noting:

- the scandalous misdiagnosis of women who were screened for cancer in the midlands region;
- the crisis in cancer care including the inadequate provision of radiation oncology with cancer sufferers having to travel inordinate distances for treatment, the long delay in delivery of promised centres of excellence, the diminution of existing cancer services in local hospitals in advance of that delivery, the flawed plan for location of these centres, leaving whole regions inadequately served; and
- the apartheid in our health services which sees private patients able to gain speedy access to diagnostic services for cancer while public patients must join long waiting lists;

has no confidence in the Minister for Health and Children, Deputy Mary Harney." — *Caoimhghín Ó Caoláin, Martin Ferris, Arthur Morgan, Aengus Ó Snodaigh.*

**50.** “That Dáil Éireann;

- recognising the need for greater supports for adult education and the importance of adult learning to the continued growth of the economy;
- considering the low level of participation of Irish adults in ongoing education and training estimated to be at just 8% of the workforce, compared to 35% in Sweden, 29% in the UK and well below the EU target of 12.5%;
- noting the Government’s failure to act on the commitment in Towards 2016 to put in place a targeted fund to alleviate fees in public institutions for part-time courses at third level by those at work who have not previously pursued a third level qualification;
- recognising the fundamental injustice that exists in the exclusion of low paid workers from obtaining financial support through the Back to Education Allowance;
- accepting the need for a more co-ordinated and focused approach to the development of adult education nationally; and
- noting that the proportion of the FÁS budget currently spent on upskilling those in employment is only 5%;

calls on the Government to:

- use the National Training Fund to introduce a voucher scheme for individuals who have not already benefited from higher education to pay for courses in higher educational institutions, whether taken on a part-time or full-time basis;
  - introduce two-week statutory annual paid training leave, financed out of the NTF and paid at the minimum wage rate in order to focus on low-skilled workers;
  - reconsider the eligibility criteria for the Back to Education Allowance scheme to include low-paid workers;
  - immediately publish the review of the National Adult Learning Council and re-introduce a co-ordinating structure for the adult education sector;
  - provide dedicated funding for English language training for speakers of other languages; and

  - the high demand from UN Member States for electoral assistance; and

**53.** “That Dáil Éireann, notes with grave concern the failure on the part of the Department of Education and Science to engage with those unions who represent school secretaries and caretakers within the informal process established under the Towards 2016 National Agreement, and having regard to the continuous and serious pay inequalities faced by school secretaries and caretakers within the Irish Education System, demands that the Minister for Education and Science immediately enters into meaningful discussions to address this issue by standardising the terms and conditions of employment commensurate with appropriate public service grades with effect from the 2008/2009 school year.” — *Brian Hayes, Bernard Allen, James Bannon, Seán Barrett, Pat Breen, Richard Bruton, Ulick Burke, Catherine Byrne, Joe Carey, Deirdre Clune, Paul Connaughton, Noel J. notes;

- the value of the Irish Seafood Industry to the Irish economy, totalling over €750 million in revenues and contributing to direct employment of over 12,000 people;
- the financial difficulties currently facing those involved in the fishing industry;
- the dramatic increase in the price of fuel; especially considering the increase of 40% since January 2008;

- the failure to brand and market Irish fish;
- the delay of Government to secure EU approval of Operational Programme for Fisheries;
- the structural difficulties facing the industry including lack of quota and over capacity of the fleet;
- the current arrangements for disposal of by-catch contribute nothing to conservation of fish stocks; and

- the slow progress in implementing the Cawley Report.
- calls on the Government to;
- negotiate a package of financial assistance for temporary cessation of operations as a matter of urgency;
- insist that the Irish Fishing Industry is not disadvantaged relative to its competitors within the EU as a result of the Commission decision to permit State Aid in certain circumstances;
- secure an immediate ban on (IUU) Illegal Unreported and Unregulated fishing and regulating imports;
- pursue a uniform and balanced approach to enforcement of fisheries regulation throughout the E.U.;
