5. “That Seanad Éireann:

notes with concern that:

- Ireland has suffered the longest and deepest recession of any euro-zone country because of reckless domestic management of the economy;
- investment, consumption, employment and living standards continued to decline in the first quarter of this year;
- the seasonally-adjusted numbers of the Live Register rose by a further 5,800 in June and the actual number claiming now exceeds 450,000 for the first time ever;
- the Government plans to cut a further €14 billion from investment spending in between 2011-14 compared with the original commitments in the National Development Plan;
- the estimated taxpayer losses from the Government’s banking strategy has reached €25 billion and is rising, even as it has failed to restore credit availability to industry; and
- market confidence in the Government’s economic plan is declining, as evidenced by the rising gap between Irish and German borrowing costs.

Calls on the Government to:

- recognise that its economic plan is failing to undo the loss of international financial market confidence in Ireland;
- put jobs and industry growth at the centre of its economic strategy;
- review its banking strategy to limit the taxpayers’ exposure and to focus resources on supporting new lending to viable businesses;
- delay further cuts to investment spending until employment starts to recover; and
- restructure and re-capitalise the semi-state utilities in order to raise the necessary commercial funding to accelerate investments in water, high speed broadband and clean energy.”

*Amendment:*

1. To delete all words after “Seanad Éireann” and substitute the following:

“commends the Government for:

- its management of the economy which means that Ireland has emerged from recession with the strongest GDP growth rate of the euro area in the first quarter of this year;
- the policies it is pursuing to maintain credibility and sustainability in the public finances, which have been recognised internationally;
- the initiatives taken by the Government to preserve the stability of the banking system and to address the issue of asset quality in the banking system through strengthening the banks balance sheets in order to facilitate the flow of credit to viable borrowers and thereby underpin economic recovery;
- the measures taken to protect employment including the Stabilisation Fund, the Temporary Employment Subsidy and the PRSI Exemption scheme with the result that employment levels remain at nearly 1.9 million people, which is about half a million more than in 1997;
- the measures taken to provide additional opportunities in education, training and work placement for the unemployed to assist them in returning to the labour market;

and notes that:

- confidence has improved and spending on discretionary items such as cars has increased;
- the Government has kept spending for investment at high levels relative to national income by international standards;
- the public finances are stabilising and are generally in line with expectations for this point in the year;
- whilst the labour market has deteriorated significantly recently, nearly 1.9 million people are still in employment, which is about half a million more than in 1997;
- virtually all OECD countries have experienced major economic and financial difficulties over the past two years or so;
- notwithstanding volatility on foreign sovereign debt markets, the NTMA has at the mid year point, raised over 80 per cent of the funding requirements for 2010 and we are in a comfortable position with regard to funding this year and even if we did no further borrowing this year, existing cash reserves would cover our borrowing requirements for the remainder of the year;
- the Government through its ongoing management will continue to address the economic, fiscal and banking sector issues facing the country over the coming years in a responsible and sustainable manner.”.

- the seasonally-adjusted numbers of the Live Register rose by a further 21,500 in the period April to August and the actual number claiming the dole now exceeds 466,000 for the first time ever;
- the estimated taxpayer losses from the Government’s banking strategy has now reached €28 billion, even as data from the European Central Bank confirms that credit availability for industry continues to worsen;
- domestic and international confidence in the Government’s economic plan is evaporating, as evidenced by the alarming rise in the gap between Irish and German borrowing costs;
- the Government plans to cut a further €14 billion from investment spending in between 2011-14 compared with the original commitments in the National Development Plan;

calls on the Government to steer Ireland away from economic disaster by putting jobs, reform and industry growth at the centre of a new confidence-building economic strategy, in particular by:

- using the National Pension Reserve Fund and sales of non strategic state assets to accelerate the investments in water, high speed broadband and clean energy needed to improve competitiveness and stimulate the economy;
- cutting employers’ PRSI rates for the low paid;
- scrapping the Travel Tax as part of a deal with the airline industry to expand services and tourist numbers;
- publishing a full audit of lending commitments by AIB and Bank of Ireland;
- providing partial loan guarantee for small and medium sized enterprises; and

- the resolution of Seanad Éireann on 8th October, 1997 which established a Tribunal of Inquiry (Flood/Mahon Tribunal) ‘to inquire urgently’ into specific Planning Matters;
- the recent Supreme Court Decision in *Murphy & Ors v Flood & Ors*;
- the huge level of fees and the escalating costs of these Tribunals;
- the comments of Mr. Justice Hardiman in the aforementioned Supreme Court decision on the immense duration of these tribunals and their consequential costs and the absence of any international comparator for length, complexity, expense or readiness to recourse to a tribunal;
- the risk now facing the State of having to meet the legal costs of many of the parties that have been before the Tribunals, regardless of adverse tribunal findings, bearing in mind the unanimous Supreme Court Judgement;
- the potential risk of the State becoming embroiled in having to defend the findings of Tribunals, were such to be challenged on the grounds of flawed procedure, mistakes made, or infringement of constitutional rights, and, any consequential exposure to significant legal costs and compensation;
- the recent acknowledgement by Mr. Justice Michael Moriarty of two errors involving a failure to circulate a minute or memorandum of a 2002 private meeting between tribunal lawyers and legal representatives of the Attorney General's Office, and secondly, having to accept that no letter was ever issued from the Attorney General's office stating that Mr. Richard Nesbitt's SC legal opinion did not cover ‘the change of ownership issue’;

- the large number of expensive High Court and Supreme Court challenges to proceedings at the Mahon/Flood and Moriarty Tribunals to date and, in particular, those cases where the Courts found in favour of the appellants and against the Tribunals;
- any public perception of compromise by virtue of the slow pace and cost of tribunals, and/or where Mr. Justice Hardiman refers to the Tribunal combining the investigative function and the adjudicative function as being fraught with great risks for Justice;
- the recent communication from the Moriarty Tribunal to the Clerk of the Dáil advising that they were unable to indicate when that Tribunal might conclude;

and, in the light, *inter alia*, of the aforementioned, resolves:

- to send a communication advising the Mahon and Moriarty Tribunals of the concern of Seanad Éireann with regard to the huge escalating costs of these Tribunals and the need to conclude deliberations as soon as possible and forward their final report to the Houses of the Oireachtas;
- and that as Seanad Éireann understands the Tribunals have completed or are near completion of their investigative work, the completion of which will allow the Tribunals to discontinue the cost of engaging their legal teams while the Tribunals of Inquiry prepare their final reports, to ask the Mahon and Moriarty Tribunals to now advise Seanad Éireann of their time schedule for completion, and an update of projected overall costs, taking into account recent events;

and

- that in the interim Seanad Éireann investigate the legal practicalities and implications of converting these Tribunals of Inquiry into two Commissions of Inquiry under the aegis of Judge Mahon and Judge Moriarty or, as an alternative, examine establishing a new Independent Commission of Inquiry, in order to achieve a state of preparedness should either option become necessary to avoid accumulating further excessive legal costs.”.
