- notes the recommendations of the Constituency Commission published in January, 2004 to divide County Leitrim between the two proposed new constituencies of Sligo/North Leitrim and Roscommon/South Leitrim;
- notes section 6(2)(c) of the Electoral Act 1997 which states ‘the breaching of County boundaries shall be avoided as far as practicable’;
- recognises that larger constituency size adds the quality of extra proportionality to the electoral system as a whole;

calls on the Government to:

- reject the findings of the Constituency Commission in relation to County Leitrim;
- amend section 6(2)(b) of the Electoral Act of 1997 to allow for the formation of six and seven seat constituencies; and
- reconvene the Constituency Commission to consider the possibility of establishing one six seat constituency comprising the three counties of Sligo, Leitrim and Roscommon.” — *Arthur Morgan, Caoimhghín Ó Caoláin, Seán Crowe, Martin Ferris, Aengus Ó Snodaigh.*

47. “That Dáil Éireann:

recognising the urgent need for a radical reappraisal of animal welfare in this State particularly in the context of:

- the appalling conditions recently exposed on so-called ‘puppy-farms’ in Ireland, conditions which are not tolerated in any other E.U. country;
- the growth in fur farming in Ireland including that artic fox confined in inhumane and unnatural conditions, electrocuted at 6 months without veterinary supervision, a practice that has been made illegal in the north of Ireland and Britain;
- the on-going hunting with packs of hounds of deer reared/farmed in captivity (a practice outlawed in the north of Ireland on the grounds of cruelty) despite the Kane Report of the Department of Agriculture’s Veterinary Inspector which referred to it being ‘inhumane’ the deer ‘terrified’ and that it could be argued legally that this contravenes the Protection of Animals Act 1911;
- the on-going practice of enclosed live hare coursing (recently banned in the north of Ireland) inflicting cruelty and terror on the most timid of small animals;
- the use of packs of hounds for the hunting and killing of foxes along with various associated abuses the most extreme being the blooding of hounds on fox-cubs — all of which is now being banned in Britain;
- the increasing numbers of shooters coming to this country indiscriminately destroying many species of wild-birds;
- abuses related to live exports of farm animals; and

resolves to act in each of the cases set out above and where appropriate outlaw such activities and ensure that only the highest standards in animal welfare shall be permitted forthwith in Ireland.” — *Tony Gregory.*

48. “That Dáil Éireann:

- acknowledges that the Irish Government policy of assisting hundreds of thousands of US troops to participate in the illegal invasion and occupation of Iraq has resulted in tens of thousands of deaths including the killing of approximately 10,000 civilians and nearly 900 occupation troops including approximately 800 American soldiers;
- acknowledges that Irish assistance in this war has contributed to a situation where thousands of people including children are being injured or killed by exploding cluster bombs, and the main cities of Iraq are poisoned with radiation from uranium tipped shells and missiles;
- acknowledges that the alleged threat that provided the justification for war and for Irish assistance — the imminent danger posed by Iraqi weapons of mass destruction — has since proved to be false;
- expresses its horror at all deaths, atrocities and human rights violations associated with this war, and extends its sympathies to all survivors and condolences to all families affected;
- expresses its anger at the cost of this war to date, including an estimated spend of over \$100 billion by the US alone — which could have been better spent in the war on global poverty, hunger and disease;
- expresses its revulsion at the torture and killing of Iraqi prisoners of war by US and British occupation troops, and its support for independent human rights monitors including Amnesty International and the United Nations to gain immediate access to all detention facilities in Iraq;
- resolves that the circumstances warrant the immediate suspension of overflight and landing privileges granted by the Government to military and civilian chartered aircraft conveying US troops to Iraq, and instructs the Government to act accordingly;
- calls on the Irish people to peacefully register their opposition to the occupation of Iraq and to Irish collusion in that occupation on the occasion of the US President’s visit to Ireland during the US-EU Summit; and
- instructs the Government to spare no effort in international diplomacy both under the EU Presidency and as a sovereign state to ensure a speedy end to the occupation of Iraq by the so-called Coalition of the Willing, that the transition to Iraqi democratic self-government is managed by the United Nations, that any associated UN peacekeeping force be led by troops from the Arab nations, and that all those responsible for war crimes in relation to this conflict be brought to justice in accordance with international law, regardless of their position or rank.” — *Caoimhghín Ó Caoláin, Seán Crowe, Martin Ferris, Arthur Morgan, Aengus Ó Snodaigh.*

49. “That Dáil Éireann:

- notes the following matters of grave concern:
 - the decision not to introduce a carbon tax to help reduce Ireland’s greenhouse gas emissions;
 - the announcement that the EU has approved the sale of genetically modified seeds;
 - the long delayed opening of the second Luas line which was repeatedly deferred and the non-event that was car-free day;

- the Government's 'persistent, widespread and serious' failure to comply with EU Waste Law according to the European Court's Advocate General;
- that 350 acres of the best land in Ireland is being lost to a mega-dump at Tooman in Fingal only a few miles from the largest existing dump in Ireland and that the Government proposes to ignore the opposition of Dublin City Council to the incinerator at Ringsend;
- the continued breach at Sellafield for 27 years of a breach of planning permission related to cancer-causing pollution;
- the Government's gross negligence in failing to dealing with the toxic waste at Haulbowline Island in Cork harbour which constitutes the most serious environmental hazard facing the region;
- the consolidation of power into the hands of the Minister for the Environment, Heritage and Local Government by the National Monuments (Amendment) Act 2004 which allows him to act as judge, jury and executioner of our heritage;
- the continuing expense of the various Tribunals which have become a 'graveyard train' for many;
- the spectacular failure of the Government's policy on social and affordable housing which has not seen one house built nor planning permission applied for;
- the study 'Statement on Prices and Costs', by the National Competitiveness Council (NCC) which concluded that the Irish pay more for food and rent than consumers in any other euro zone country;
- the publication of a Disability Bill in which the much heralded rights are minimal and the finances unclear;
- the continued targeting of young people by alcohol distributors and the lack of action to tackle binge drinking and other alcohol related problems in society;
- almost one third of primary school children in disadvantaged areas suffer from severe literacy problems;
- the spiralling rates of obesity resulting from unhealthy eating habits and lack of exercise;
- the deteriorating situation in Iraq where it is clear that the interim Government, propped up by occupying forces, cannot establish any kind of democratic structures;
- the failure of the Sudanese Government to stop atrocities in the Darfur region;
- calls on the Government to:
 - ensure that the incoming Minister for Finance's first act is to reverse Minister McCreevy's decision not to introduce a carbon tax;
 - urgently seek GM-free status for the island of Ireland as a whole;
 - put a plan in place to connect the two Luas rail lines across Dublin city centre and to properly support and promote the 2005 car-free day so that the citizens of our cities can see a practical example of the alternatives to reliance on the private car;
 - bring forward proposals for waste reduction as well as improving our recycling rates which are currently only one-third of the rate in many European countries;
 - demand the immediate suspension of operations at the Thorp plant at Sellafield to prevent the carcinogenic pollution from emissions;

- allow the Public Accounts Committee to investigate the €30 million cost of the environmental clean-up of Haulbowline to the Irish tax-payer, how and why this cost was allowed to increase, and why toxic and hazardous materials still remain on the island;
- ensure that the Minister for the Environment, Heritage and Local Government uses his new powers to see that the impact of new developments on our heritage is minimised;
- introduce more sensible legal fees for Tribunals with immediate effect, rather than waiting up to two years;
- restore the Part V provisions for social housing in the Planning and Development Act 2000, providing 10,000 social housing units per year until waiting lists are cleared;
- urgently curb costs in this country, especially before the maturing SSIA's apply further pressures on the economy;
- radically redraft the Disability Bill to recognise that people with disabilities have the same civil and human rights as others;
- expedite the Alcohol Products Bill to curb alcohol advertising;
- guarantee the National Education Welfare Board the necessary funding to tackle the unacceptably high levels of non-attendance revealed in the preliminary findings of the national audit of non-attendance;
- launch interdepartmental initiatives to ensure proper physical education in schools, safe cycle routes and promote healthier foods;
- work through the United Nations to try to establish a ceasefire in Iraq with a timetable for the withdrawal of occupying forces and the establishment of democratic structures free from foreign influence; and
- seek the widening of the mandate of African Union peacekeeping forces in Darfur to allow them to ensure the safety of civilians as a priority and the delivery of badly needed aid.” — *Trevor Sargent, John Gormley, Dan Boyle, Ciarán Cuffe, Eamon Ryan, Paul Gogarty.*

- welcomes the publication in April, 2004 of the Ninth Progress Report of the All-Party Oireachtas Committee on the Constitution, on private property;
- notes the description by the Tánaiste in this House on the 8th April of the report as an excellent and her hope that it would be acted upon quickly;
- endorses the conclusions of that committee that constitutional change is not necessary before a reform of the existing system of compulsory purchase and acquisition of land is attempted and that statutory provision for the compulsory acquisition of land required for development by local authorities at existing use values plus 25% would not be found to be unconstitutional; and

- calls on the Government to prepare proposals for legislation accordingly.” — *Eamon Gilmore, Pat Rabbitte, Emmet Stagg, Liz McManus, Thomas P. Broughan, Joan Burton, Joe Costello, Michael D. 52. “That Dáil Éireann,

- noting the serious backlog in Irish broadband infrastructure identified by international indices like the D.S.L. (Digital Subscriber Line) Forum and the O.E.C.D.;
- concerned by the alarming number of households and businesses whose phone lines fail the quality test indicator and disturbing reports of falling investment by the incumbent network operator;
- aware of the significant market power enjoyed by a small number of telecoms companies;
- worried by the total lack of a coherent national plan for broadband enablement, the lack of urgency given by this government to the programmes of e-government and e-learning and the failure to promote e-inclusion for all regions and income groups in Ireland; and
- believing that it is critically important for the Irish economy and society to regain it’s leading world role in I.C.T. and broadband communications;

calls on the Government to:

- set out a clear national policy and urgent timeframe for the national broadband communications network;
- quickly address logjams in first mile infrastructure and local loop unbundling;
- greatly strengthen the resources, regulatory powers and sanctions of Comreg to prevent market and regulatory failure; and
- implement the key recommendations of the all party Second Report of the Joint Committee on Communications, Marine and Natural Resources on the ‘Provision of A National High Speed Broadband Infrastructure’.” — *Thomas P. recognising the:

- infrastructural needs of the country generally;
- considerable financial assistance available through E.U. funding;
- urgency of implementing the National Development Plan; and
- ongoing failure of implementing in full the B.M.W. element of the National Development Plan.

calls on the Government to:

- allocate whatever resources are required to implement the B.M.W. element of the National Development Plan;
- undertake immediate assessment of the reasons for the lack of implementation in full of the B.M.W. element of the National Development Plan;
- ensure that any existing allocation of funds to the B.M.W. region will not be lost or reallocated to any other region; and
- ensure that any additional expenditure committed to under the National Development Plan will be allocated between the B.M.W. and south and east regions in a balanced way to reflect the Government's commitment to a balanced regional development policy.” — *Beverley Cooper-Flynn*.

- recognising the importance of Bewley's cafés to the social, economic and cultural life of Dublin City;
- cognisant of the State's role in the operation of the Great Southern Hotels Group and Restaurant Na Mara in Dún Laoghaire; and recognising the role of the National Trust in securing the future of the Crown Bar in Belfast;
- acknowledging the historical significance of the cafés in the literary and historic life of the capital and its importance as a theatrical venue;
- noting that the premises at Westmoreland Street and Grafton Street are protected structures and worthy of protection in the Dublin City development plan;
- recognising the need to facilitate continued public access and viewing of the artistic excellence of the stained glass windows created by the late Harry Clarke;
- acknowledging the emphasis that the Bewley family placed on the sourcing of fresh foods directly from farms and producers; and

calls on the Taoiseach, the Minister for Arts, Sports and Tourism and the Minister for Enterprise, Trade and Employment, to intercede and purchase the leases, freehold and furnishings of the cafés, and subsequently either franchise the cafés out to an operator who will uphold and continue the tradition of hospitality and excellence that the cafés offer to Dubliners, Irish people and visitors from abroad or alternatively use the Bewley's premises to promote the history and cultural life of Dublin as well as retaining a partial café function and thereby safeguard this important cultural institution.” — *Trevor Sargent, John Gormley, Dan Boyle, Ciarán Cuffe, Eamon Ryan, Paul Gogarty*.

56. “That Dáil Éireann,

notes the recent examples of the Government’s appalling incompetence across many areas including the:

- complete lack of urgency regarding climate change, the greatest crisis facing our planet, including the uncertainty which the Government has allowed to develop over the future role of wind and other renewable energy technologies at a time when it is imperative that we reduce greenhouse gas emissions;
- legal action being taken by the EU Commission against the Government for eight breaches of environmental law;
- continuing indecision on major public transport projects such as the Dublin Metro while at the same time trying to shift the blame for delays onto environmental groups;
- increases in rail and bus fares at a time when we need more than ever to encourage people to switch to public transport;
- plan to increase the capacity of the M50 in the knowledge that the widened motorway will be congested from the day it opens and with air pollution levels already exceeding EU limits in places along the route;
- insistence on driving the M3 by the Hill of Tara through one of the richest areas of heritage sites in the country;
- end of the Tánaiste’s honeymoon period in the Department of Health and Children being marked by record numbers on trolleys in Accident and Emergency departments;
- closure of Smurfit’s Paper Mills, being the latest blow to recycling infrastructure in Ireland following on the closure of the Irish Glass Bottle Company in Ringsend;
- legal problems and nationwide inconsistencies with waste charge waivers;
- ongoing failure of Government to require energy efficiency standards at least in line with the EU Directive on Energy Performance of Buildings;
- escalating cost of childcare now consuming 20% of earnings compared to an EU average of 12%;
- rejection by the Minister for Education and Science of plans to reform the senior cycle on cost grounds without ever having carried out an analysis of such costs;
- proposal for electronic tagging as a lazy alternative to imprisonment while the probation service goes under-resourced;

- closure of Media Lab, the centrepiece of the Government's Digital Hub initiative, after €35m of public money was pumped into it;
- closure of Carlow sugar factory with the loss of over 300 jobs and the loss of over 1,000 jobs around the country in the first 3 weeks of 2005; and

calls on the Government to:

- act urgently to reduce Ireland's dependence on fossil fuels for 87% of its energy needs by investing in alternative energy sources;
 - provide the resources necessary to allow the EPA to efficiently do its job of protecting our environment;
 - proceed speedily with the Dublin Metro, the Western Rail Corridor and other public transport projects which provide the only long term solutions to the country's transport problems;
 - reverse the increases in rail and bus fares and to subsidise public transport to make it more attractive to motorists;
 - ensure that tolling of roads is used to manage traffic properly rather than to make obscene amounts of money for private companies;
 - seriously consider alternative plans to cater for traffic using the N3 such as link roads to the existing M1;
 - properly fund and staff the primary health care strategy launched over three years ago and deliver on the 3,000 beds promised in the Government's health strategy;
 - invest in recycling enterprises not incinerators and properly monitor what happens waste exported for recycling outside this country to ensure that it is not simply going to landfill;
 - increase social welfare with a special waste allowance of €5 to €7 per week;
 - implement the EU Directive on Energy Performance of Buildings by the target date of January 2006 without seeking any derogations;
 - belatedly make provision for childcare which was ignored in the December Budget;
 - move without delay towards costing a continuous assessment programme at senior cycle that moves towards a new curriculum that caters for the needs of existing students, encourages creativity and independent learning and positions us for the economic challenges that lie ahead;
 - properly resource the probation service so that community service schemes can be used more widely as a far more constructive solution than prison or tagging;
 - investigate how the money pumped into Media Lab was spent and the seemingly large expenditure on consultants involved in the development of the Digital Hub; and
 - convert the Carlow sugar factory to the production of ethanol for transport fuel.”
