22. “That Seanad Éireann supports:

the declaration of the 4th World Parliamentarian’s Convention on Tibet adopted by parliamentarians from 30 different countries on November 19, 2005 in Edinburgh, Scotland in support of Tibet’s goal of genuine autonomy;

supports His Holiness the Dalai Lama’s Middle Way approach to resolve the conflict between the People’s Republic of China and the Tibetan Government in exile through negotiations in the spirit of non-violence and reconciliation;

commends the Chinese Government in inviting the Dalai Lama’s special envoys for four rounds of high-level meetings in Beijing and Berne between September 2002 and June 2005;

supports the creation of a zone of ahimsa (peace and non-violence) throughout the Tibetan plateau;

deplores the refusal of the Chinese Government to release political prisoners, in particular the Panchen Lama, Gebhum Choekyi Nyima, who has been held in a secret location since 1995, when he was only 6 years old; and

the recent forcible attempts by the Chinese authorities to introduce a brutal discipline known as ‘Patriotic re-education’ which has been inflicted upon monasteries in Tibet and which has resulted in injury and death to some of the monks at the Drepung Monastery in Tibet.”

23. “That Seanad Éireann calls on the Minister for Environment, Heritage and Local Government, for an urgent debate on the Nitrates Directive, in light of his hasty signing of said directive, particularly as the figures on which he based his decision, have now been highlighted as being erroneous and the impossibility of the Government standing over such figures, allied with its total disregard for the future of Irish farming.”

24. “That, in view of the fact that cancer is the second most common cause of death in Irish women and that death rates from cancer are higher in women in Ireland than in women in other European countries, Seanad Éireann regrets the lack of progress in:

- expanding the very successful cervical screening programme in the Limerick area all over the country;
- the slow progress of rolling out BreastCheck throughout the country;
- the failure to set up a pilot programme for colorectal cancer screening;
- the paucity of clinics for those families who may have a genetic predisposition to certain cancers; and
- the lack of equity of access to specialist treatment throughout the country.”

- the progress to date on achieving the target of 2007 for commencement of the roll-out of BreastCheck nationally;
- the recent decision of the Tánaiste and Minister for Health and Children to ask the HSE to prepare the roll-out of the Irish Cervical Screening Programme;
