Tree Felling Licence issued CK14-FL0101 under Forestry Act 2014

Dear Sir/Madam,

I refer to your application for a Tree Felling Licence and I am pleased to enclose same.

If you wish to appeal this decision/any condition of the licence, you may do so in writing within 28 days of the date of this letter, to the **Forestry Appeals Committee, Kilminchy Court, Portlaoise, Co. Laois (Lo-call 076 1064418 or 057 8631900)**. You are required to set out the grounds of your appeal and should include a statement of the facts and contentions upon which you intend to rely, enclosing any supporting documentary evidence you wish to have considered by the Appeals Committee.

An inspection of the plantation will be arranged at a later date, to check on the utilisation of the licence.

Yours sincerely

A handwritten signature in black ink, appearing to read 'Jade McManus', written over a horizontal line.

AN ROINN TALMHAÍOCHTA, BIA AGUS MARA

DEPARTMENT OF AGRICULTURE, FOOD AND THE MARINE

FORESTRY ACT, 2014

TREE FELLING LICENCE

Pursuant to the powers invested in him under the Forestry Act 2014, the Minister for Agriculture, Food and the Marine hereby grants to the person specified in Schedule 1 (hereafter referred to as the Licensee) a licence authorising the felling of trees as Specified in Schedule 2 subject to any conditions specified in any part of this licence.

This licence confers no title to the ownership of any land or trees specified herein and the conditions specified in the licence are binding on the owner of the land.

The authority granted under this licence does not remove the obligation on the licensee to abide by and fulfil the requirements of any other legislation.

During the period of the licence, the licence shall be for the benefit of the land and any conditions attached to this licence shall be binding on any owner thereof.

Where an unexpired felling licence exists for any part of lands delineated in this Tree Felling Licence it is important to note that this Tree Felling Licence will take precedence over the same areas delineated in the earlier licence.

The authority conferred by this licence will be exercisable **until 31/12/2028** unless it is terminated by the Minister before the expiration of this period.

Signed on behalf of the Minister for Agriculture, Food and the Marine

Date 24/01/2019

SCHEDULE 1: Licensee

Name of Licensee	Address of Licensee
Coillte Teoranta	Dublin Road Newtownmountkennedy Co. Wicklow

SCHEDULE 2: Details of Felling Operations authorised under this Licence

County	Townland(s)	Area (ha)	Species	Harvest type	Description/location of the land on which trees may be cut down or uprooted
Cork	BALLYNACLASHY	3.81	As per Application	Thinning	CK14-FL0101 as shown on the attached map (area(s) outlined in red hatched in yellow)

Conditions attached to this Licence

- a)** The licensee shall ensure that all felling and planting operations are carried out in accordance with Forestry and Water Quality, Forest Biodiversity, Forest Harvesting and the Environment, Forestry and Archaeology, Forestry and the Landscape and Forestry and Aerial Fertilisation guidelines and the Code of Best Forest Practice - Ireland and the Irish National Forest Standard published by the Department.
- b)** The licensee shall treat all conifer stumps with urea immediately upon tree felling where the soil type is mineral soil or where a peat soil is less than 25cm (excluding the litter layer). Treatment is not required where a conifer stand is being replanted with broadleaves, where the conifer nurse in a broadleaf stand is being removed or where broadleaves make up greater than 85 % of the stand. The correct solution mixing rate is 1kg of fertiliser grade urea, 5 litres of water and one bottle of dye. Urea should not be applied to stumps within the buffer zones required by the Forestry and Water Quality Guidelines nor by the Forestry and Freshwater Pearl Mussel Requirements. Treating stumps with urea will help prevent infection by butt rot (*Heterobasidion annosum*).
- c)** The public road network and associated roadside drainage must not be adversely affected whilst carrying out felling operations. The applicant may be held liable for any damage caused to a public road as a result of works and/or haulage operations associated with utilisation of this licence under the Roads Act 1993, Section 13(10)(a).
- d)** FELLING OPERATIONS MUST NOT COMMENCE UNTIL AT LEAST 28 DAYS HAVE ELAPSED AFTER THE DATE OF SIGNATURE OF THIS LICENCE to allow for receipt of any appeal (from any party) by the Forestry Appeals Committee in relation to the granting of this licence.
- e)** A Site Notice must be completed and erected in accordance with the directions at: <https://www.agriculture.gov.ie/forests-service/tree-felling/tree-felling/>
- f)** A Harvest plan must be completed prior to the commencement of felling, describing the operations and measures to minimise environmental disturbance. The plan should be clearly set out on maps at the appropriate scale and form. Relevant watercourses and any pathways to aquatic zones should be identified on the map. Details of soil and water protection measures to be enacted during harvesting are also to be included e.g. location of silt traps. Important habitats to be retained for biodiversity purposes are to be identified on the map also.
