	Stage 2 – Application Assessment
54	B2	Northern Ireland firm	Steel frame structure system	28-Nov-2024	Stage 2 – Application Assessment
55	C2	Irish based company	Light Gauge Steel (LGS)	02-Dec-2024	Stage 1 – Application (Withdrawn)
56	D2	UK & China based company	Steel frame structure formed with a reinforced concrete floor	27-May-2024	Stage 1 – Application (Withdrawn)
57	E2	UK & China based company	Steel frame structure formed with a reinforced concrete floor	03-Jun-2024	Stage 1 – Application (Withdrawn)
58	F2	Irish based company	Welded Hot Rolled Steel	23-Jan-2025	Stage 2 – Application Assessment
59	G2	Poland based company	Insulated Concrete Formwork (ICF)	26-Mar-2025	Stage 2 – Application Assessment (Withdrawn)
60	H2	Estonian based company	Timber Frame building kit	10-Apr-2025	Stage 1 – Application (pending)

61	I2	Poland based company	Welded Steel frame system	11-April-2025	Stage 2 – Application Assessment
62	J2	Irish based company	Hot Rolled Steel frame & LGS	13-May-2020	Stage 2 – Application Assessment
63	K2	Irish based company	Hot Rolled Steel frame & LGS	08-Aug-2019	Stage 5 – Final Review stage
64	L2	Finnish based company	Timber based building kit system	09-Jun-2025	Stage 2 – Application Assessment
65	M2	Irish based company	Light Gauge Steel (LGS)	009-July-2025	Stage 2 – Application Assessment
66	N2	Irish based company (importing system from Lithuania)	Timber based building kit system	28-July-2025	Stage 2 – Application Assessment (new)
67	O2	Irish based company	Panelised Roof system	08-Sept-2025	Stage 1 – Application (new)
68	P2	Irish & UK based company	Precast Concrete system	08-Sept-2025	Stage 1 – Application (new)
69	Q2	UK based company	Structural Insulation Building (SIP) system	18-Sept-2025	Stage 2 – Application Assessment
70	R2	Irish based company	2D Panelised Cill system	23-Sept-2025	Stage 1 – Application (new)
71	S2	Irish based company	Precast Concrete system	08-Oct-2025	Stage 1 – Application (new)
72	T2	Irish based company (importing system from Ukraine)	To be confirmed (proposed Steel Frame system)		Pending an application
73	U2	Irish based company	Timber Frame building kit system)		Pending an application

		(importing system from Lithuania)			
74	V2	Poland based company	Galvanized steel frame structure		Pending an application
75	W2	Irish based company (importing system from Lithuania)	Structural Insulation Building (SIP) system		Pending an application
76	X2	Irish based company	Home Extension building system		Pending an application
77	Y2	Irish based company	Structural Insulated Panels (SIP)		Pending an application
78	Z2	Irish based company (importing system from China)	Concrete Sandwich panelised system		Pending an application
79	A3	Irish based company	Concrete panelised system		Pending an application

Note 1: Company names have been replaced with pseudonyms (letter and number) as the NSAI cannot disclose actual names due to industry competition and confidentiality agreements.

Note 2: A person can search for current MMC Building System certificates on the NSAI website - under the Certification section, select the **Search for an Agréments Certificate** sub-section.
