70. “That Dáil Éireann:

deeply concerned at the severe contraction currently taking place in the Irish economy, which is expected to be the worst in any developed country since the 1930s and the severe impact that the crisis in Ireland’s banking system is having on the real economy, by restricting credit to viable businesses, which has contributed to the loss of almost 200,000 jobs in the past year;

determined to restore the flow of credit to Irish Business, to protect employment, to restore Ireland’s financial reputation abroad, and to accelerate the recovery of the Irish economy;

noting the likely scale of losses that will be incurred by the Exchequer arising from the mismanagement by the Fianna Fáil led Government of the banking crisis, and the enormous risks to the Exchequer posed by the plan to purchase bad loans from the banks at undetermined prices; and

believes that a rapid resolution of the banking crisis, at minimum expense to the Exchequer, is in Ireland’s vital national interest;

therefore calls on the Government to:

- bring the institutions covered by the Bank Guarantee Scheme into temporary public ownership, as the least expensive, and most effective means of dealing with the banking crisis;
- establish a Banking Commission made up of persons from Ireland and abroad of the highest reputation, to oversee the appointment of the boards and senior management of the banks, and to approve their business plans;
- replace the present boards and senior executives of these institutions, under the supervision of this Banking Commission as a means of beginning to restore Ireland’s reputation abroad;
- ensure that the banks operate on an independent basis, under commercial mandate while under public ownership;
- establish a Trust or other mechanism which would give shareholders the option of retaining an interest in the bank, which would be translated into shares in the bank when it is returned to private ownership, the value of which would be set in relation to the true value of the banks at present and the cost to the State of dealing with the bad debts during the period of public ownership; and
- set out a policy and mechanism for ensuring the continued presence of mutual banks in Ireland once temporary nationalisation is ended.” — *Eamon Gilmore, Joan Burton, Emmet Stagg, Thomas P. 71. “That Dáil Éireann,

notes;

- the value of the Irish Seafood Industry to the Irish economy, totalling over €750 million in revenues and contributing to direct employment of over 12,000 people;

- the financial difficulties currently facing those involved in the fishing industry;
- the dramatic increase in the price of fuel; especially considering the increase of 40% since January 2008;
- the stagnation and decline of fish prices;
- the failure to brand and market Irish fish;
- the delay of Government to secure EU approval of Operational Programme for Fisheries;
- the structural difficulties facing the industry including lack of quota and over capacity of the fleet;
- the current arrangements for disposal of by-catch contribute nothing to conservation of fish stocks; and
- the slow progress in implementing the Cawley Report.

calls on the Government to;

- negotiate a package of financial assistance for temporary cessation of operations as a matter of urgency;
- insist that the Irish Fishing Industry is not disadvantaged relative to its competitors within the EU as a result of the Commission decision to permit State Aid in certain circumstances;
- secure an immediate ban on (IUU) Illegal Unreported and Unregulated fishing and regulating imports;
- pursue a uniform and balanced approach to enforcement of fisheries regulation throughout the E.U.;
- immediately implement a country of origin labelling system for all fish products coupled with a Consumer Awareness Campaign;
- to pursue the possibility of increasing cod quotas in the Celtic Sea;
- take all necessary steps at an interdepartmental level to resolve the issues delaying the adoption of the Operational Programme for Fisheries; and
- fully implement the Cawley report.” — *Michael Creed, Enda Kenny, Bernard Allen, James Bannon, Seán Barrett, Pat Breen, Richard Bruton, Ulick Burke, Catherine Byrne, Joe Carey, Deirdre Clune, Paul Connaughton, Noel J. 72. “That Dáil Éireann:

- recognises that there are currently at least 150 families affected by Duchenne Muscular Dystrophy (DMD) in Ireland today;
 - notes that there is no cure for this disease resulting in an average life expectancy of late teens – early twenties;
 - agrees that there is no translational research or clinical trials for DMD being carried out in Ireland and that international research efforts should be supported;
 - agrees with the Minister of State for Disability who has stated there is no mechanism or budget for Irish Government funding to UK health research and has recommended an application to the Health Research Board (HRB);
 - recognises that, whilst the HRB and the Joint Committee on Health and Children have indicated that funding can be made available provided it is shown to benefit Irish children, to-date there is still no confirmation that this funding is available;
 - recognises that the Joint Committee on Health and Children have unanimously in 2008 voted 12-0 in favour of supporting funding of Duchenne Research; and
 - calls on the Government to provide funding to Duchenne Ireland to allocate to the most promising research strategies in order to accelerate drugs through the clinical trial process and to ensure that Irish boys have access to these trials;
- acknowledges that:
- Duchenne Ireland is a registered Irish Charity (CHY 18197) that has a formal research strategy in place for progressing therapies for DMD;
 - this research strategy involves a stringent grant application process and international review process by the charity's international scientific review board;
 - Duchenne Ireland are members of IPPOSI, Treat-NMD, and UPPMD, all of which are progressing the cause of research into rare diseases and/or Duchenne;
 - a rare disease like Duchenne requires international best research due to the specialisation of the disease in question and the lack of research expertise and that the HRB has prioritised translational research;
 - the current MRCG budget for 2008 for international research available for competitive scientific bidding to all charities in the MRCG (27 at current count), is €60,000 given the MRCG mandates that only 10% of 2008 budgeted allowance for co-funding can be granted to international research; and
 - Duchenne Ireland is planning to fund at least €200,000 per year in charity research funding towards translational therapies for Duchenne, and that a 27-1 chance of potential co-funding is not an adequate solution to translational therapies for Duchenne.” — *Joe McHugh, Denis Naughten, Andrew Doyle, James Reilly, Kieran O'Donnell, Dan Neville.*

73. “That Dáil Éireann:

notes that:

- the economy was allowed over recent years to become grossly over-dependent on the construction sector accounting for over 20% of the State’s GDP and employing one in every eight workers at its peak;
- an over-inflated construction sector masked a steady flow of job losses, particularly in

provincial towns;

- the Government failed to accept that the over-reliance on the construction sector was not sustainable and could not continue indefinitely and consequently failed to put in place a strategy to deal with the anticipated contraction of the construction sector or the needs of those dependent on that sector for their employment;
- an estimated 30,000 plus construction workers have lost their jobs to date in 2008;
- the lack of alternative employment is resulting in workers who lost their jobs emigrating in search of work;
- the Government still has not brought forward a strategy to get these workers back into employment and/or training;
- the Government allowed the social security entitlements of many construction workers to be undermined by failing to take action as unscrupulous employers coerced these workers into registering as self-employed; and
- 50.3% of those who lost their jobs in the construction sector in the year to the end of June were under the age of 25 while 23% of those under the age of 25 still employed in the construction sector at the end of June did not have a Leaving Certificate qualification;

recognises:

- the urgent need for the Government to bring forward a strategy that prioritises the needs of those construction sector workers who have lost their jobs or are at risk of losing their jobs;
- the need to make sure that a controlled reduction in the dependency on the construction sector includes measures to ensure continued employment opportunities in construction as well as measures to enable workers from this sector to access alternative employment; and
- the need for the Government to prioritise the creation of alternative employment opportunities;

calls on the Government:

- to increase our competitiveness and aid economic recovery by frontloading infrastructure projects that can employ workers from the construction sector, including transport, schools, crèches, hospital and primary care development;
- to implement a State Housing Infrastructure Plan, designed to address both housing need and unemployment in the construction sector, including:
 - the construction of the required social housing by local authorities on a targeted basis over 5 years;
 - the completion of currently stalled regeneration projects in local authority housing estates and complexes;
 - a programme of upgrading of local authority dwellings, with special emphasis on housing for older people;
 - a social housing maintenance programme, equipping local authorities to ensure that their housing stock is kept in good repair;
 - a home heating programme to ensure that local authority tenants, especially older people, have sufficient and energy efficient heating in their homes;

- a home insulation programme to conserve energy and reduce energy costs for householders; and
- a home adaptation programme to carry out essential works to adapt homes for the use of people with disabilities, in tandem with reform of the Disabled Persons' Housing Grant;
- to introduce specific training and upskilling courses for alternative industries to construction to be made available through FÁS and the state's universities and DITs;
- to provide special retraining for construction workers so they can work in the energy saving and renewable energy sectors;
- to introduce a specific back to education scheme for construction sector workers under the age of 25 who did not complete second level education;
- to introduce a mortgage support package for those who have lost their jobs;
- to take steps to deal with the predicament of construction sector workers who were pushed into becoming self-employed by their employers and who consequently do not have adequate social insurance contributions to access social welfare entitlements by allowing for contributions for the last five years to be considered rather than the normal governing contribution period of two years; and
- to introduce measures to allow apprentices to complete apprenticeships that were curtailed due to the recession in construction.” — *Caoimhghín Ó Caoláin, Arthur Morgan, Martin Ferris, Aengus Ó Snodaigh.*

74. “That Dáil Éireann:

deplores:

- the savage cuts to the budget of the Equality Authority which has removed 43% of its budget and will severely limit its capacity to carry out its core functions;
- the ill-thought out and poorly planned decision to decentralise the Equality Authority which has resulted in the loss of experienced and expert staff;
- the treatment of the Equality Authority by the Government which ultimately resulted in the resignation of its Chief Executive and a Board Member;
- the unprecedented cut to the budget of the Irish Human Rights Commission which has removed 24% of its budget and will severely limit its capacity to carry out its core functions;
- the weakening of the Irish Human Rights Commission despite its importance in the context of the Good Friday Agreement; and
- the disproportionate budget cuts to human rights and equality bodies despite the myriad of agencies under the remit of the Department of Justice, Equality and Law Reform;

calls on the Government to immediately:

- engage bilaterally with the Equality Authority and Irish Human Rights Commission to ascertain their resource needs;
- provide the necessary funding to allow the Irish Human Rights Commission and the Equality Authority to carry out their full remits; and

- affirm the Government's commitment to uphold human rights and equality in Irish society and to deliver on its own stated policies in these areas.” — *Charles Flanagan, Enda Kenny, Bernard Allen, James Bannon, Seán Barrett, Pat Breen, Richard Bruton, Ulick Burke, Catherine Byrne, Joe Carey, Deirdre Clune, Paul Connaughton, Noel J.
