Tairiscint (atógáil) (1 ur. 30 n. fágtha):

Motion (resumed) (1 hr. 30 m. remaining):

76. “That Dáil Éireann, noting with concern that since the Taoiseach took office:

- the number of people on the live register has more than doubled bringing the total number on the live register to a record 466,923;
- over 100,000 people have emigrated;
- GNP has declined by 20% and the Irish recession has been deeper and longer than that of any other EU country;
- Irish borrowing costs have increased dramatically, reflecting the growing lack of international confidence in Ireland’s economic strategy; and
- the Government has failed to present a coherent jobs strategy;

calls on the Government to steer Ireland away from economic disaster by putting jobs at the centre of a new confidence-building economic strategy, in particular by:

- using the National Pensions Reserve Fund, private pension funds and sales of non-strategic State assets to accelerate the investments in high speed broadband, clean energy and water needed to make Ireland a better place to do business and to create jobs;
- cutting employers’ PRSI rates for the low paid;
- scrapping the travel tax and reducing airport charges as part of a deal with the airline industry to expand services and increase tourist numbers;
- providing partial loan guarantees for small and medium sized enterprises;
- publishing an action plan for implementing the recommendations of the National Competitiveness Council and the Competition Authority in order to drive down costs in the economy;
- slashing unnecessary red tape for small businesses;
- providing second chance education and traineeship positions for unemployed young people; and
- encouraging entrepreneurship by overhauling our outdated bankruptcy laws.” — *Richard Bruton, Enda Kenny, John Perry, Bernard Allen, James Bannon, Seán Barrett, Pat Breen, Ulick Burke, Catherine Byrne, Joe Carey, Deirdre Clune, Paul Connaughton, Noel J. counter the drift of people into long-term unemployment and which is expected to create up to 10,000 new jobs;

- establishing the €500 million Innovation Fund to support entrepreneurs so that they can create jobs; and
- increasing the number of training places for the unemployed to over 180,000 so that they have the skills to access the 96,000 vacancies forecasted to arise each year on average up to 2014;
