Fógraí Tairisceana:
Notices of Motions:

- 214.** “That Dáil Éireann:

notes that:

- access to secure and genuinely affordable housing is increasingly out of reach for many people;
- from the locked-out generation of students and young workers or unemployed people to older workers facing into retirement, high-cost insecure accommodation is a reality for too many people;
- the failure of the Government to provide an adequate supply of good quality public housing in sustainable communities lies at the heart of the housing crisis;
- the most graphic symptom of this crisis is the growing number of children living in emergency accommodation;
- a new approach to housing is required to meet the housing needs of all those locked out of the private market including young people, those on modest incomes, those on low pensions, those on council waiting lists, Travellers, people with disabilities, older people and students; and
- important proposals to address the housing crisis have been put forward by a wide variety of groups including the National Homeless and Housing Coalition and the Irish Congress of Trade Unions; and

calls on the Government to:

- declare the housing and homeless crisis an emergency;
- dramatically increase the supply of social and affordable (including cost rental) housing by increasing capital spending on housing to €2.3 billion in Budget 2019, increase Part V requirements to 20 per cent in standard developments and 30 per cent in strategic development zones, prioritise the delivery of public housing on public land, and aggressively target the return of vacant houses to active use;
- reduce the flow of adults and children into homelessness with emergency legislation

to make it illegal for landlords, banks and investment funds to evict tenants and homeowners in mortgage distress into homelessness, provide real security of tenure and real rent certainty by linking rent reviews to an index such as the Consumer Price Index and introducing measures to reduce the cost of rent, and introduce a target for ending long-term homelessness and the need to sleep rough; and

- hold a referendum to enshrine the right to housing in the Constitution.” — *Richard Boyd Barrett, Brid Smith, Gino Kenny, Ruth Coppinger, Mick Barry, Paul Murphy, Clare Daly, Mick Wallace, Maureen O'Sullivan, Thomas Pringle, Tommy Broughan, Catherine Connolly, Joan Collins, Seamus Healy, Brendan Howlin, Willie Penrose, Joan Burton, Alan Kelly, Sean Sherlock, Jan O'Sullivan, Brendan Ryan, Gerry Adams, John Brady, Pat Buckley, Seán Crowe, David Cullinane, Pearse Doherty, Dessie Ellis, Martin Ferris, Kathleen Funchion, Martin Kenny, Mary Lou McDonald, Denise Mitchell, Imelda Munster, Jonathan O'Brien, Eoin Ó Broin, Caoimhghín Ó Caoláin, Donnchadh Ó Laoghaire, Louise O'Reilly, Aengus Ó Snodaigh, Maurice Quinlivan, Brian Stanley, Peadar Tóibín, Roisin Shortall, Catherine Murphy, Catherine Martin, Eamon Ryan.*

- a disputed referendum on independence was held in Catalonia on 1st October, 2017;

notes with concern:

- the deteriorating political situation in Catalonia; and
- the unacceptable, disproportionate and counterproductive police violence against unarmed civilians on 1st October, 2017; and

- is deeply concerned by the recent internment without trial of leading members of the independence campaign and calls for their immediate release;

[20 March, 2018]

220. “That Dáil Éireann:

notes that:

- the National Union of Journalists has repeatedly called for a commission on the future of media in Ireland;
- journalistic independence is vital to allow journalism to hold power to account, thereby playing a vital role in a healthy democracy;
- the nature of what constitutes a media outlet has changed substantially in recent times, and legislation and regulations have not kept pace with developments in the media and digital news sector;
- various threats to the viability of legacy media exist and legitimate questions arise regarding how far media pluralism in Ireland extends;
- academic studies on the media landscape in Ireland have identified that Ireland is at significant risk regarding lack of media-plurality; and
- recent revelations by the Office of the Director of Corporate Enforcement (ODCE) in relation to the potential data breaches within Independent News and Media have once again highlighted the need to examine the operation of media outlets in Ireland; and

calls for the urgent establishment of a fully independent commission on the future of media in Ireland comprising a broad spectrum of representatives from relevant backgrounds, including consumers of media, with a view to making recommendations to nurture and sustain a healthy Irish news media where:

- the broad diversity of views and of cultural interests prevalent in society is reflected through the activities of media businesses and the public service broadcaster, including their editorial ethos, content and sources; and
- there is a healthy spread of ownership and control of media businesses, with no person or undertaking holding excessive interests within a sector or across different sectors of media business.” — *Catherine Murphy, Róisín Shortall, Brendan Howlin, Joan Burton, Alan Kelly, Jan O'Sullivan, Willie Penrose, Brendan Ryan, Sean Sherlock.*

[1 May, 2018]

221. “That Dáil Éireann:

notes:

- the increasing importance of digital communications platforms such as Facebook and Google during national elections and referendum campaigns;
- the Cambridge Analytica scandal which highlighted how outside interests can use online tracking and advertising tools to influence national elections;
- that advertising on such platforms is not regulated under existing election advertising

rules;

- the work of the Transparent Referendum Initiative in recording the source and number of adverts carried on such platforms during the recent referendum campaign;
- how both Facebook and Google decided, with just three weeks to go to polling day, to amend their own rules to restrict the carrying of advertising in relation to the referendum for the remainder of the campaign;
- the need to understand whether the volume of advertising from overseas was a factor in those decisions; and
- the opportunity that exists to set a precedent on the need for transparency surrounding such advertising;

calls on the relevant social media companies to:

- work with the Transparent Referendum Initiative to provide details on the volume and value of referendum advertising that was carried on their platforms during the recent referendum to repeal the Eighth Amendment of the Constitution of Ireland; and
- publish such data in a prompt manner and in accordance with the provisions of the General Data Protection Regulation (GDPR) European Directive; and

calls on the Government to commit to finalising the necessary legislation to ensure there is proper regulation of such online election advertising in the future, including mechanisms to provide full transparency on the level and source of such advertising expenditure.” — *Eamon Ryan, Catherine Martin*.

[4 July, 2018]

222. “That Dáil Éireann:

notes that:

- with 34.4 million air passengers in Ireland in 2017, there has been an increase in the use of air travel over many years;
- there is a probable impact of increased traffic at Irish airports due to the United Kingdom’s decision to leave the European Union (EU); and
- the Dublin Airport Authority (DAA) is now planning for up to 50 million plus passengers per annum at Dublin Airport alone;

further notes that:

- EU Directives, planning conditions and environmental impact studies have developed over the past 20-25 years, leading to stricter noise conditions being imposed on developments by airports;
- Dublin Airport runway 10R 28L currently has night flights and with a planning condition for no night flights to take place on the new northern runway 10L 28R, all night flights would be directed onto the older runway;
- over 250 European airports, including London Heathrow and Frankfurt, have longstanding restrictions on night flights;
- homes recording noise levels of 63 decibels are to be offered insulation and those affected by 69 decibels are to be offered relocation via a voluntary buy-out scheme;
- the community of St. Margaret’s The Ward and St. Margaret’s received a level of insulation for their homes and schools following a public period of negotiation with

the then Aer Rianta, and this level of insulation has not been reviewed or upgraded since;

- the new northern runway and indeed the existing runway have impacted and will impact further on the value of the properties within certain noise contours, and will also impact on the health of the residents and the environment of the local communities; and
- local residents believe, however that the economic importance of Dublin Airport and the necessity for growth can co-exist with the local community, with proper insulation and sound barrier technologies installed, reasonable noise controls and a voluntary buy-out scheme for those who decide they need to leave; and

calls on the Government to:

- restrict air travel between the hours of 11.30 p.m. and 5 a.m. on all runways;
- instruct the Environmental Protection Agency to carry out independent noise pollution investigations in a selection of homes affected by noise pollution from runway 10R 28L and the proposed new northern runway 10L 28R;
- examine European best practice for insulation and ensure that all homes receive this level of support;
- ensure that the homes affected by the older 10R 28L runway are provided with the same level of insulation as the homes affected by the new northern runway 10L 28R;
- direct the DAA and other airport authorities to offer either improved insulation or a voluntary buy-out scheme to those homes affected, and for insulation and the voluntary buy-out option to be reviewed/upgraded every 5-7 years; and
- bring forward the noise pollution legislation promised but never enacted by previous Governments.” — *Thomas P. Broughan, Clare Daly.*

[18 September, 2018]

223. “That Dáil Éireann:

notes that the Health Service Executive (HSE) submitted an audit report to the Government on 11th June, 2018, confirming that, in general, Section 39 organisations had maintained alignment with HSE pay scales during the Financial Emergency Measures in the Public Interest (FEMPI) cuts and that pay cuts averaged around 4.66 per cent since 2010;

further notes that:

- a private members’ motion was agreed by Dáil Éireann in January 2018, calling on the Government to undertake such an audit and analysis, and to commit to reimbursement of any cuts found;
- Section 39 organisations are in agreement with staff and unions that pay restoration is due to staff as per the Lansdowne Road Agreement (Public Sector Stability Agreement 2018-2020) but, in general, they are unable to meet these increased pay demands from their own restricted funds;
- the Labour Court recommendation LCR21609 on 20th November, 2017, between the Irish Wheelchair Association (IWA) and the Services, Industrial, Professional and Technical Union (SIPTU) confirmed the alignment between the IWA pay scales and the HSE;

- the Labour Court recommendation LCR21609 on 20th November, 2017, also criticised the HSE’s administrative requirement for the IWA and SIPTU to engage in the industrial relations process;
- industrial action is due to take place across Section 39 services on 18th September, having been deferred since February to allow for talks;
- funding has still not been provided to Section 39 organisations to restore pay in line with HSE pay rates;
- delays are merely increasing the amounts due to staff incrementally and creating distress and unease for staff and services;
- due to lack of pay restoration, Section 39 organisations find themselves under extreme pressure in relation to recruitment and retention of staff; and
- the work of Section 39 organisations and their staff is of importance, and that industrial action for the large numbers of vulnerable service-users would be a catastrophe; and

calls on the Government to:

- immediately implement the motion as passed by Dáil Éireann on 17th January, 2018, calling for restoration of pay for staff of Section 39 organisations; and
- instruct the HSE to immediately provide the additional funding to the Section 39 organisations found in the HSE report, of which a copy was submitted to the Government on 11th June, 2018, to meet pay restoration obligations to staff.” — *Thomas P. Broughan, Thomas Pringle, Clare Daly, Mick Wallace, Maureen O’Sullivan, Joan Collins, Catherine Connolly.*

224. “That Dáil Éireann:

recognises that:

- post offices provide crucial economic, administrative and social services to communities all around Ireland, especially to those in rural and isolated areas;
- many citizens depend on post offices in order to access basic State services, including social welfare payments and passport applications, as well as key financial services including insurance, banking and foreign exchange;
- this Government and the previous Government have stripped vital State services away from rural communities, including rural transport links, support for small schools, and rural Garda stations;
- previous post office closures took place as the result of population decline and not as the result of a pre-meditated programme to drastically reduce the number of post offices that are present in rural areas;
- technological and societal changes have presented significant challenges to the existent post office business model, and that significant change is required in order to ensure the viability of the An Post network;
- the Programme for a Partnership Government committed to revitalising the An Post network through the introduction of new services; and
- there has been a Post Office Network Business Development Group since 2014, which made a final report to the Government in January 2016 that made 23

recommendations, which have yet to be acted upon;

notes that:

- it is the Government's responsibility to provide equality of access to important services to all citizens;
- following the recent decision by An Post to circulate retirement packages to hundreds of postmasters and postmistresses, 159 have elected to take their well-deserved retirements;
- it is An Post's intention that wherever a postmaster or postmistress has elected to retire, that post office will close, leaving communities without access to critical post office services;
- other European countries have already extended Public Service Obligation (PSO) payments for the purpose of maintaining post office outlets in areas where they would be otherwise financially unviable; and
- the proposed changes to a 15 kilometre radius will place an intolerable burden on the elderly and most vulnerable in our communities, particularly those without access to private or public transport; and

calls on the Government to:

- guarantee the current An Post network to ensure that all citizens of Ireland have access to this important service by introducing a new PSO payment for post offices, based on models in the United Kingdom;
- immediately roll out new services, as recommended by the Post Office Network Business Development Group and An Post's own strategy, to ensure the financial viability of the entire An Post network; and
- prevent the loss of post office services in the 159 communities where postmasters or postmistresses are retiring by advertising a new contract, appropriate to the local area and taking into consideration the potential for co-location, to continue the provision of post office services." — *Timmy Dooley, Bobby Aylward, John Brassil, Declan Breathnach, James Browne, Mary Butler, Thomas Byrne, Jackie Cahill, Dara Calleary, Pat Casey, Shane Cassells, Jack Chambers, Lisa M.
