Notices of Motions:

220. “That Dáil Éireann:

declares that:

- shelter is a fundamental human right, as recognised in the International Covenant on Economic, Social and Cultural Rights, and in Ireland everyone has a right to decent, affordable housing;
- it is the duty of the Government and the State, as well as of everyone in society, to ensure that every person can have their right to shelter fulfilled, through the provision of quality affordable housing; and
- in the context of Ireland’s obligations to reduce greenhouse gas emissions, all housing should be designed or retrofitted to minimise emissions, and in so doing, reduce and eliminate energy poverty;

acknowledges that:

- the cost of renting and home purchase has soared in recent years, especially in the major urban areas, far in excess of the average household incomes, which clearly shows that the current situation is unsustainable and that housing is no longer affordable for many workers;
- more than 10,000 persons are currently homeless, tens of thousands of people have experienced homelessness in recent years, and every year more people are becoming homeless than are leaving homelessness; and
- around 75,000 households (4.4 per cent) are unable to afford to keep their homes adequately warm, and around 138,000 (8.1 per cent) go without heating at some point during the year;

recognises that:

- for over 10,000 people to be homeless is a national scandal and proves Government policy on housing to have failed utterly;
- Ireland's market-dependent approach to housing provision has failed and a fundamentally new approach is required;
- in some European countries, especially in cities such as Vienna, a much larger proportion of the population rents their homes from public authorities;
- in some European countries, such as Denmark and Sweden, housing co-operatives provide a much larger proportion of the housing stock, which is more affordable;
- in other jurisdictions, standards of insulation are much higher than in Ireland, whereas in Ireland nearly half (49 per cent) of all dwellings with an energy rating, are rated D1 or worse;
- the Government has the means to invest at least €16 billion for State-led development of social housing and affordable public housing without increasing taxes;
- the State can build well-insulated, good quality homes for less than €200,000 per unit on publicly-owned land; and
- State-led action to provide social housing and affordable housing would reduce house prices overall, making it easier for young families to afford home ownership, if they wish, while also providing them with a secure alternative; and

calls on the Government to:

- create an Irish housing development bank, by merging parts of the National Asset Management Agency (NAMA) with the Housing Agency, Housing Finance Agency and the Land Development Agency, to act as a State-owned commercial housing developer with a remit to produce social housing and affordable public housing on publicly-owned land;
- allocate €5 billion from the Ireland Strategic Investment Fund to the Irish housing development bank;
- allocate annual payments of €500 million to the Irish housing development bank rather than to the so-called 'rainy day fund';
- establish a State-led public housing fund in the Central Bank of Ireland, to allow credit unions to invest some or all of their approximately €14 billion in savings, so that this money can be used by the Irish housing development bank to develop social housing and affordable public housing;
- create through these means a fund of no less than €16 billion which can be invested to develop at least 80,000 units of social housing and affordable public housing on publicly-owned land over the next five years;
- keep the same or greater amount of land for residential housing in public ownership;
- establish a retrofitting scheme, to ensure that all local authority housing is brought up to a high-energy rating in terms of good insulation and energy efficiency;
- raise the requirement to sell housing units at cost to the local authority under Part V of the Planning and Development Act 2000 from 10 per cent to 20 per cent, and allow local authorities to choose which units to purchase at cost;
- create housing executives within a number of local authorities, to operate as shared

services across all of the State and to restore the necessary competencies for housing management, maintenance and development at local government level;

- strengthen the protection of tenants in the private rented sector, especially those at risk of homelessness, while supporting landlords with only one or two properties to comply with the law;
- provide a strong legal basis for long-term leasing of private residential property, with safeguards for older people and people affected by illness or disability; and
- support home ownership by supporting the development of housing co-operatives and by regulating institutional buy-to-let investors to ensure they have no unfair advantage over households seeking to purchase housing.” — *Brendan Howlin, Joan Burton, Alan Kelly, Jan O’Sullivan, Willie Penrose, Brendan Ryan, Sean Sherlock.*

221. “That Dáil Éireann:

notes that:

- the National Union of Journalists has repeatedly called for a commission on the future of media in Ireland;
- journalistic independence is vital to allow journalism to hold power to account, thereby playing a vital role in a healthy democracy;
- the nature of what constitutes a media outlet has changed substantially in recent times, and legislation and regulations have not kept pace with developments in the media and digital news sector;
- various threats to the viability of legacy media exist and legitimate questions arise regarding how far media pluralism in Ireland extends;
- academic studies on the media landscape in Ireland have identified that Ireland is at significant risk regarding lack of media-plurality; and
- recent revelations by the Office of the Director of Corporate Enforcement (ODCE) in relation to the potential data breaches within Independent News and Media have once again highlighted the need to examine the operation of media outlets in Ireland; and

calls for the urgent establishment of a fully independent commission on the future of media in Ireland comprising a broad spectrum of representatives from relevant backgrounds, including consumers of media, with a view to making recommendations to nurture and sustain a healthy Irish news media where:

- the broad diversity of views and of cultural interests prevalent in society is reflected through the activities of media businesses and the public service broadcaster, including their editorial ethos, content and sources; and
- there is a healthy spread of ownership and control of media businesses, with no person or undertaking holding excessive interests within a sector or across different sectors of media business.” — *Catherine Murphy, Róisín Shortall, Brendan Howlin, Joan Burton, Alan Kelly, Jan O’Sullivan, Willie Penrose, Brendan Ryan, Sean Sherlock.*

222. “That Dáil Éireann:

notes:

- the increasing importance of digital communications platforms such as Facebook and Google during national elections and referendum campaigns;
- the Cambridge Analytica scandal which highlighted how outside interests can use online tracking and advertising tools to influence national elections;
- that advertising on such platforms is not regulated under existing election advertising rules;
- the work of the Transparent Referendum Initiative in recording the source and number of adverts carried on such platforms during the recent referendum campaign;
- how both Facebook and Google decided, with just three weeks to go to polling day, to amend their own rules to restrict the carrying of advertising in relation to the referendum for the remainder of the campaign;
- the need to understand whether the volume of advertising from overseas was a factor in those decisions; and
- the opportunity that exists to set a precedent on the need for transparency surrounding such advertising;

calls on the relevant social media companies to:

- work with the Transparent Referendum Initiative to provide details on the volume and value of referendum advertising that was carried on their platforms during the recent referendum to repeal the Eighth Amendment of the Constitution of Ireland; and
- publish such data in a prompt manner and in accordance with the provisions of the General Data Protection Regulation (GDPR) European Directive; and

calls on the Government to commit to finalising the necessary legislation to ensure there is proper regulation of such online election advertising in the future, including mechanisms to provide full transparency on the level and source of such advertising expenditure.” — *Eamon Ryan, Catherine Martin.*

[4 July, 2018]

223. “That Dáil Éireann:

notes that:

- with 34.4 million air passengers in Ireland in 2017, there has been an increase in the use of air travel over many years;
- there is a probable impact of increased traffic at Irish airports due to the United Kingdom’s decision to leave the European Union (EU); and
- the Dublin Airport Authority (DAA) is now planning for up to 50 million plus passengers per annum at Dublin Airport alone;

further notes that:

- EU Directives, planning conditions and environmental impact studies have developed over the past 20-25 years, leading to stricter noise conditions being imposed on

developments by airports;

- Dublin Airport runway 10R 28L currently has night flights and with a planning condition for no night flights to take place on the new northern runway 10L 28R, all night flights would be directed onto the older runway;
- over 250 European airports, including London Heathrow and Frankfurt, have longstanding restrictions on night flights;
- homes recording noise levels of 63 decibels are to be offered insulation and those affected by 69 decibels are to be offered relocation via a voluntary buy-out scheme;
- the community of St. Margaret's The Ward and St. Margaret's received a level of insulation for their homes and schools following a public period of negotiation with the then Aer Rianta, and this level of insulation has not been reviewed or upgraded since;
- the new northern runway and indeed the existing runway have impacted and will impact further on the value of the properties within certain noise contours, and will also impact on the health of the residents and the environment of the local communities; and
- local residents believe, however that the economic importance of Dublin Airport and the necessity for growth can co-exist with the local community, with proper insulation and sound barrier technologies installed, reasonable noise controls and a voluntary buy-out scheme for those who decide they need to leave; and

calls on the Government to:

- restrict air travel between the hours of 11.30 p.m. and 5 a.m. on all runways;
- instruct the Environmental Protection Agency to carry out independent noise pollution investigations in a selection of homes affected by noise pollution from runway 10R 28L and the proposed new northern runway 10L 28R;
- examine European best practice for insulation and ensure that all homes receive this level of support;
- ensure that the homes affected by the older 10R 28L runway are provided with the same level of insulation as the homes affected by the new northern runway 10L 28R;
- direct the DAA and other airport authorities to offer either improved insulation or a voluntary buy-out scheme to those homes affected, and for insulation and the voluntary buy-out option to be reviewed/upgraded every 5-7 years; and
- bring forward the noise pollution legislation promised but never enacted by previous Governments.” — *Thomas P. Broughan, Clare Daly*.

224. “That Dáil Éireann:

notes that the Health Service Executive (HSE) submitted an audit report to the Government on 11th June, 2018, confirming that, in general, Section 39 organisations had maintained alignment with HSE pay scales during the Financial Emergency Measures in the Public Interest (FEMPI) cuts and that pay cuts averaged around 4.66 per cent since 2010;

further notes that:

- a private members’ motion was agreed by Dáil Éireann in January 2018, calling on the Government to undertake such an audit and analysis, and to commit to

reimbursement of any cuts found;

- Section 39 organisations are in agreement with staff and unions that pay restoration is due to staff as per the Lansdowne Road Agreement (Public Sector Stability Agreement 2018-2020) but, in general, they are unable to meet these increased pay demands from their own restricted funds;
- the Labour Court recommendation LCR21609 on 20th November, 2017, between the Irish Wheelchair Association (IWA) and the Services, Industrial, Professional and Technical Union (SIPTU) confirmed the alignment between the IWA pay scales and the HSE;
- the Labour Court recommendation LCR21609 on 20th November, 2017, also criticised the HSE’s administrative requirement for the IWA and SIPTU to engage in the industrial relations process;
- industrial action is due to take place across Section 39 services on 18th September, having been deferred since February to allow for talks;
- funding has still not been provided to Section 39 organisations to restore pay in line with HSE pay rates;
- delays are merely increasing the amounts due to staff incrementally and creating distress and unease for staff and services;
- due to lack of pay restoration, Section 39 organisations find themselves under extreme pressure in relation to recruitment and retention of staff; and
- the work of Section 39 organisations and their staff is of importance, and that industrial action for the large numbers of vulnerable service-users would be a catastrophe; and

calls on the Government to:

- immediately implement the motion as passed by Dáil Éireann on 17th January, 2018, calling for restoration of pay for staff of Section 39 organisations; and
- instruct the HSE to immediately provide the additional funding to the Section 39 organisations found in the HSE report, of which a copy was submitted to the Government on 11th June, 2018, to meet pay restoration obligations to staff.” — *Thomas P. Broughan, Thomas Pringle, Clare Daly, Mick Wallace, Maureen O’Sullivan, Joan Collins, Catherine Connolly.*

225. “That Dáil Éireann:

recognises that:

- post offices provide crucial economic, administrative and social services to communities all around Ireland, especially to those in rural and isolated areas;
- many citizens depend on post offices in order to access basic State services, including social welfare payments and passport applications, as well as key financial services including insurance, banking and foreign exchange;
- this Government and the previous Government have stripped vital State services away from rural communities, including rural transport links, support for small schools, and

rural Garda stations;

- previous post office closures took place as the result of population decline and not as the result of a pre-meditated programme to drastically reduce the number of post offices that are present in rural areas;
- technological and societal changes have presented significant challenges to the existent post office business model, and that significant change is required in order to ensure the viability of the An Post network;
- the Programme for a Partnership Government committed to revitalising the An Post network through the introduction of new services; and
- there has been a Post Office Network Business Development Group since 2014, which made a final report to the Government in January 2016 that made 23 recommendations, which have yet to be acted upon;

notes that:

- it is the Government's responsibility to provide equality of access to important services to all citizens;
- following the recent decision by An Post to circulate retirement packages to hundreds of postmasters and postmistresses, 159 have elected to take their well-deserved retirements;
- it is An Post's intention that wherever a postmaster or postmistress has elected to retire, that post office will close, leaving communities without access to critical post office services;
- other European countries have already extended Public Service Obligation (PSO) payments for the purpose of maintaining post office outlets in areas where they would be otherwise financially unviable; and
- the proposed changes to a 15 kilometre radius will place an intolerable burden on the elderly and most vulnerable in our communities, particularly those without access to private or public transport; and

calls on the Government to:

- guarantee the current An Post network to ensure that all citizens of Ireland have access to this important service by introducing a new PSO payment for post offices, based on models in the United Kingdom;
- immediately roll out new services, as recommended by the Post Office Network Business Development Group and An Post's own strategy, to ensure the financial viability of the entire An Post network; and
- prevent the loss of post office services in the 159 communities where postmasters or postmistresses are retiring by advertising a new contract, appropriate to the local area and taking into consideration the potential for co-location, to continue the provision of post office services.” — *Timmy Dooley, Bobby Aylward, John Brassil, Declan Breathnach, James Browne, Mary Butler, Thomas Byrne, Jackie Cahill, Dara Calleary, Pat Casey, Shane Cassells, Jack Chambers, Lisa Chambers, Niall Collins, Barry Cowen, John Curran, Stephen S. 226. “That Dáil Éireann:

acknowledges with grave concern the Irish Fiscal Advisory Council (IFAC)’s Fiscal Assessment Report, November 2018;

calls on the Minister for Finance and Public Expenditure and Reform to address the criticisms of budgetary policy raised by the IFAC, which include the following:

- that taken together, Budget 2018 spending and ‘the Budget 2019 plans are not conducive to prudent economic and budgetary management’;
- repeated budgetary failures have ‘left the public finances more exposed to adverse shocks’;
- the ‘medium-term budgetary plans are not credible’;
- over-reliance on corporation tax has inhibited net policy spending rising ‘in line with sustainable revenues’; and
- the Minister’s fiscal stance has ‘echoes of 2007’; and

demands that in future the Minister sustainably and adequately funds critical public services, including health and disability services, housing and homelessness, education, social protection, transport, policing and defence, without recourse to annual supplementary estimates, and that he also sustainably funds mitigation measures to address the challenges of the very serious risks to Ireland’s economy and society, including from Brexit, climate change, the national debt and EU/international tax and trade developments.” — *Thomas P. Broughan*.

227. “That Dáil Éireann resolves that the County of Wexford Local Electoral Areas and Municipal Districts Order 2018 (S.I. No. 637 of 2018) be and is hereby annulled.”— *James Browne*.

[30 January, 2019]

228. “That Dáil Eireann:

reaffirms the principles of Article 6.1 of the Constitution of Ireland which states: ‘All powers of government, legislative, executive and judicial, derive, under God, from the people, whose right it is to designate the rulers of the State and, in final appeal, to decide all questions of national policy, according to the requirements of the common good.’;

notes that:

- the 32nd Dáil established a Citizens’ Assembly by resolution on 13th July, 2016; and
- on 14th January, 2018, the Citizens’ Assembly voted overwhelmingly for citizens’ initiatives to be provided for;

upholds the principle of direct democracy and the holding of constitutional referenda to effect legislative change;

acknowledges that a newly-constituted Citizens’ Assembly would help implement the

principles of direct democracy by adding citizen-initiated referenda to amend the Constitution of Ireland; and

supports empowering a Citizens' Assembly for the period of one year, so that it can devise a new mechanism that will enable citizens to robustly scrutinise proposed legislation, assess and advocate for citizens' initiatives and table amendments and counter proposals to Government-sponsored legislation;

agrees that membership of the new, one-year Citizens' Assembly will consist of:

- a chairperson, to be appointed by An Taoiseach;
- a minimum of 66 citizens, randomly selected so as to be broadly representative of Irish society and who are entitled to vote in a referendum and in local authority elections;
- one member from each of the political parties of the Northern Ireland Assembly;
- one member appointed by each political party/grouping of the Oireachtas; and
- substitutes, who may be appointed by each political party/grouping, and who will be entitled to full participation rights, including the right to vote; and

further agrees that:

- the Citizens' Assembly-
 - will agree its own rules of procedure to ensure effective conduct of its business which will be done in as economical a manner as possible;
 - will give appropriate regard to the conventions and clauses contained within the Good Friday and St. Andrews' Agreements;
 - will present an interim report to the Houses of the Oireachtas, including its recommendations, within two months of completing its deliberations; and
 - may invite and accept submissions from interested bodies and members of the public, and will seek advice and guidance whenever necessary to aid its members in their deliberations;
- all matters before the Citizens' Assembly will be determined by a majority of the votes cast by members present;
- the chairperson will have the casting vote in the event of a hung vote; and
- An Taoiseach will provide, to the Houses of the Oireachtas, a response to the recommendation/s of the Citizens' Assembly within one month of receiving the interim and final reports, and will indicate a timeframe as to when the holding of any related referendum is envisaged." — *Aengus Ó Snodaigh, Gerry Adams, John Brady, Pat Buckley, Seán Crowe, David Cullinane, Pearse Doherty, Dessie Ellis, Martin Ferris, Kathleen Funchion, Martin Kenny, Mary Lou McDonald, Denise Mitchell, Imelda Munster, Jonathan O'Brien, Eoin Ó Broin, Caoimhghín Ó Caoláin, Donnchadh Ó Laoghaire, Louise O'Reilly, Maurice Quinlivan, Brian Stanley.*

229. "That Dáil Éireann:

recognises that:

- the State and the Government have a duty of care to members of the Defence Forces;

- a number of former Air Corps personnel have taken legal action against the State as a result of illnesses believed to be caused by exposure to toxic chemicals during their employment;
- hundreds and possibly thousands of current and former members of the Air Corps may be affected by exposure to chemicals during their employment; and
- information provided by whistleblowers to the State outlines 73 deaths of serving and former Air Corps personnel prior to the age of 66, with the average age of death at 50;

acknowledges that a number of reports commissioned by or on behalf of State bodies, as early as the 1990s, have outlined significant safety concerns in relation to working conditions at Casement Aerodrome, Baldonnel;

condemns the fact that the safety concerns raised in the series of reports commissioned by or on behalf of State agencies were not addressed by the Air Corps or the Minister for Defence in a timely fashion;

commends the whistleblowers who have highlighted this matter and undertaken research in order to determine relevant facts in relation to the impact of lack of appropriate health and safety on Air Corps personnel;

calls on the Government to:

- commit to putting in place and maintaining full training, personal protective equipment and ventilation in order to minimise the risks to Air Corps personnel of toxic chemical exposure;
- outline the steps it intends to take to address the concerns raised by whistleblowers and ensure the highest possible standards of health and safety for Air Corps personnel; and
- put in place measures, including medical cards, to address the health needs of personnel that have been exposed to hazardous chemicals, and extend these measures to any civilians affected and to students who may be affected while on work experience; and

resolves to establish a Special Committee under Standing Order 84 to conduct relevant hearings into the matter of the health effects of toxic chemical exposure among Air Corps personnel, based on international evidence and a survey of former and serving Air Corps personnel, and provide a report and recommendations to the Dáil.” — *Aengus Ó Snodaigh, Gerry Adams, John Brady, Pat Buckley, Seán Crowe, David Cullinane, Pearse Doherty, Dessie Ellis, Martin Ferris, Kathleen Funchion, Martin Kenny, Mary Lou McDonald, Denise Mitchell, Imelda Munster, Jonathan O'Brien, Eoin Ó Broin, Caoimhghín Ó Caoláin, Donnchadh Ó Laoghaire, Louise O'Reilly, Maurice Quinlivan, Brian Stanley Micheál Martin and all other members of the Fianna Fáil parliamentary party, Brendan Howlin and all other members of the Labour parliamentary party, Clare Daly, Mick Wallace, Richard Boyd Barrett, Brid Smith, Gino Kenny, Thomas P. Broughan, Catherine Connolly.*

230. “That Dáil Éireann:

notes that:

- it is estimated that 90,000 to 180,000 people are affected by fibromyalgia in Ireland;

- fibromyalgia is a debilitating condition, with chronic pain and fatigue being the primary features;
- there are no nationwide specialist facilities or comprehensive treatments available;
- those living with fibromyalgia have encountered difficulties when trying to access social welfare, and instead of getting vital support at a crucial juncture in their illness, they are being refused and stigmatised, and as a result experience stress;
- the condition is significantly misunderstood; and
- the majority of those affected by fibromyalgia are women, at a ratio of 6:1;

agrees that:

- a national registry of the chronic pain syndromes and clinical guidelines for different types of chronic pain, as per the International Classification of Diseases codes and International Association for the Study of Pain – World Health Organization (WHO) guidelines, be drawn up to assist medical practitioners to better understand different types of chronic pain syndromes and to be able to differentiate according to WHO international guidelines;
- the delivery of care is limited by the lack of commitment to the diagnosis and treatment of fibromyalgia in addition to the deficiencies in resources currently available in community, primary and secondary care;
- the delivery of care is also hampered by the absence of clear guidelines for management, and the lack of opportunity to develop integrated care pathways across primary and secondary care;
- many people with fibromyalgia suffer from chronic pain;
- access to psychological therapies is a paramount need in health service development, together with improved access to all multidisciplinary health treatments;
- patient education and self-care is a vital aspect of management of fibromyalgia and optimal benefits are obtained when sufferers acquire skills in helping reregulation of the autonomic nervous system and other systems as well as pain and stress management skills;
- access to a recognised pain programme and pain psychologist, autogenic training, mindfulness and yoga can be especially helpful as part of comprehensive cognitive behavioural therapies, as well as appropriate exercise to improve mobility and function together with dietary adjustment, and in some cases the person with fibromyalgia is able to return to work;
- fibromyalgia should be recognised as a disability by the State for people with severe symptoms who have the condition on a long-term basis and which has proved unresponsive to interventions, and in these cases alternative treatments such as access to medicinal cannabis should be explored, and access to medicinal cannabis through the Cannabis Access Programme should be considered; and
- reliance on opioid based medicines is not desirable; and

calls on the Government to:

- establish an effective and sustainable model of care to diagnose, manage and treat fibromyalgia;
- bring an end to prescription charges;
- reduce/remove the monthly limit on the cost of medications for non-medical card holders;

- develop a model of care based on international best practice;
- implement a strategy to set up a framework where those living with fibromyalgia and myalgic encephalomyelitis (ME) are clearly recognised;
- conduct a review of the long-term illness scheme, as it has not been updated since 1970 (49 years ago);
- carry out a dedicated and rigorous review of the underlying causes of the condition; and
- roll-out a comprehensive education programme for those working in social welfare, dealing with people with chronic pain of all types.” — *Gino Kenny, Richard Boyd Barrett, Brid Smith, Mick Barry, Ruth Coppinger, Paul Murphy, Thomas P. Broughan, Caoimhghín Ó Caoláin, Mick Wallace, Clare Daly, Joan Collins, Mattie McGrath, Michael Collins, Michael Healy-Rae.*

[26 March, 2019]

231. “That Dáil Éireann:

notes that there are approximately 70 people, including 26 children, in Ireland with Spinal Muscular Atrophy (SMA), which is a rare and life-limiting muscle-wasting condition;

further notes that:

- SMA is the number one genetic cause of death for infants worldwide;
- SMA will affect around 1 in 11,000 babies born worldwide each year;
- there are four different types of SMA, with Type 1 SMA being the most severe and most common;
- Spinraza (Nusinersen), produced by Biogen, is the first treatment for SMA and is available in 25 of the 28 countries in the European Union;
- in February 2019, the Health Service Executive (HSE) did not approve Spinraza (Nusinersen) for reimbursement and negotiations with Biogen are ongoing;
- patients deteriorate when they stop taking Spinraza (Nusinersen) and real life testimony has been given to confirm the efficacy of the drug;
- 25 of the 64 Health Technology Assessment (HTA) reports which were submitted in the period from 1st January, 2016 to 30th November, 2018 related to orphan medicines, with 12 of these having been approved at the beginning of January 2019, and ongoing deliberations or commercial negotiations are continuing for 13 of these medicines;
- a 2017 Grant Thornton review of the National Centre for Pharmacoeconomics (NCPE), indicated that it was understaffed, at 8.5 whole-time equivalents, and that an additional 9 staff, including senior pharmacists, HTA assessors and statisticians, would be required to meet the additional workload; and
- with revenue and profits often in the billions, pharmaceutical companies also have a moral obligation to enter into negotiations with fair pricing, so as not to prolong the reimbursement assessment and deliberation process; and

calls on the Government to:

- meet with adults and children with SMA, and their parents, to listen to their call for Spinraza (Nusinersen) to be approved for reimbursement;
- urgently direct the HSE to speed up negotiations with Biogen, the pharmaceutical company producing Spinraza (Nusinersen), because time is of the essence for these patients;
- increase the resources available to the NCPE and the HSE Corporate Pharmaceutical Unit to allow for a quicker assessment, negotiations and approval of new treatments;
- reduce the time allowed under the Framework Agreement on the Supply and Pricing of Medicines, and in line with the Health (Pricing and Supply of Medical Goods) Act 2013, for a decision by the HSE from 180 days of receiving the application down to 90 days, with a maximum of 120 days if further information is needed from the company;
- revise the National Rare Disease Plan for Ireland 2014-2018, and include greater input from patient advocacy groups and improve the remit of the Rare Diseases Medicinal Products/Technology Review Committee, to be in line with the Scottish Patient and Clinician Engagement model;
- introduce an orphan drugs levy on pharmaceutical companies and create an orphan drugs fund;
- provide a report to Dáil Éireann by the end of quarter 3, 2019, to outline the impact of our membership of the BeNeLuxa initiative; and
- ensure that the review of the HSE reimbursement and pricing decision-making process is completed by the end of quarter 3, 2019.” — *Thomas P. Broughan, Thomas Pringle, Joan Collins, Clare Daly, Mick Wallace, Catherine Connolly, Maureen O'Sullivan, Gino Kenny, Bríd Smith, Richard Boyd Barrett.*
