Fógraí Tairisceana:
Notices of Motions:

- 76.** “That Dáil Éireann:

- notes the swift response and work of local authority workers during the cold weather emergency;
- condemns the Government for its slow national response to the recent weather crisis;
- is concerned that no national co-ordination plan for severe weather emergencies is in place to co-ordinate local plans at a national level;
- recognises the social and economic hardship caused by water restrictions and by local transport network disruptions;
- recognises that an inefficient, outdated and fragmented water network has contributed to water problems across the State;
- notes with concern that on average 43% of Ireland’s treated water supply was lost through unidentified leaks before the recent severe cold weather;
- notes the refusal of the Government to put additional financial measures in place to address severely damaged local and regional roads; and
- recognises that the 32% cut in the regional and local road upkeep budget implemented by the Department of Transport last year compounded damage caused by cold weather; and

calls on the Government to:

- establish a single water semi-State utility company to take over responsibility for water investment and management on a national basis;
- re-allocate future water funding from the Exchequer to prioritise water conservation;
- examine all engineering resources of the State to ensure a rapid remedy to widespread burst water mains;
- develop and test as a matter of priority a national severe weather emergency plan that outlines the actions to be taken by the Government and its agencies; and
- provide additional funding for the restoration of severely damaged local and regional roads for reasons of road safety and to minimise costly reconstruction costs caused by

further deterioration.” — *Phil Hogan, Fergus O'Dowd, Enda Kenny, Bernard Allen, James Bannon, Seán Barrett, Pat Breen, Richard Bruton, Ulick Burke, Catherine Byrne, Joe Carey, Deirdre Clune, Paul Connaughton, Noel J. 77. “That Dáil Éireann:

deplores:

- the savage cuts to the budget of the Equality Authority which has removed 43% of its budget and will severely limit its capacity to carry out its core functions;
- the ill-thought out and poorly planned decision to decentralise the Equality Authority which has resulted in the loss of experienced and expert staff;
- the treatment of the Equality Authority by the Government which ultimately resulted in the resignation of its Chief Executive and a Board Member;
- the unprecedeted cut to the budget of the Irish Human Rights Commission which has removed 24% of its budget and will severely limit its capacity to carry out its core functions;
- the weakening of the Irish Human Rights Commission despite its importance in the context of the Good Friday Agreement; and
- the disproportionate budget cuts to human rights and equality bodies despite the myriad of agencies under the remit of the Department of Justice, Equality and Law Reform;

calls on the Government to immediately:

- engage bilaterally with the Equality Authority and Irish Human Rights Commission to ascertain their resource needs;
- provide the necessary funding to allow the Irish Human Rights Commission and the Equality Authority to carry out their full remits; and
- affirm the Government’s commitment to uphold human rights and equality in Irish society and to deliver on its own stated policies in these areas.” — *Charles Flanagan, Enda Kenny, Bernard Allen, James Bannon, Seán Barrett, Pat Breen, Richard Bruton, Ulick Burke, Catherine Byrne, Joe Carey, Deirdre Clune, Paul Connaughton, Noel J. 82. “That Dáil Éireann:

- expresses its sympathy to all citizens affected by recent flooding in all parts of the country;
- notes the severe social and economic hardship caused by serious flooding;
- recognises that increased rainfall in Ireland will be a consequence of global warming and that Government will have to adapt to changing climate patterns;
- notes with concern that Government has no co-ordinated and integrated flooding alert system or response plan in the event of serious flooding; and
- recognises that most other developed at risk countries have advanced flood warning systems that act to minimise damage and disruption caused by flooding;

calls on the Government to develop a new national flood alert system to be controlled by the Environmental Protection Agency and Met Éireann that is based on a system of flood alert codes that results in co-ordinated preventative action from the local authorities, civil defence, the Office of Public Works, and the emergency services; and

calls on the Minister for the Environment, Heritage and Local Government to:

- immediately support local authorities in providing safe drinking water to communities with potentially contaminated water supplies caused by flooding;
- immediately request reports from all local authorities to outline the damage caused and reasons for recent flooding;
- review the national flood relief capital programme in order to prioritise areas subject to frequent flooding; and
