[24th March, 2023]

-
6. “That Seanad Éireann:

deeply regrets and condemns:

- the killing of over 9,000 Palestinians in Gaza in recent weeks;

- that over 4,000 of those killed have been children;

- that the number of children killed in Gaza in recent weeks has surpassed the annual number of children killed across the world’s conflict zones since 2019;

- the killing of 1,400 Israeli citizens and the attacks by Hamas on Israeli civilians and the taking of hostages, including an estimated 30 children;

- that over 30 journalists have been killed in Gaza in recent weeks;

- that more than 60 United Nations staff have been killed in Gaza in recent weeks;
- the killing of over 100 Palestinians and the displacement of 858 Palestinians and 13 entire communities in the West Bank in recent weeks due to increasing illegal Israeli settler violence;
- Israel's cutting off of food, water and electricity to Gaza and the cutting off of telecommunications to and from Gaza;
- the forcible displacement of civilians in Gaza and the aerial bombardment of routes used by displaced civilians;
- the targeting of critical infrastructure in Gaza and the orders from the Israeli Defence Forces to evacuate hospitals, placing further strain on a healthcare system on the brink of collapse;

notes with extreme concern:

- that the Israeli Government's actions amount to collective punishment of the 2.3 million Palestinians in Gaza, which is a violation of international law, in particular the Geneva Conventions;
- the actions of the Israeli Government in recent weeks and the rhetoric of their political leaders indicating the intention to escalate which will lead to more death and destruction in Gaza;
- that Human Rights Watch and Amnesty International have confirmed the use of white phosphorous by Israel in civilian areas of Gaza;
- that there are approximately 50,000 pregnant women in Gaza according to the United Nations Population Fund who lack access to essential maternal healthcare, and that for the approximately 150 women per day giving birth in Gaza there is no access to clean water;
- that the Israeli Government has bombed at least three refugee camps;
- that while some humanitarian aid is now entering Gaza, it falls far short of the 100 trucks per day of humanitarian aid which international aid agencies estimate is necessary to meet the basic humanitarian needs of the people of Gaza;
- that the Rafah Crossing has only been opened to allow an estimated 500 foreign nationals and dual citizens to leave Gaza, and many who wish to leave or are eligible to leave, are not able to make the journey due to the aerial bombardment and destruction of roads;
- the failure of many in the international community to hold Israel to account for their actions in breach of international law and the unwillingness of many countries/entities, including the United States, the United Kingdom and the Council of the European Union, to call for a ceasefire;
- that the Council of the European Union has failed to be consistent in seeking application of international law, and by its double standards, has engaged in acts of gross hypocrisy and moral failure;

- that the Israeli Government has refused to recognise the authority of the International Criminal Court;
- that the actions of the Israeli Government have been described as a ‘text-book case of genocide’ by prominent human rights lawyer and former Director of the New York Office of the United Nations High Commissioner on Human Rights Craig Mokhiber;
- that there has been significant repression by Israeli authorities of demonstrations expressing solidarity with the Palestinian people;
- that there has been significant repression of demonstrations expressing solidarity with the Palestinian people across Europe and such repression violates Article 10 and Article 11 of the European Convention on Human Rights;

further notes:

- that Article 33 of the Geneva Conventions prohibits collective punishment;
- that Article 51 of Additional Protocol 1 of the Geneva Conventions requires the protection of the civilian population and prohibits indiscriminate attacks which result in civilian injury or loss of life;
- that the rights and obligations under the United Nations Charter apply equally to all, including the obligation to pursue peace;
- the United Nations General Assembly Resolution ES-10/21;
- that the Seanad has passed the Control of Economic Activity (Occupied Territories) Bill 2018, and the legislation is awaiting passage in Dáil Éireann;
- that since the Oslo Accords were signed, there are now four times as many illegal Israeli settlements;
- that the United Nations Special Rapporteur for the situation of human rights in the Palestinian territory occupied since 1967, Michael Lynk, has stated that ‘apartheid is being practiced by Israel in the occupied Palestinian territory’;
- the 2022 report from Amnesty International entitled ‘Israel’s Apartheid Against Palestinians: Cruel System of Domination and Crime Against Humanity’;

calls on the Government to:

- continue to advocate at international level and through all available diplomatic channels for a ceasefire;
- continue to provide and advocate for increased humanitarian aid and use all diplomatic tools available to ensure necessary levels of humanitarian aid are reaching Gaza;
- support diplomatic and political efforts for a wider opening of the Rafah Crossing;
- use all diplomatic and political tools available, including the imposition of sanctions, to put pressure on Israel to end their aerial bombardment and blockade of Gaza and their wider breaches of international law;

- support diplomatic and political efforts to secure the release of hostages and an end to attacks on civilians by Hamas in breach of international law;
- apply and seek the application of international law in a consistent manner;
- support ongoing and emerging investigations by the International Criminal Court, including investigations into actions by Israel and Hamas in recent weeks;
- provide a money message for the Control of Economic Activity (Occupied Territories) Bill 2018 and support its enactment;

[6th November, 2023]

acknowledges that:

- family carers provide a vital contribution in our society by the provision of care for their loved ones;
- family carers provide this care at considerable personal cost in terms of their own lives and choices;
- in 2020, the Irish Health Survey showed that there were over 500,000 family carers in Ireland and of that, 88,900 were in receipt of Carer's Allowance and over 52% of carers worked outside of the home in paid employment in addition to their role as carers; there is no reason to believe that these figures have changed in the intervening years;
- those in need of care are not mere passive recipients of care, but are themselves persons with stand-alone rights and entitlements to live a full and meaningful life, supported principally by the services of the State as obliged upon the ratification of the United Nations Convention on the Rights of Persons with Disabilities (UNCPRD), as well as the care of their families;
- the care provided by family carers is unsustainable without the provision of supports and services in the community and via home care supports;

notes that:

- the Government commenced the Assisted Decision Making (Capacity) Acts 2014-2022 and the Decision Support Service;
- Budget 2024 built on the provisions in the Budgets of the previous seven years that demonstrate the Government's commitment to increase expenditure in the support of those requiring care and family carers, including:
 - increasing the income disregard in the Carer's Allowance;
 - establishing an interdepartmental working group to examine and review the entire system of means testing for carer payments;
 - increasing the Carer's Allowance;
 - increasing the Domiciliary Care Allowance;
 - increasing the Incapacitated Child Tax Credit from 1st January, 2024;
 - increasing the Home Carer Tax Credit from 1st January, 2024;
 - increasing the Single Person Child Carer Credit;
 - making a €400 lump sum payment in November 2023 for those in receipt of the Carer's Support Grant, Disability Allowance, Blind Pension, Invalidity Pension, Domiciliary Care Allowance and the Working Family Payment;
 - providing a total of €22.5 billion allocation for the public health system, to include an €808 million increase in core current funding to tackle demographic

and service pressures, of which €15 million has been designated to improve respite care provisions;

- making a commitment to provide additional funding to extend the Free Travel Scheme to include people who are medically certified as unfit to drive;
- entitling, since 1st September, 2023, family carers to qualify for the Contributory State Pension, by being credited with contributions where they have been Long-Term Carers for periods in excess of 20 years;
- work on the feasibility and funding of a statutory home care scheme has been ongoing since April 2021, with the first meeting of the implementation group taking place in June 2023, to include advice on the establishment of a National Home Support Office;
- the inadequate provision of step-down supports leads to prolonged unnecessary stays in hospital by patients who are otherwise fit to be discharged if supported;
- Family Carers Ireland and other similar advocacy groups report a very serious lack of provision of respite services and day services, including emergency provisions to accommodate relief respite to allow family carers attend to unexpected events in their own lives;
- the complaints system in the HSE is unresponsive such that long periods of time can elapse, leaving families and advocates with nowhere to turn to have their lack of services addressed;
- children in need of assessments of need and disability services face long waiting lists to access those services;
- staffing in Community Disability Network Teams across the country is such that there is no team that has a full complement of staff, and many that have only one-third of the intended staff numbers;
- the recent Child Law Project Report highlighted the fact that the parents of a child had to go to court to oblige the appropriate treatment of their child;
- the recent ESRI report shows that young caregivers receive poorer leaving certificate grades and are less likely to go on to higher education;

calls on the Government to:

- ensure that the provision of disability services is a priority in the HSE Service Plan 2024;
- ensure that recruitment to Community Disability Network Teams is a priority within the HSE Service Plan 2024;
- provide for the financial relief for parents and family carers who have been forced to pay privately for assessments and therapies by allowing the cost to be either reimbursed or paid for through the National Treatment Purchase Fund;
- ensure that an adequate and responsive complaints mechanism is in place where there is a failure to provide services;

- carry out an audit on the spread of provision for respite services throughout the country, evaluating the provision, and to prepare a plan to address the provision of relief, emergency, short-term, overnight and longer-stay respite where deficits are identified;
 - increase the capital budget for respite houses and residential units;
 - create and publish a register of respite services throughout the country;
 - report on the progress of the implementation group on the Statutory Home Care Scheme;
 - publish a progress report on the implementation of the National Carer's Strategy;
 - publish a progress report on the implementation of the Enhanced Community Care programme;
 - examine and report on the feasibility of providing a bespoke programme within the School Completion Programme to target support for young carers; and
 - implement the optional protocol on the UNCRPD providing an individual complaints mechanism for persons with disabilities.”
