(a) National Asset Management Agency Bill 2009 — Second Stage (*resumed*).

*Leasuithe ar an Tairiscint don Dara Léamh:
Amendments to Motion for Second Reading:*

1. To delete all words after “That” and substitute the following:

“Dáil Éireann,

- Believing that the NAMA approach is fundamentally flawed;
- Concerned at the implications for Irish taxpayers of a strategy that involves paying way over the market price for property-based loans;
- Recognising that the risks to the Irish Exchequer are enormous and irreversible;
- Urging the Government to withdraw the plan and prepare proposals for the temporary nationalisation of the two main banks;

declines to give a Second Reading to the National Asset Management Agency Bill 2009.”. — *Joan Burton*.

2. To delete all words after “That” and substitute the following:

“Dáil Éireann declines to give the National Asset Management Agency Bill 2009 a second reading because:

1. The Government has published neither the Bacon report that underpins the NAMA proposal nor any proper analysis of this enormous initiative in terms of:
 - a. The enormous risks for taxpayers of using a dubious and politically influenced valuation methodology to pay €90 billion for assets of highly uncertain long-term value;
 - b. The growing doubts regarding its impact on bank lending;
 - c. The growing concerns from creating a secretive, politically directed, state-managed, tax funded work-out process for 1,500 property developers.
2. The Government has not facilitated a review by the Oireachtas of independent analysis of alternative banking solutions which international evidence suggests are likely to be more effective at getting credit flowing, less costly and fairer for the taxpayer and less vulnerable to political manipulation and business lobbying.”.
