86. *Tairiscintí nach ón Rialtas:*
Non-Government Motions:

---

1. "That Seanad Éireann:

recognises that:

- post offices serve a vital social and economic role in their communities;

- there is a very specific commitment in the Programme for Government to protect the postal network;

- rural and small urban post offices, which are mostly run by independent postmasters, have had their income and footfall greatly reduced;

- many small post offices are now operating on the equivalent of the national minimum wage;

- Grant Thornton has predicted that 885 post offices will cease to exist by July 2021; and

- if footfall and incomes are not improved then the post office network will be decimated; and

calls on the Government to:

- act on its commitment as outlined in the Programme for Government;

- implement an action plan for the post office network within three months;

- implement a new community banking service operated by An Post to be made available in all post offices throughout the country; this post community bank could be based on either the New Zealand Kiwibank model or the German Sparkassen model, both of which have been found to be valid models;

- consider a once-off capital investment fund for the further modernisation of the post office network to enable the widespread provision of banking services in rural and disadvantaged urban areas, most of which have been completely abandoned by the current banking model;

- ensure that the provision of all over-the-counter services relating to Government Departments must be tendered for on the basis of both social and economic grounds, to include rural Ireland in any future growth;

- ensure that all business previously identified by Grant Thornton, the former Oireachtas Joint Committee on Transport and Communications and the Post Office Network Business Development Group must be implemented;

- establish a working group to identify the potential for local post offices to act as hubs to facilitate other services such as health, transport, agriculture, etc., and to act as a one-stop-shop for Government services as committed to in the Programme for Government;

- strongly consider committing funds, while the above measures are being implemented, to ensure no more downward pay reviews to post offices which will make them uneconomical and have the effect of closure by a thousand cuts;

- ensure that a five-year holding plan will be put in place while these changes are being implemented or there will be no network left to salvage; and

- recommends that An Post be invited before the Joint Committee on Transport and Communications Networks to outline their plan for the future of the post office network."

– *Senators David Norris, Victor Boyhan, Gerard Craughwell, Sharon Keogan, Michael McDowell, Rónán Mullen, Frances Black.*

[25th November, 2020]

2. "That Seanad Éireann:

- condemns the unlawful and protracted detention of Richard O'Halloran, a citizen of Ireland, in the People's Republic of China;

and calls on:

- the Chinese authorities to release him immediately; and

- the Irish Government to raise in every appropriate venue, including the United Nations and the European Union, its demand for his immediate release."
