Dear Deputy Geoghegan

I wish to refer further to the following Parliamentary Question submitted by you for written answer on the 19 February.

To ask the Minister for Climate; Energy and the Environment if he will outline each section of enacted legislation, where the responsibility lies in the Minister to commence that section, that has not been commenced; if he will outline each section of enacted legislation which provides for the making of regulations by the Minister that have not been made by the Minister; if he will outline all sections of enacted legislation or secondary legislation which provide for the publication of guidelines by the Minister that have not been published, in tabular form; and if he will make a statement on the matter.

I am advised that my officials were in contact with you with regard to the scope of this request and that you have requested this information be provided in relation to legislation enacted over the past 10 years.

My officials have conducted a review of legislation under the remit of my Department and the information sought is set out in the attached table. The delay in responding to you on this matter is regretted.

I trust that this clarifies the position.

Yours sincerely
