Fógraí Tairisceana:

Notices of Motions:

- 43.** “That Dáil Éireann,

notes the recent publication by the Minister for Agriculture and Food on the Draft Animal Remedies Regulations 2005 and recognises that:

- Ireland must legislate for the EU Directive 2004/28 by 31st October, 2005;
- the Government’s proposals will impose unimplementable and unworkable restrictions on farmers;
- the current proposals are over bureaucratic and will seriously restrict the availability of animal medicines;

- the regulations will add an additional €80m to the cost of veterinary medicines in this country;
- the Competition Authority has expressed serious reservations regarding the implementation of the EU Directive in its current manner;
- it will seriously discriminate against the competitiveness of Irish food production and farming;
- the proposals will facilitate the creation of a monopoly in the sale of animal medicines;
- it will hinder good farming practice and have a negative impact on animal welfare;
- it is becoming progressively difficult to maintain veterinary practices in certain parts of the country;
- Northern Ireland has taken a more farmer-friendly interpretation of the EU Directive which may promote a cross-border black market for such products;
- the regulation will inhibit the development of an All-Ireland animal health regime; and

calls on the Government and the Minister for Agriculture and Food to:

- allow qualified professionals, other than but including vets, to issue prescriptions;
- implement a regulation similar to that of the UK authorities, which will eradicate the potential for cross-border trade in animal remedies;
- retain the wide availability of animal medicines while ensuring that Ireland continues to produce food to the highest standards;
- publish the proposed exemption list which has been submitted to the EU Commission;
- review the Draft regulation to introduce a simplified system of compliance; and
- allow Irish farming publications to advertise and provide detailed information regarding the efficacy of animal remedies in line with similar UK publications circulating in Ireland.” — *Denis Naughten, Seymour Crawford, Gerard Murphy, Enda Kenny, Richard Bruton, Bernard Allen, Pat Breen, Paul Connaughton, Simon Coveney, John Deasy, Jimmy Deenihan, Bernard J. 44. “That Dáil Éireann:

- welcomes the publication in April, 2004 of the Ninth Progress Report of the All-Party Oireachtas Committee on the Constitution, on private property;
- notes the description by the Tánaiste in this House on the 8th April of the report as an excellent and her hope that it would be acted upon quickly;
- endorses the conclusions of that committee that constitutional change is not necessary before a reform of the existing system of compulsory purchase and acquisition of land is attempted and that statutory provision for the compulsory acquisition of land required for development by local authorities at existing use values plus 25% would not be found to be unconstitutional; and

- calls on the Government to prepare proposals for legislation accordingly.” — *Eamon Gilmore, Pat Rabbitte, Emmet Stagg, Liz McManus, Thomas P. Broughan, Joan Burton, Joe Costello, Michael D. 45. “That Dáil Éireann,

- noting the serious backlog in Irish broadband infrastructure identified by international indices like the D.S.L. (Digital Subscriber Line) Forum and the O.E.C.D.;
- concerned by the alarming number of households and businesses whose phone lines fail the quality test indicator and disturbing reports of falling investment by the incumbent network operator;
- aware of the significant market power enjoyed by a small number of telecoms companies;
- worried by the total lack of a coherent national plan for broadband enablement, the lack of urgency given by this government to the programmes of e-government and e-learning and the failure to promote e-inclusion for all regions and income groups in Ireland; and
- believing that it is critically important for the Irish economy and society to regain it’s leading world role in I.C.T. and broadband communications;

calls on the Government to:

- set out a clear national policy and urgent timeframe for the national broadband communications network;
- quickly address logjams in first mile infrastructure and local loop unbundling;
- greatly strengthen the resources, regulatory powers and sanctions of Comreg to prevent market and regulatory failure; and
- implement the key recommendations of the all party Second Report of the Joint Committee on Communications, Marine and Natural Resources on the ‘Provision of A National High Speed Broadband Infrastructure’.” — *Thomas P. recognising the:

- undertake immediate assessment of the reasons for the lack of implementation in full of the B.M.W. element of the National Development Plan;
- ensure that any existing allocation of funds to the B.M.W. region will not be lost or reallocated to any other region; and
- ensure that any additional expenditure committed to under the National Development Plan will be allocated between the B.M.W. and south and east regions in a balanced way to reflect the Government's commitment to a balanced regional development policy.” — *Beverley Cooper-Flynn*.

47. “That Dáil Éireann,

- recognising the importance of Bewley's cafés to the social, economic and cultural life of Dublin City;
- cognisant of the State's role in the operation of the Great Southern Hotels Group and Restaurant Na Mara in Dún Laoghaire; and recognising the role of the National Trust in securing the future of the Crown Bar in Belfast;
- acknowledging the historical significance of the cafés in the literary and historic life of the capital and its importance as a theatrical venue;
- noting that the premises at Westmoreland Street and Grafton Street are protected structures and worthy of protection in the Dublin City development plan;
- recognising the need to facilitate continued public access and viewing of the artistic excellence of the stained glass windows created by the late Harry Clarke;
- acknowledging the emphasis that the Bewley family placed on the sourcing of fresh foods directly from farms and producers; and

calls on the Taoiseach, the Minister for Arts, Sports and Tourism and the Minister for Enterprise, Trade and Employment, to intercede and purchase the leases, freehold and furnishings of the cafés, and subsequently either franchise the cafés out to an operator who will uphold and continue the tradition of hospitality and excellence that the cafés offer to Dubliners, Irish people and visitors from abroad or alternatively use the Bewley's premises to promote the history and cultural life of Dublin as well as retaining a partial café function and thereby safeguard this important cultural institution.” — *Trevor Sargent, John Gormley, Dan Boyle, Ciarán Cuffe, Eamon Ryan, Paul Gogarty*.

48. “That Dáil Éireann, conscious of the inexcusable delay in the consideration in select committee of the Whistleblowers Protection Bill 1999, which was introduced on the 24th March, 1999, given a second reading and referred to the Select Committee on Enterprise and Small Business on the 16th June, 1999, lapsed on the dissolution of the 28th Dáil and was the subject of a resolution of the 18th June, 2002, restoring it to the Order Paper,

Resolves that, notwithstanding anything in Standing Orders—

- (1) the Order of the Dáil of the 18th June, 2002, to the extent that it orders that the Whistleblowers Protection Bill 1999 be considered in Committee of the whole Dáil, be discharged and that the Bill be referred to the Select Committee on Enterprise and Small Business pursuant to Standing Order 112 and paragraph (1)(a)(i) of the Committee's Orders of Reference,
- (2) that it be an Instruction to the Select Committee that proceedings on the Bill be commenced as the next immediate item of business of the Committee and be progressed with all due expedition and that, immediately after the conclusion of those proceedings, the Committee shall, in accordance with Standing Order 85, send a message to the Dáil in relation to the completion of its consideration of the Bill:

P.T.O.

Provided that, if those proceedings are not earlier concluded, the Select Committee shall report back to the Dáil its progress on those proceedings on the 1st day of March, 2005.” — *Pat Rabbitte, Michael D. 49. “That Dáil Éireann,

notes the recent examples of the Government’s appalling incompetence across many areas including the:

- complete lack of urgency regarding climate change, the greatest crisis facing our planet, including the uncertainty which the Government has allowed to develop over the future role of wind and other renewable energy technologies at a time when it is imperative that we reduce greenhouse gas emissions;
- legal action being taken by the EU Commission against the Government for eight breaches of environmental law;
- continuing indecision on major public transport projects such as the Dublin Metro while at the same time trying to shift the blame for delays onto environmental groups;
- increases in rail and bus fares at a time when we need more than ever to encourage people to switch to public transport;
- plan to increase the capacity of the M50 in the knowledge that the widened motorway will be congested from the day it opens and with air pollution levels already exceeding EU limits in places along the route;
- insistence on driving the M3 by the Hill of Tara through one of the richest areas of heritage sites in the country;
- end of the Tánaiste’s honeymoon period in the Department of Health and Children being marked by record numbers on trolleys in Accident and Emergency departments;
- closure of Smurfit’s Paper Mills, being the latest blow to recycling infrastructure in Ireland following on the closure of the Irish Glass Bottle Company in Ringsend;
- legal problems and nationwide inconsistencies with waste charge waivers;
- ongoing failure of Government to require energy efficiency standards at least in line with the EU Directive on Energy Performance of Buildings;
- escalating cost of childcare now consuming 20% of earnings compared to an EU average of 12%;
- rejection by the Minister for Education and Science of plans to reform the senior cycle on cost grounds without ever having carried out an analysis of such costs;
- proposal for electronic tagging as a lazy alternative to imprisonment while the probation service goes under-resourced;
- closure of Media Lab, the centrepiece of the Government’s Digital Hub initiative, after €35m of public money was pumped into it;
- closure of Carlow sugar factory with the loss of over 300 jobs and the loss of over 1,000 jobs around the country in the first 3 weeks of 2005; and

calls on the Government to:

- act urgently to reduce Ireland's dependence on fossil fuels for 87% of its energy needs by investing in alternative energy sources;
- provide the resources necessary to allow the EPA to efficiently do its job of protecting our environment;
- proceed speedily with the Dublin Metro, the Western Rail Corridor and other public transport projects which provide the only long term solutions to the country's transport problems;
- reverse the increases in rail and bus fares and to subsidise public transport to make it more attractive to motorists;
- ensure that tolling of roads is used to manage traffic properly rather than to make obscene amounts of money for private companies;
- seriously consider alternative plans to cater for traffic using the N3 such as link roads to the existing M1;
- properly fund and staff the primary health care strategy launched over three years ago and deliver on the 3,000 beds promised in the Government's health strategy;
- invest in recycling enterprises not incinerators and properly monitor what happens waste exported for recycling outside this country to ensure that it is not simply going to landfill;
- increase social welfare with a special waste allowance of €5 to €7 per week;
- implement the EU Directive on Energy Performance of Buildings by the target date of January 2006 without seeking any derogations;
- belatedly make provision for childcare which was ignored in the December Budget;
- move without delay towards costing a continuous assessment programme at senior cycle that moves towards a new curriculum that caters for the needs of existing students, encourages creativity and independent learning and positions us for the economic challenges that lie ahead;
- properly resource the probation service so that community service schemes can be used more widely as a far more constructive solution than prison or tagging;
- investigate how the money pumped into Media Lab was spent and the seemingly large expenditure on consultants involved in the development of the Digital Hub; and
- convert the Carlow sugar factory to the production of ethanol for transport fuel."

50. "That Dáil Éireann:

notes the following:

- acknowledgement by Government of the significant underspend in the E.S.I.O.P. under the N.D.P. in the B.M.W. region;
- that additional monies over and above the N.D.P. have been spent in the South and East region without a proportionate amount being spent in the B.M.W. region;
- the inadequate infrastructure in the B.M.W. region has serious social and economic consequences in the areas of tourism, employment and business development;

P.T.O.

- the apparent change of emphasis by Government from the two region approach for investment to focusing on the National Spatial Strategy; and
- that a new ten year transport plan is about to be launched,

calls on the Government to address the regional imbalance in investment in the B.M.W. region by announcing under the ten year public transport plan a commitment to ring fence €365 million in the first five years of the plan to introduce modern passenger and freight services on the Western Rail Corridor, and

notes that the Western Rail Corridor Project:

- represents a flagship project for the region connecting 18 towns on the Western Rail Corridor to a further 20 towns, served by existing mainline rail services in the West of Ireland;
- it is completely compatible with the National Spatial Strategy;
- it connects 3 gateways Sligo, Galway and Limerick and four hub towns Ballina, Castlebar, Tuam and Ennis;
- it can be completed within a five year period;
- it is the only North-South railway line in the region, as it intersects the 4 existing east west radial routes from Dublin to: Sligo, Mayo, Galway and Limerick;
- it has the potential to develop freight business and reduce the level of expenditure on road maintenance, accident costs and congestion; and
- it has huge benefits in the areas of public transport, business development and tourism.” — *Beverley Cooper-Flynn*.

51. “That Dáil Éireann:

notes that,

- Irish primary schools have the second highest class sizes in the European Union;
- no improvements in mainstream class sizes have been made in the past three years;
- additional teachers are also urgently required to meet the needs of pupils with special educational needs and the needs of pupils from disadvantaged communities; and
- supports the campaign being led by the INTO with the support of local school communities to secure improved staffing levels for our primary schools so that primary classes are reduced to European norms in accordance with best practice, as promised in the Programme for Government, 2002-2007; and
- calls on the Government to allocate increased resources for primary education, including specifically a reduction in primary class size, as a matter of national importance that warrants immediate action.” — *Paul Gogarty, Trevor Sargent, John Gormley, Dan Boyle, Eamon Ryan, Ciarán Cuffe*.

[23 March, 2005]

52. “That Dáil Éireann:

- noting that the average class size at primary level in Ireland is higher than the OECD average and amongst the highest in the European Union;
- acknowledging that smaller classes make a real difference to children’s education, and are particularly important for younger children to ensure that they begin their primary schooling on the right foot and avoid educational difficulties later;

- noting that educational disadvantage continues to be a considerable problem throughout the education system as a whole, and that each year more than 1,000 children fail to make the transition from primary to secondary school; and
- concerned that many children within the education system are not reaching their educational potential due to overcrowding, the lack of basic facilities and the lack of action in challenging educational disadvantage;

calls on the Government to:

- ensure that average class sizes are reduced at primary level, particularly in junior classes where at present 80% of children are in classes greater than 20;
- recognise that class sizes in schools designated as disadvantaged should be further reduced, to give children at risk of educational disadvantage the best opportunities for learning and developing through education;
- take immediate action to tackle early school leaving to ensure that all children complete primary schooling and continue on to second level, and publish in full the recent reports on educational disadvantage that have been received by the Department of Education and Science; and
- ensure that all children benefit from the use of the most up-to-date and appropriate teaching methods, and that each child's educational potential is tapped fully and supported through the best possible teaching methods.” — *Olwyn Enright, Enda Kenny, Richard Bruton, Bernard Allen, Pat Breen, Paul Connaughton, Simon Coveney, Seymour Crawford, John Deasy, Jimmy Deenihan, Bernard J. 53. “That Dáil Éireann:

notes the following matters of grave concern,

- approximately half a million tons of waste has been illegally dumped in County Wicklow;
- a new housing estate has been built within 20 metres of one of the illegal landfills;

condemns the Government for its failure to deal with the issue of illegal waste; and

calls on the Minister for the Environment, Heritage and Local Government to issue a general direction, as per section 60 of the Waste Management Act 1996, to the relevant authorities to have the illegally dumped waste immediately removed at:

- the site known as O'Reillys, Whitestown, Stratford on Slaney, County Wicklow;
- the Roadstone Lands at Blessington, County Wicklow; and
- any other known areas.” — *Billy Timmins, Enda Kenny, Richard Bruton, Bernard Allen, Pat Breen, Paul Connaughton, Simon Coveney, Seymour Crawford, John Deasy, Jimmy Deenihan, Bernard J. 54. “That Dáil Éireann:

- recognising the potential of Knock International Airport as a major contributor to regional development in the West;
- recognising that Knock Airport can significantly influence the attraction of indigenous and inward investment;
- recognising that Knock Airport is an integral part of the National Spatial Strategy with a catchment area comprising the Gateways of Sligo and Galway and the hub centres of Ballina, Castlebar and Tuam;
- recognising the key role of Knock Airport as a generator of inward tourism traffic;
- recognising the inadequate level of funding of Knock Airport; and

calls on the Government to:

- confirm the primacy of Knock Airport as the international access point of the B.M.W region;
- confirm the need to build on the potential of Knock Airport in creating employment and investment opportunities;
- confirm a commitment to meaningful and realistic support for the Airport; and
- develop new mechanisms for the funding of regional airports to take account of their vital role in regional development.” — *Beverley Cooper-Flynn*. [24 May, 2005]

55. “That Dáil Éireann:

acknowledges the,

- central role of the postal services in the social and economic life of the country;
- commitment of the post office, collection and distribution services since the foundation of the State;
- ongoing need for the provision of a modern, efficient and competitive postal service through An Post, in keeping with the demands and requirements of the domestic and industrial consumer;
- potential value of the broadly based network of post offices, sub-post offices and staff; and
- need for the necessary legislative or management decisions required to facilitate the provision of postal, packaging and transmission services in the future;

calls on the Government to:

- address the poor labour relations situation within An Post which has caused unease and distrust in the workforce and clarify the circumstances whereby salary or pension payments or increases, due or anticipated, have not been met;
- create the climate to facilitate the retention of the post office network including sub-post offices and the provision of a modern, competitive, efficient postal service in-line with the increasing needs of the consumer;
- recognise the existence of a public service obligation;
- provide for the modernisation of the collection, distribution and counter services using modern technology;
- facilitate the development and extension of a wide range of compatible services through the post offices; and

- encourage all Government Departments, including the Department of Social and Family Affairs to use the services of An Post for payments or other financial transactions or transmissions.” — *Bernard J. requests the Comptroller and Auditor General to prepare a report in writing of the results of that examination and if he considers it appropriate to do so, prepare an interim report in writing on any matter in relation to it, and cause any report to be furnished to the Clerk of Dáil Éireann and, if he considers it appropriate to do so, cause a copy of any such report to be furnished to the Clerk of the Committee of Public Accounts of Dáil Éireann.” — *Joe Higgins, Jerry Cowley, Tony Gregory, Finian McGrath, Catherine Murphy, Paddy McHugh.*

[28 September, 2005]

57. “That Dáil Éireann notes the continuing incompetence of the Government over the 12-week summer recess in the following areas:

- the scandal of the imprisonment of five citizens from Rosspoint, County Mayo for the crime of protecting their families and community;
- the failure of the Minister for Health and Children's 10-point plan to deliver the promised relief of overcrowding in Accident and Emergency by autumn this year;
- the continuing absence of real choice for parents in the area of childcare;
- the completely inadequate response to the Morris Tribunal report in which even in the minimal decision to transfer the Gardaí criticised in the report has not been acted upon;
- children returning this September to schools that have the second highest class size in Europe;
- the cutback by FÁS of 25% in all basic reading and maths classes despite the fact that the Annual Competitiveness Report identified a lack of participation in adult education;
- Ireland now has the third highest level of poverty of 18 industrialised countries despite being the second richest country in the world;
- the Government's extraordinary request to reallocate €5m of funding away from sustainable energy projects at a time when the world is facing the highest ever price for oil;
- the rip-off of overspending on massive road projects, which are then tolled to the benefit of private companies, while public transport systems, especially the railways are run down;
- Ireland will have to pay €74m this year for our excessive output of carbon;

- the persistent problem of illegal dumping especially in the Wicklow area from which Dublin gets much of its water;
- the rise in fly-tipping and back-yard burning outlined in a recent EPA report;
- the failure to transpose yet another EU Directive into Irish law, this time on recycling targets, which was supposed to be implemented by August;
- the increasing unemployment figures, inflation and exchequer deficit;
- the continuing problem of anti-social behaviour;
- the facilitation of, not only the US-led occupation of Iraq, but the illegal transportation of prisoners, by providing the US military with unquestioned access to Shannon Airport, resulting in this country being investigated by the United Nations;
- the withholding of rent allowance from single parents unless they take absent parents to the courts for financial assistance;
- the decision by the European Commission that the Government's stallion tax is an illegal state aid to the bloodstock industry;
- the serious question marks raised over the selection of the site for a new prison in north County Dublin; and
- the policy of centralising sewage treatment in regional locations resulting in massive plants being imposed on local communities;

calls on the Government to:

- stop backing Shell on the Corrib Gas pipeline dispute and put the safety of our citizens first by having a full oral hearing on the pipeline;
- invest in more hospital beds as well as nursing and convalescent homes, the lack of which have been clearly identified as the major cause of overcrowding in Accident and Emergency units;
- increase parental leave and provide options for parents whether they choose to avail of childcare or not;
- seek the immediate transfer of the Gardaí criticised in the Morris report;
- invest in reducing primary school class sizes below 20 as international studies emphasise again and again the importance of a quality primary education in long-term development and the country's economic competitiveness;
- reverse the cutbacks in adult education for Community Employment Schemes;
- develop a strategy to target local rural and urban areas which the ESRI says are locked into deprivation;
- prioritise renewable energy projects such as wind, wave, solar power and biomass and to promote their use, in particular by providing grants for household conversions;
- reverse the current 4:1 ratio of spending on roads and public transport and invest in an integrated public transport system in major cities, such as the Dublin Metro, along with the upgrading of strategic links across rural areas;
- reconsider its decision not to introduce a carbon tax and to include it in the budget for 2006, balanced by reductions in labour taxes, VAT and the introduction of targeted fuel allowances;
- set up an agency to spearhead the drive for recycling in order to improve our very poor performance to date — the second worst of 15 states in a recent European survey;

- implement the European Court decision that serious damage to the environment should be categorised as a criminal offence;
- tackle our litter problem by increasing resources for litter wardens, increasing penalties for litter and dumping, and introducing a refundable deposit on all types of retail beverage containers, which would cut litter overnight;
- promote enterprise and employment to exploit the emerging opportunities in biofuels, organic food and eco-tourism, all areas in which Ireland is well positioned to excel;
- forget anti-social behaviour orders and instead implement all the provisions of the Children's Act 2001, properly resource the Juvenile Liaison Officers and provide more community Gardaí and mountain bike units;
- withdraw the use of Shannon Airport from forces involved in the war in Iraq and to introduce proper controls and inspection of suspect aircraft using the airport to ensure that this country is not facilitating any illegal activities;
- restore rent allowance to all single parents;
- abolish unnecessary tax reliefs, especially in the building industry, before the European Commission finds against the Government again;
- investigate the process by which the Thornton site in north County Dublin was selected for a new prison before contracts are signed tying the tax payer into expenditure of €30m; and
- reject the establishment of regional sewage treatment plants in favour of area-specific facilities.” — *Trevor Sargent, John Gormley, Dan Boyle, Ciarán Cuffe, Paul Gogarty, Eamon Ryan.*

58. “That Dáil Éireann requests the Comptroller and Auditor General to conduct an investigation into the circumstances surrounding the purchase of 150 acres of land for a prison and mental hospital at Thornton, Kilsallaghan, County Dublin for €30m, and the role of the Department and Minister for Justice, Equality and Law Reform in this purchase.” — *Trevor Sargent, John Gormley, Dan Boyle, Ciarán Cuffe, Eamon Ryan, Paul Gogarty.*

59. “That Dáil Éireann,

- denounces the exploitation of workers on board ferries operating under flags of convenience out of Irish and EU ports;
- notes that a draft Directive on passenger and ferry services was proposed by the European Commission in April 1998 (COM/98/0251), approved by the European Parliament in March 1999 and that a revised proposal was issued in 2000 (COM/2000/0437), but withdrawn in August 2004 following the failure to reach a final agreement at the Council of Ministers; and
- calls on the European Commission to urgently introduce a European Ferries Directive, to combat ‘social dumping’ on ferries and set minimum labour standards in order to ensure an end to the exploitation of workers on intra-EU passenger and ferry services.” — *Arthur Morgan, Caoimhghín Ó Caoláin, Seán Crowe, Martin Ferris, Aengus Ó Snodaigh.*
