Fógraí Tairisceana:
Notices of Motions:

215. “That Dáil Éireann:

notes that:

- nurses and midwives have taken industrial action to end wage restraint, lack of pay parity and against the working conditions they are faced with;
- there is a crisis in recruitment and retention of nurses and midwives as a result of pay and conditions they are faced with;
- like all workers, nurses and midwives have seen a massive rise in the cost of living, such as childcare, rent and housing generally;
- there is considerable support and solidarity for nurses and midwives as a result of ordinary people’s direct experiences of the health service;
- paramedics have taken strike action seeking recognition of their union, the National Ambulance Service Representative Association (NASRA);
- there is enormous wealth in our society and yet our health service is being starved of resources, resulting in nurses and midwives being underpaid;
- €270 million was used to pay Anglo Irish Bank junior bondholders in December 2018;
- BAM Ireland, the construction company that is building the new children’s hospital, saw its turnover rise by 28 per cent in 2017 to €465 million, while its pre-tax profits for that year were €15.9 million; and
- Ireland’s richest 300 people have €79 billion in wealth;

believes that:

- there is a need to reverse austerity measures that have hit the health service;
- there is a need for a national health service that is free at the point of use and under

- the democratic control of working class people;
 - a victory for nurses and midwives in this strike would be a victory for all workers and our health service;
 - strike action by nurses and midwives has demonstrated the effectiveness of strike action in seeking just and necessary pay increases and improvements to working conditions;
 - the recommendations from the Labour Court on 11th February, 2019, which are supported by Government, fall short of the demands of nurses and midwives in their dispute; and
 - if this offer is rejected, the Irish Congress of Trade Unions must give full support for the nurses so that the struggle can be brought to a quick but satisfactory outcome; and
- calls on the Government to recognise NASRA as the representative union of their members and to accede to the full pay demands of nurses and midwives.” — *Mick Barry, Ruth Coppinger, Paul Murphy.*

Amendment:

1. To delete all words after “Dáil Éireann:” and substitute the following:

“notes that:

- the Irish Nurses and Midwives Organisation’s Executive Council and the Psychiatric Nurses Association have suspended industrial action, following a recommendation from the Labour Court;
- the Labour Court recommendation makes progress across all areas of concern to the nursing unions, including the key areas of safe staffing and addressing recruitment and retention problems; and
- the agreement by both sides that the resolution to the dispute must be found within the framework of the Public Service Stability Agreement;

welcomes proposals for:

- enhanced practice in nursing and midwifery with the development of a new Enhanced Nurse Practice salary scale;
- guaranteed multi-annual funding to maintain safe staffing levels;
- increased education and training opportunities;
- an expert review of the nursing profession to be undertaken in the medium term; and
- the addressing of other issues of concern to the union side as part of the resolution of the dispute; and

calls for all sides to the dispute to be given time to consider the recommendations without interference.” — *Stephen S.
