- calls on all parties and groups in Seanad Éireann and Dáil Éireann to work to ensure the swift passage of the necessary Referendum Bill through the Oireachtas.”

2. “That Seanad Éireann:

- condemns the ruling by An Bord Pleanála to allow for the demolition of another historic Dublin landmark, The O’Rahilly’s house at 40 Herbert Park, Ballsbridge, Dublin 4, to make way for the development of luxury accommodation;
- calls on the Minister for Housing, Local Government and Heritage to make a statement on the matter and on the need to protect our historical built heritage;
- agrees that it is now more important than ever to take the initiative in order to ensure that further aspects of our history are not erased in the name of private profit, especially historic buildings and areas related to our revolutionary heritage;

given the preceding, as well as the fact that we are in the midst of commemorating the Decade of Centenaries:

- calls on the Government to purchase the remainder of the full terrace of houses on Moore Street, Dublin 1, not currently in State ownership, so that this important street can be fully developed into a revolutionary and cultural quarter worthy of the history of the area, that respectfully and proudly tells the story of the Easter Rising and the struggle for Irish freedom, as well as becoming a must-see tourist destination and place for study, research, education and understanding of our past, present and future.”

3. “That Seanad Éireann:

notes:

- with deep concern and disappointment, the recent announcement by Bus Éireann that it proposes to suspend several ‘Expressway’ routes between Dublin and other cities across the island;
- the significant economic, social and environmental impact the removal of these services will have on the communities and areas most impacted and the wider implications throughout the rest of Ireland;

understands:

- the difficult circumstances faced by service providers in the context of Covid-19 and shares the concerns of the many workers and commuters who will be detrimentally impacted by Bus Éireann’s proposed move;

agrees:

- that it is unacceptable that a sustainable funding plan has not been put in place for our public transport network during the ongoing pandemic;

and calls:

- on the Minister for Climate Action, Communications Networks and Transport, and the Government to urgently intervene in order to ensure that Bus Éireann has

adequate funding to maintain these crucial routes.”

[29th September, 2020]

4. “That Seanad Éireann:

acknowledges:

- families, carers and service providers have been stretched to incredible lengths, many to breaking point throughout the course of this pandemic;
- the personal toll and long-term impact of the withdrawal of care and supports for people with disabilities, their families and their carers is deeply worrying;
- due to Covid-19, disability services that rely on voluntary fundraising to meet operating costs have been unable to do so;
- services are suffering from chronic underfunding which has resulted in unmet need exacerbated by Covid-19;
- reopened disability day services are operating at approximately 40 per cent capacity;
- service providers submitted their funding requirements to the Health Service Executive in mid-June; and
- the Government’s allocation of €10 million in additional funding to day services and home support services for disability service users is insufficient and will not meet the urgent Covid-19 related costs for service providers, community and home support;

recognises:

- that Ireland’s ratification of the United Nations Convention on the Rights of Persons with Disabilities requires progressive implementation; and
- the innovative and committed response of disability and dementia service providers in the delivery of care and support for people with disabilities and their families throughout this pandemic; and

calls on the Government to:

- provide the funding required to fully reopen day and other essential disability services to implement all Covid-19 related protocols; and
 - provide the additional funding, resources and capital investment required to guarantee sustainable capacity within disability and dementia services.”

6. “That Seanad Éireann:

recognises that:

- post offices serve a vital social and economic role in their communities;
- there is a very specific commitment in the Programme for Government to protect the postal network;
- rural and small urban post offices, which are mostly run by independent postmasters, have had their income and footfall greatly reduced;
- many small post offices are now operating on the equivalent of the national minimum wage;
- Grant Thornton has predicted that 885 post offices will cease to exist by July 2021; and
- if footfall and incomes are not improved then the post office network will be decimated; and

calls on the Government to:

- act on its commitment as outlined in the Programme for Government;
- implement an action plan for the post office network within three months;
- implement a new community banking service operated by An Post to be made available in all post offices throughout the country; this post community bank could be based on either the New Zealand Kiwibank model or the German Sparkassen model, both of which have been found to be valid models;
- consider a once-off capital investment fund for the further modernisation of the post office network to enable the widespread provision of banking services in rural and disadvantaged urban areas, most of which have been completely abandoned by the current banking model;
- ensure that the provision of all over-the-counter services relating to Government Departments must be tendered for on the basis of both social and economic grounds, to include rural Ireland in any future growth;
- ensure that all business previously identified by Grant Thornton, the former Oireachtas

Joint Committee on Transport and Communications and the Post Office Network Business Development Group must be implemented;

- establish a working group to identify the potential for local post offices to act as hubs to facilitate other services such as health, transport, agriculture, etc., and to act as a one-stop-shop for Government services as committed to in the Programme for Government;
 - strongly consider committing funds, while the above measures are being implemented, to ensure no more downward pay reviews to post offices which will make them uneconomical and have the effect of closure by a thousand cuts;
 - ensure that a five-year holding plan will be put in place while these changes are being implemented or there will be no network left to salvage; and
 - recommends that An Post be invited before the Joint Committee on Transport and Communications Networks to outline their plan for the future of the post office network.”

7. “That Seanad Éireann:

- condemns the unlawful and protracted detention of Richard O’Halloran, a citizen of Ireland, in the People’s Republic of China;

and calls on:

- the Chinese authorities to release him immediately; and
 - the Irish Government to raise in every appropriate venue, including the United Nations and the European Union, its demand for his immediate release.”

8. “That Seanad Eireann:

believes that:

- a secure home is a basic human right;
- Covid-19 highlights the essential protection a secure home provides;
- far too many of our citizens are homeless;
- essential middle-income workers are struggling to secure an affordable home;
- young people should expect to secure an affordable home;
- the State has responsibility to protect citizens right to a home;

acknowledges:

- the Government's historic housing and homeless prevention budget;
- the Government's radical and ambitious Affordable Housing legislation which will see the State, under this Government, lead the provision of social, affordable and affordable cost rental homes;
- the statutory establishment of the Land Development Agency to work with local authorities and other stakeholders to maximise the use of State lands to sustainably develop social and affordable homes for purchase and rent;
- that historically the State provision of housing was determined by prevailing and changing political will;
- that post-Covid Ireland aspires to a society where everyone has a safe place to call home;
- that Bunreacht na hÉireann explicitly protects private property rights in Articles 43 and 40.3 but does not include a corresponding right to a secure home;
- a constitutional right to housing would permanently assert the State's responsibility to ensure access for all to adequate, safe and affordable housing;
- a constitutional right to housing would permanently propel the State to sustainable housing policies designed to ensure access for all to secure housing;
- a constitutional right to housing would not guarantee everyone a free home;
- that the Programme for Government 'Our Shared Future' commits to establishing a Commission on Housing to examine issues such as tenure, standards and sustainability in the provision of housing;
- that the Programme for Government commits to holding a referendum on housing;

and calls:

- on the Government to exercise every resource to achieve a sustainable post-Covid future where every Irish citizen has a safe and secure home;
 - for all Irish citizens to be given the opportunity through a constitutional referendum to mandate future Governments to pursue sustainable housing policies which ensure every citizen has a secure home by amending Bunreacht na hÉireann to include a right to housing;
 - for Article 43 of Bunreacht na hÉireann to be amended as follows:
 - 'The State recognises, and shall vindicate, the right of all persons to have access to adequate housing.
 - The State shall, through legislative and other measures, provide for the realisation of this right within its available resources.'
 - on the Minister for Housing, Local Government and Heritage to advise on the holding of such referendum to allow the Irish people insert a constitutional protection to secure housing for every citizen in Bunreacht na hÉireann."
